Item 1. Business

General

We are a specialty finance company that lends to and invests in small and mid-sized companies in connection with investments by private equity sponsors. We define small and mid-sized companies as those with annual revenues between \$25 million and \$250 million. Our investment objective is to maximize our portfolio's total return by generating current income from our debt investments and capital appreciation from our equity investments. We are externally managed and advised by Fifth Street Management LLC, which we also refer to as our "investment adviser".

As of September 30, 2010, we had originated \$668.9 million of funded debt and equity investments and our portfolio totaled \$563.8 million at fair value and was comprised of 38 investments, 35 of which were in operating companies and three of which were in private equity funds. The three investments in private equity funds represented less than 1% of the fair value of our assets at September 30, 2010. The weighted average annual yield of our debt investments as of September 30, 2010 was approximately 14.0%, which included a cash component of 11.8%.

Our investments generally range in size from \$5 million to \$60 million and are principally in the form of first and second lien debt investments, which may also include an equity component. We are currently focusing our origination efforts on first lien loans. As of September 30, 2010, substantially all of our debt investments were secured by first or second priority liens on the assets of our portfolio companies. Moreover, we held equity investments consisting of common stock, preferred stock, or other equity interests in 19 out of 38 portfolio companies as of September 30, 2010.

Fifth Street Mezzanine Partners III, L.P., our predecessor fund, commenced operations as a private partnership on February 15, 2007. Effective as of January 2, 2008, Fifth Street Mezzanine Partners III, L.P. merged with and into us. We were formed in late 2007 for the purpose of acquiring Fifth Street Mezzanine Partners III, L.P. and continuing its business as a public entity. We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a business development company under the Investment Company Act of 1940, or the 1940 Act.

As a business development company, we are required to comply with regulatory requirements, including limitations on our use of debt. We are permitted to, and expect to, finance our investments through borrowings. However, as a business development company, we are only generally allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after such borrowing. The amount of leverage that we employ will depend on our assessment of market conditions and other factors at the time of any proposed borrowing. See "Item 1. Business — Regulation — Business Development Company Regulations."

We have also elected to be treated for federal income tax purposes as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code, or the Code. See "Item 1. Business — Regulation — Taxation as a Regulated Investment Company." As a RIC, we generally will not have to pay corporate-level federal income taxes on any net ordinary income or capital gains that we distribute to our stockholders if we meet certain source-of-income, distribution and asset diversification requirements.

In addition, we maintain a wholly-owned subsidiary that is licensed as a small business investment company, or SBIC, and regulated by the Small Business Administration, or the SBA. See "Item 1. Business — Regulation — Small Business Investment Company Regulations." The SBIC license allows us, through our wholly-owned subsidiary, to issue SBA-guaranteed debentures. We applied for exemptive relief from the Securities and Exchange Commission, or SEC, to permit us to exclude the debt of our SBIC subsidiary guaranteed by the SBA from the 200% asset coverage ratio we are required to maintain under the 1940 Act. Pursuant to the 200% asset coverage ratio limitation, we are permitted to borrow one dollar for every dollar we have in assets less all liabilities and indebtedness not represented by debt securities issued by us or loans obtained by us. For example, as of September 30, 2010, we had approximately \$642.2 million in assets less all liabilities and indebtedness not represented by debt securities issued by us or loans obtained by us, which

would permit us to borrow up to approximately \$642.2 million, notwithstanding other limitations on our borrowings pursuant to our credit facilities.

If we receive an exemption from the SEC for our SBA debt, we will have increased capacity to fund up to \$150 million (the maximum amount of SBA-guaranteed debentures an SBIC may currently have outstanding once certain conditions have been met) of investments with SBA-guaranteed debentures in addition to being able to fund investments with borrowings up to the maximum amount of debt that the 200% asset coverage ratio limitation would allow us to incur. As a result, we would, in effect, be permitted to have a lower asset coverage ratio than the 200% asset coverage ratio limitation under the 1940 Act and, therefore, we could have more debt outstanding than assets to cover such debt. For example, we would be able to borrow up to \$150 million more than the approximately \$642.2 million permitted under the asset coverage ratio limit as of September 30, 2010. For additional information on SBA regulations that affect our access to SBA-guaranteed debentures, see “Risk Factors — Risks Relating to Our Business and Structure — Our SBIC subsidiary’s investment adviser has no prior experience managing an SBIC and any failure to comply with SBA regulations, resulting from our SBIC subsidiary’s investment adviser’s lack of experience or otherwise, could have an adverse effect on our operations.”

Our principal executive office is located at 10 Bank Street, 12th floor, White Plains, New York 10606 and our telephone number is (914) 286-6800.

The Investment Adviser

Our investment adviser is affiliated with Fifth Street Capital LLC, a private investment firm founded and managed by Leonard M. Tannenbaum who has led the investment of over \$900 million in small and mid-sized companies, including the investments made by us, since 1998. Mr. Tannenbaum and his respective private investment firms have acted as the lead (and often sole) first or second lien investor in over 70 investment transactions. The other investment funds managed by these private investment firms generally are fully committed and, other than follow-on investments in existing portfolio companies, are no longer making investments.

We benefit from our investment adviser’s ability to identify attractive investment opportunities, conduct diligence on and value prospective investments, negotiate investments and manage a diversified portfolio of those investments. The principals of our investment adviser have broad investment backgrounds, with prior experience at investment funds, investment banks and other financial services companies and have developed a broad network of contacts within the private equity community. This network of contacts provides our principal source of investment opportunities.

The principals of our investment adviser are Mr. Tannenbaum, our chief executive officer and our investment adviser’s managing partner, Bernard D. Berman, our president, chief compliance officer and secretary and a partner of our investment adviser, Ivelin M. Dimitrov, our co-chief investment officer and a partner of our investment adviser, Chad Blakeman, our co-chief investment officer, Juan E. Alva, a partner of our investment adviser, Casey J. Zmijeski, a partner of our investment adviser and William H. Craig, our chief financial officer.

Business Strategy

Our investment objective is to maximize our portfolio’s total return by generating current income from our debt investments and capital appreciation from our equity investments. We have adopted the following business strategy to achieve our investment objective:

- *Capitalize on our investment adviser’s strong relationships with private equity sponsors.* Our investment adviser has developed an extensive network of relationships with private equity sponsors that invest in small and mid-sized companies. We believe that the strength of these relationships is due to a common investment philosophy, a consistent market focus, a rigorous approach to diligence and a reputation for delivering on commitments. In addition to being our principal source of originations, we believe that private equity sponsors provide significant benefits including incremental due diligence, additional monitoring capabilities and a potential source of capital and operational expertise for our portfolio companies.

- *Focus on established small and mid-sized companies.* We believe that there are fewer finance companies focused on transactions involving small and mid-sized companies than larger companies, and that this is one factor that allows us to negotiate favorable investment terms. Such favorable terms include higher debt yields and lower leverage levels, more significant covenant protection and greater equity grants than typical of transactions involving larger companies. We generally invest in companies with established market positions, seasoned management teams, proven products and services and strong regional or national operations. We believe that these companies possess better risk-adjusted return profiles than newer companies that are building management or in early stages of building a revenue base.
- *Continue our growth of direct originations.* As of September 30, 2010, we directly originated 100% of our debt investments, although we may not directly originate 100% of our investments in the future. Over the last several years, the principals of our investment adviser have developed an origination strategy designed to ensure that the number and quality of our investment opportunities allows us to continue to directly originate substantially all of our investments. We believe that the benefits of direct originations include, among other things, our ability to control the structuring of investment protections and to generate origination and exit fees.
- *Employ disciplined underwriting policies and rigorous portfolio management.* Our investment adviser has developed an extensive underwriting process which includes a review of the prospects, competitive position, financial performance and industry dynamics of each potential portfolio company. In addition, we perform substantial diligence on potential investments, and seek to invest along side private equity sponsors who have proven capabilities in building value. As part of the monitoring process, our investment adviser will analyze monthly and quarterly financial statements versus the previous periods and year, review financial projections, meet with management, attend board meetings and review all compliance certificates and covenants.
- *Structure our debt investments to minimize risk of loss and achieve attractive risk-adjusted returns.* We structure our debt investments on a conservative basis with high cash yields, cash origination fees, low leverage levels and strong investment protections. As of September 30, 2010, the weighted average annualized yield of our debt investments was approximately 14.0%, which includes a cash component of 11.8%. Our debt investments have strong protections, including default penalties, information rights, board observation rights, and affirmative, negative and financial covenants, such as lien protection and prohibitions against change of control. We believe these protections, coupled with the other features of our investments described above, should allow us to reduce our risk of capital loss and achieve attractive risk adjusted returns; however, there can be no assurance that we will be able to successfully structure our investments to minimize risk of loss and achieve attractive risk-adjusted returns.
- *Benefiting from lower, fixed, long-term cost of capital.* The SBIC license held by our wholly-owned subsidiary allows it to issue SBA-guaranteed debentures. SBA-guaranteed debentures carry long-term fixed rates that are generally lower than rates on comparable bank and other debt. Because we expect lower cost SBA leverage to become a more significant part of our capital base through our SBIC subsidiary, our relative cost of debt capital should be lower than many of our competitors. In addition, the SBIC leverage that we receive through our SBIC subsidiary will represent a stable, long-term component of our capital structure that should permit the proper matching of duration and cost compared to our portfolio investments.
- *Leverage the skills and experience of our investment adviser.* The principals of our investment adviser have broad investment backgrounds, with prior experience at private investment funds, investment banks and other financial services companies and they also have experience managing distressed companies.

We believe that our investment adviser's expertise in valuing, structuring, negotiating and closing transactions provides us with a competitive advantage by allowing us to provide financing solutions that meet the needs of our portfolio companies while adhering to our underwriting standards.

Investment Criteria

The principals of our investment adviser have identified the following investment criteria and guidelines for use in evaluating prospective portfolio companies and they use these criteria and guidelines in evaluating investment opportunities for us. However, not all of these criteria and guidelines were, or will be, met in connection with each of our investments.

- *Established companies with a history of positive operating cash flow.* We seek to invest in established companies with sound historical financial performance. We typically focus on companies with a history of profitability on an operating cash flow basis. We do not intend to invest in start-up companies or companies with speculative business plans.
- *Ability to exert meaningful influence.* We target investment opportunities in which we will be the lead/sole investor in our tranche and in which we can add value through active participation, often through advisory positions.
- *Private equity sponsorship.* We generally seek to invest in companies in connection with private equity sponsors who have proven capabilities in building value. We believe that a private equity sponsor can serve as a committed partner and advisor that will actively work with the company and its management team to meet company goals and create value. We assess a private equity sponsor's commitment to a portfolio company by, among other things, the capital contribution it has made or will make in the portfolio company.
- *Seasoned management team.* We generally will require that our portfolio companies have a seasoned management team, with strong corporate governance. We also seek to invest in companies that have proper incentives in place, including having significant equity interests, to motivate management to act in accordance with our interests.
- *Defensible and sustainable business.* We seek to invest in companies with proven products and/or services and strong regional or national operations.
- *Exit strategy.* We generally seek to invest in companies that we believe possess attributes that will provide us with the ability to exit our investments. We expect to exit our investments typically through one of three scenarios: (i) the sale of the company resulting in repayment of all outstanding debt, (ii) the recapitalization of the company through which our loan is replaced with debt or equity from a third party or parties or (iii) the repayment of the initial or remaining principal amount of our loan then outstanding at maturity. In some investments, there may be scheduled amortization of some portion of our loan which would result in a partial exit of our investment prior to the maturity of the loan.

Deal Origination

Our deal originating efforts are focused on building relationships with private equity sponsors that are focused on investing in the small and mid-sized companies that we target. We divide the country geographically into Eastern, Central and Western regions and emphasize active, consistent sponsor coverage. Over the last ten years, the investment professionals of our investment adviser have developed an extensive network of relationships with these private equity sponsors. We estimate that there are approximately 1,400 of such private equity firms and our investment adviser has active relationships with approximately 140 of them. An active relationship is one through which our investment adviser has received at least one investment opportunity from the private equity sponsor within the last year.

Our investment adviser reviewed over 500 potential investment transactions with private equity sponsors for the year ended September 30, 2010. All of the investment transactions that we have completed to date

were originated through our investment adviser's relationships with private equity sponsors. We believe that our investment adviser has a reputation as a reliable, responsive and efficient source of funding to support private equity investments. We believe that this reputation and the relationships of our investment adviser with private equity sponsors will provide us with significant investment opportunities.

Our origination process is designed to efficiently evaluate a large number of opportunities and to identify the most attractive of such opportunities. A significant number of opportunities that clearly do not fit our investment criteria are screened by the partners of our investment adviser when they are initially identified. If an originator believes that an opportunity fits our investment criteria and merits consideration, the investment is presented to our investment adviser's Investment Committee. This is the first stage of our origination process, the "Review" stage. During this stage, the originator gives a preliminary description of the opportunity. This is followed by preliminary due diligence, from which an investment summary is created. The opportunity may be discussed several times by the full Investment Committee of our investment adviser, or subsets of that Committee. At any point in this stage, we may reject the opportunity, and, indeed, we have historically decided not to proceed with more than 80% of the investment opportunities reviewed by our investment adviser's Investment Committee.

For the subset of opportunities that we decide to pursue, we issue preliminary term sheets and classify them in the "Term Sheet Issued" stage. This term sheet serves as a basis for negotiating the critical terms of a transaction. At this stage we begin our underwriting and investment approval process, as more fully described below. After the term sheet for a potential transaction has been fully negotiated, the transaction is presented to our investment adviser's Investment Committee for approval. If the deal is approved, the term sheet is signed. Approximately half of the term sheets we issue result in an executed term sheet. Our underwriting and investment approval process is ongoing during this stage, during which we begin documentation of the loan. The final stage, "Closings," culminates with the funding of an investment only after all due diligence is satisfactorily completed and all closing conditions, including the sponsor's funding of its investment in the portfolio company, have been satisfied.

Underwriting

Underwriting Process and Investment Approval

We make our investment decisions only after consideration of a number of factors regarding the potential investment including, but not limited to: (i) historical and projected financial performance; (ii) company and industry specific characteristics, such as strengths, weaknesses, opportunities and threats; (iii) composition and experience of the management team; and (iv) track record of the private equity sponsor leading the transaction. Our investment adviser uses a proprietary scoring system that evaluates each opportunity. This methodology is employed to screen a high volume of potential investment opportunities on a consistent basis.

If an investment is deemed appropriate to pursue, a more detailed and rigorous evaluation is made along a variety of investment parameters, not all of which may be relevant or considered in evaluating a potential investment opportunity. The following outlines the general parameters and areas of evaluation and due diligence for investment decisions, although not all will necessarily be considered or given equal weighting in the evaluation process.

Management assessment

Our investment adviser makes an in-depth assessment of the management team, including evaluation along several key metrics:

- The number of years in their current positions;
- Track record;
- Industry experience;
- Management incentive, including the level of direct investment in the enterprise;

- Background investigations; and
- Completeness of the management team (lack of positions that need to be filled).

Industry dynamics

An evaluation of the industry is undertaken by our investment adviser that considers several factors. If considered appropriate, industry experts will be consulted or retained. The following factors are analyzed by our investment adviser:

- Sensitivity to economic cycles;
- Competitive environment, including number of competitors, threat of new entrants or substitutes;
- Fragmentation and relative market share of industry leaders;
- Growth potential; and
- Regulatory and legal environment.

Business model and financial assessment

Prior to making an investment decision, our investment adviser will undertake a review and analysis of the financial and strategic plans for the potential investment. There is significant evaluation of and reliance upon the due diligence performed by the private equity sponsor and third party experts including accountants and consultants. Areas of evaluation include:

- Historical and projected financial performance;
- Quality of earnings, including source and predictability of cash flows;
- Customer and vendor interviews and assessments;
- Potential exit scenarios, including probability of a liquidity event;
- Internal controls and accounting systems; and
- Assets, liabilities and contingent liabilities.

Private equity sponsor

Among the most critical due diligence investigations is the evaluation of the private equity sponsor making the investment. A private equity sponsor is typically the controlling shareholder upon completion of an investment and as such is considered critical to the success of the investment. The private equity sponsor is evaluated along several key criteria, including:

- Investment track record;
- Industry experience;
- Capacity and willingness to provide additional financial support to the company through additional capital contributions, if necessary; and
- Reference checks.

Investments

We target debt investments that will yield meaningful current income and provide the opportunity for capital appreciation through equity securities. We typically structure our debt investments with the maximum seniority and collateral that we can reasonably obtain while seeking to achieve our total return target. In most cases, our debt investment will be collateralized by a first or second lien on the assets of the portfolio company. As of September 30, 2010, substantially all of our debt investments were secured by first or second priority liens on the assets of the portfolio company.

Debt Investments

We tailor the terms of our debt investments to the facts and circumstances of the transaction and prospective portfolio company, negotiating a structure that seeks to protect our rights and manage our risk while creating incentives for the portfolio company to achieve its business plan. A substantial source of return is monthly cash interest that we collect on our debt investments. As of September 30, 2010, we directly originated 100% of our loans, although we may not directly originate 100% of our investments in the future. We are currently focusing our new origination efforts on first lien loans. We believe that the risk-adjusted returns from these loans are superior to second lien investments and offer superior credit quality. However, we may choose to originate second lien and unsecured loans in the future.

- *First Lien Loans.* Our first lien loans generally have terms of four to six years, provide for a variable or fixed interest rate, contain prepayment penalties and are secured by a first priority security interest in all existing and future assets of the borrower. Our first lien loans may take many forms, including revolving lines of credit, term loans and acquisition lines of credit.
- *Second Lien Loans.* Our second lien loans generally have terms of four to six years, primarily provide for a fixed interest rate, contain prepayment penalties and are secured by a second priority security interest in all existing and future assets of the borrower. Our second lien loans often include payment-in-kind, or PIK, interest, which represents contractual interest accrued and added to the principal that generally becomes due at maturity. As of September 30, 2010, all of our second lien loans had intercreditor agreements requiring a standstill period of no more than 180 days. During the standstill period, we are generally restricted from exercising remedies against the borrower or the collateral in order to provide the first lien lenders time to cure any breaches or defaults by the borrower.
- *Unsecured Loans.* Our unsecured investments generally have terms of five to six years and provide for a fixed interest rate. We may make unsecured investments on a stand-alone basis, or in connection with a senior secured loan, a junior secured loan or a “one-stop” financing. Our unsecured investments may include payment-in-kind, or PIK, interest, which represents contractual interest accrued and added to the principal that generally becomes due at maturity, and an equity component, such as warrants to purchase common stock in the portfolio company.

We typically structure our debt investments to include covenants that seek to minimize our risk of capital loss. Our debt investments have strong protections, including default penalties, information rights, board observation rights, and affirmative, negative and financial covenants, such as lien protection and prohibitions against change of control. Our debt investments also have substantial prepayment penalties designed to extend the life of the average loan, which we believe will help to grow our portfolio.

Equity Investments

When we make a debt investment, we may be granted equity in the company in the same class of security as the sponsor receives upon funding. In addition, we may from time to time make non-control, equity co-investments in connection with private equity sponsors. We generally seek to structure our equity investments, such as direct equity co-investments, to provide us with minority rights provisions and event-driven put rights. We also seek to obtain limited registration rights in connection with these investments, which may include “piggyback” registration rights.

Private Equity Fund Investments

We make investments in the private equity funds of certain of our equity sponsors. In general, we make these investments where we have a long term relationship and are comfortable with the sponsor’s business model and investment strategy. As of September 30, 2010, we had investments in three private equity funds, which represented less than 1% of the fair value of our assets as of such date.

Portfolio Management

Active Involvement in our Portfolio Companies

As a business development company, we are obligated to offer to provide managerial assistance to our portfolio companies and to provide it if requested. In fact, we provide managerial assistance to our portfolio companies as a general practice and we seek investments where such assistance is appropriate. We monitor the financial trends of each portfolio company to assess the appropriate course of action for each company and to evaluate overall portfolio quality. We have several methods of evaluating and monitoring the performance of our investments, including but not limited to, the following:

- review of monthly and quarterly financial statements and financial projections for portfolio companies;
- periodic and regular contact with portfolio company management to discuss financial position requirements and accomplishments;
- attendance at board meetings;
- periodic formal update interviews with portfolio company management and, if appropriate, the private equity sponsor; and
- assessment of business development success, including product development, profitability and the portfolio company's overall adherence to its business plan.

Rating Criteria

In addition to various risk management and monitoring tools, we use an investment rating system to characterize and monitor the credit profile and our expected level of returns on each investment in our portfolio. We use a five-level numeric rating scale. The following is a description of the conditions associated with each investment rating:

- Investment Rating 1 is used for investments that are performing above expectations and/or a capital gain is expected.
- Investment Rating 2 is used for investments that are performing substantially within our expectations, and whose risks remain neutral or favorable compared to the potential risk at the time of the original investment. All new loans are initially rated 2.
- Investment Rating 3 is used for investments that are performing below our expectations and that require closer monitoring, but where we expect no loss of investment return (interest and/or dividends) or principal. Companies with a rating of 3 may be out of compliance with financial covenants.
- Investment Rating 4 is used for investments that are performing below our expectations and for which risk has increased materially since the original investment. We expect some loss of investment return, but no loss of principal.
- Investment Rating 5 is used for investments that are performing substantially below our expectations and whose risks have increased substantially since the original investment. Investments with a rating of 5 are those for which some loss of principal is expected.

In the event that we determine that an investment is underperforming, or circumstances suggest that the risk associated with a particular investment has significantly increased, we will undertake more aggressive monitoring of the effected portfolio company. While our investment rating system identifies the relative risk for each investment, the rating alone does not dictate the scope and/or frequency of any monitoring that we perform. The frequency of our monitoring of an investment is determined by a number of factors, including, but not limited to, the trends in the financial performance of the portfolio company, the investment structure and the type of collateral securing our investment, if any.

The following table shows the distribution of our investments on the 1 to 5 investment rating scale at fair value as of September 30, 2010:

<u>Investment Rating</u>	<u>Fair Value</u>	<u>% of Portfolio</u>
1	\$ 89,150,457	15.81%
2	424,494,799	75.29%
3	18,055,528	3.20%
4	23,823,120	4.23%
5	8,297,412	1.47%
Total	\$ 563,821,316	100.00%

Exit Strategies/Refinancing

As of September 30, 2010, we had structured \$7.1 million in aggregate exit fees across 10 portfolio investments to be received upon the future exit of those investments. We expect to exit our investments typically through one of three scenarios: (i) the sale of the company resulting in repayment of all outstanding debt, (ii) the recapitalization of the company in which our loan is replaced with debt or equity from a third party or parties or (iii) the repayment of the initial or remaining principal amount of our loan then outstanding at maturity. In some investments, there may be scheduled amortization of some portion of our loan which would result in a partial exit of our investment prior to the maturity of the loan.

Valuation of Portfolio Investments

As a business development company, we generally invest in illiquid securities including debt and equity investments of small and mid-sized companies. All of our investments are recorded at fair value as determined in good faith by our Board of Directors.

Authoritative accounting guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Where available, fair value is based on observable market prices or parameters or derived from such prices or parameters. Where observable prices or inputs are not available or reliable, valuation techniques are applied. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency for the investments or market and the investments' complexity.

In accordance with authoritative accounting guidance, we perform detailed valuations of our debt and equity investments on an individual basis, using market, income, and bond yield approaches as appropriate. In general, we utilize a bond yield method for the majority of our investments, as long as it is appropriate. If, in our judgment, the bond yield approach is not appropriate, we may use the enterprise value approach, or, in certain cases, an alternative methodology potentially including an asset liquidation or expected recovery model.

Under the market approach, we estimate the enterprise value of the portfolio companies in which we invest. There is no one methodology to estimate enterprise value and, in fact, for any one portfolio company, enterprise value is best expressed as a range of fair values, from which we derive a single estimate of enterprise value. To estimate the enterprise value of a portfolio company, we analyze various factors, including the portfolio company's historical and projected financial results. Typically, private companies are valued based on multiples of EBITDA, cash flows, net income, revenues, or in limited cases, book value. We generally require portfolio companies to provide annual audited and quarterly and monthly unaudited financial statements, as well as annual projections for the upcoming fiscal year.

Under the income approach, we generally prepare and analyze discounted cash flow models based on projections of the future free cash flows of the business.

Under the bond yield approach, we use bond yield models to determine the present value of the future cash flow streams of our debt investments. We review various sources of transactional data, including private

mergers and acquisitions involving debt investments with similar characteristics, and assess the information in the valuation process.

Our Board of Directors undertakes a multi-step valuation process each quarter in connection with determining the fair value of our investments:

- The quarterly valuation process begins with each portfolio company or investment being initially valued by the deal team within the investment adviser responsible for the portfolio investment;
- Preliminary valuations are then reviewed and discussed with the principals of the investment adviser;
- Separately, independent valuation firms engaged by our Board of Directors prepare preliminary valuations on a selected basis and submit the reports to us;
- The deal team compares and contrasts its preliminary valuations to the preliminary valuations of the independent valuation firms;
- The deal team prepares a valuation report for the Valuation Committee of our Board of Directors;
- The Valuation Committee of our Board of Directors is apprised of the preliminary valuations of the independent valuation firms;
- The Valuation Committee of our Board of Directors reviews the preliminary valuations, and the deal team responds and supplements the preliminary valuations to reflect any comments provided by the Valuation Committee;
- The Valuation Committee of our Board of Directors makes a recommendation to the Board of Directors; and
- Our Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith.

The fair value of all of our investments at September 30, 2010 and September 30, 2009 was determined by our Board of Directors. Our Board of Directors is solely responsible for the valuation of the portfolio investments at fair value as determined in good faith pursuant to our valuation policy and a consistently applied valuation process.

Our Board of Directors has engaged independent valuation firms to provide us with valuation assistance. Upon completion of their process each quarter, the independent valuation firms provide us with a written report regarding the preliminary valuations of selected portfolio securities as of the close of such quarter. We will continue to engage independent valuation firms to provide us with assistance regarding our determination of the fair value of selected portfolio securities each quarter; however, our Board of Directors is ultimately and solely responsible for determining the fair value of our investments in good faith.

The percentages of our portfolio at fair value for which independent valuation firms provided us with valuation assistance by period were as follows:

	<u>Percentage of Portfolio at Fair Value</u>
For the quarter ending December 31, 2007	91.9%
For the quarter ending March 31, 2008	92.1%
For the quarter ending June 30, 2008	91.7%
For the quarter ending September 30, 2008	92.8%
For the quarter ending December 31, 2008	100.0%
For the quarter ending March 31, 2009	88.7%(1)
For the quarter ending June 30, 2009	92.1%
For the quarter ending September 30, 2009	28.1%
For the quarter ending December 31, 2009	17.2%(2)
For the quarter ending March 31, 2010	26.9%
For the quarter ending June 30, 2010	53.1%
For the quarter ending September 30, 2010	61.8%

- (1) 96.0% excluding our investment in IZI Medical Products, Inc., which closed on June 30, 2009 and therefore was not part of the independent valuation process
(2) 24.8% excluding four investments that closed in December 2009 and therefore were not part of the independent valuation process

We intend to have valuation firms provide us with valuation assistance on a portion of our portfolio on a quarterly basis and a substantial portion of our portfolio on an annual basis.

Determination of fair values involves subjective judgments and estimates. The notes to our financial statements refer to the uncertainty with respect to the possible effect of such valuations, and any change in such valuations, on our financial statements.

Competition

We compete for investments with a number of business development companies and investment funds (including private equity funds and mezzanine funds), as well as traditional financial services companies such as commercial banks and other sources of financing. Many of these entities have greater financial and managerial resources than we do. We believe we are able to be competitive with these entities primarily on the basis of the experience and contacts of our management team, our responsive and efficient investment analysis and decision-making processes, the investment terms we offer, and our willingness to make smaller investments.

We believe that some of our competitors make loans with interest rates and returns that are comparable to or lower than the rates and returns that we target. Therefore, we do not seek to compete solely on the interest rates and returns that we offer to potential portfolio companies. For additional information concerning the competitive risks we face, see "Item 1A. Risk Factors — Risks Relating to Our Business and Structure — We may face increasing competition for investment opportunities, which could reduce returns and result in losses."

Employees

We do not have any employees. Our day-to-day investment operations are managed by our investment adviser. See "— Investment Advisory Agreement." Our investment adviser employs a total of 19 investment professionals, including its principals. In addition, we reimburse our administrator, FSC, Inc., for the allocable portion of overhead and other expenses incurred by it in performing its obligations under an administration agreement, including the compensation of our chief financial officer and chief compliance officer, and their staff. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for us

by our chief compliance officer, Bernard D. Berman, given his compensation arrangement with our investment adviser. However, although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future. For a more detailed discussion of the administration agreement, see “Item 1. Business — Administration Agreement.”

Investment Advisory Agreement

Overview of Our Investment Adviser

Management Services

Our investment adviser, Fifth Street Management, is registered as an investment adviser under the Investment Advisers Act of 1940, or the “Advisers Act.” Our investment adviser serves pursuant to the investment advisory agreement in accordance with the 1940 Act. Subject to the overall supervision of our Board of Directors, our investment adviser manages our day-to-day operations and provides us with investment advisory services. Under the terms of the investment advisory agreement, our investment adviser:

- determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes;
- determines what securities we purchase, retain or sell;
- identifies, evaluates and negotiates the structure of the investments we make; and
- executes, monitors and services the investments we make.

Our investment adviser’s services under the investment advisory agreement may not be exclusive and it is free to furnish similar services to other entities so long as its services to us are not impaired.

Management Fee

We pay our investment adviser a fee for its services under the investment advisory agreement consisting of two components — a base management fee and an incentive fee. The cost of both the base management fee payable to our investment adviser and any incentive fees earned by our investment adviser will ultimately be borne by our common stockholders.

Base Management Fee

The base management fee is calculated at an annual rate of 2% of our gross assets, which includes any borrowings for investment purposes. The base management fee is payable quarterly in arrears, and is calculated based on the value of our gross assets at the end of each fiscal quarter, and appropriately adjusted on a pro rata basis for any equity capital raises or repurchases during such quarter. The base management fee for any partial month or quarter will be appropriately pro rated. Our investment adviser permanently waived the portion of the base management fee attributable to cash and cash equivalents (as defined in the notes to our Consolidated Financial Statements) as of the end of each quarter beginning March 31, 2010. As a result, our base management fee will be calculated at an annual rate of 2% of our gross assets, including any investments made with borrowings, but excluding any cash and cash equivalents (as defined in the notes to our Consolidated Financial Statements) as of the end of each quarter.

Incentive Fee

The incentive fee has two parts. The first part is calculated and payable quarterly in arrears based on our “Pre-Incentive Fee Net Investment Income” for the immediately preceding fiscal quarter. For this purpose, “Pre-Incentive Fee Net Investment Income” means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that we receive from portfolio companies) accrued during the fiscal quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the administration agreement with FSC, Inc., and any interest expense and

dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-Incentive Fee Net Investment Income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with PIK interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-Incentive Fee Net Investment Income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-Incentive Fee Net Investment Income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding fiscal quarter, will be compared to a “hurdle rate” of 2% per quarter (8% annualized), subject to a “catch-up” provision measured as of the end of each fiscal quarter. Our net investment income used to calculate this part of the incentive fee is also included in the amount of our gross assets used to calculate the 2% base management fee. The operation of the incentive fee with respect to our Pre-Incentive Fee Net Investment Income for each quarter is as follows:

- no incentive fee is payable to the investment adviser in any fiscal quarter in which our Pre-Incentive Fee Net Investment Income does not exceed the hurdle rate of 2% (the “preferred return” or “hurdle”);
- 100% of our Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the hurdle rate but is less than or equal to 2.5% in any fiscal quarter (10% annualized) is payable to the investment adviser. We refer to this portion of our Pre-Incentive Fee Net Investment Income (which exceeds the hurdle rate but is less than or equal to 2.5%) as the “catch-up.” The “catch-up” provision is intended to provide our investment adviser with an incentive fee of 20% on all of our Pre-Incentive Fee Net Investment Income as if a hurdle rate did not apply when our Pre-Incentive Fee Net Investment Income exceeds 2.5% in any fiscal quarter; and
- 20% of the amount of our Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.5% in any fiscal quarter (10% annualized) is payable to the investment adviser once the hurdle is reached and the catch-up is achieved.

The following is a graphical representation of the calculation of the income-related portion of the incentive fee:

The second part of the incentive fee is determined and payable in arrears as of the end of each fiscal year (or upon termination of the investment advisory agreement, as of the termination date) and equals 20% of our realized capital gains, if any, on a cumulative basis from inception through the end of each fiscal year, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fees, provided that, the incentive fee determined as of September 30, 2008 was calculated for a period of shorter than twelve calendar months to take into account any realized capital gains computed net of all realized capital losses and unrealized capital depreciation from inception.

Example 1: Income Related Portion of Incentive Fee for Each Fiscal Quarter

Alternative 1

Assumptions

Investment income (including interest, dividends, fees, etc.) = 1.25%
Hurdle rate(1) = 2%
Management fee(2) = 0.5%
Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.2%
Pre-Incentive Fee Net Investment Income
(investment income – (management fee + other expenses) = 0.55%

Pre-Incentive Fee Net Investment Income does not exceed hurdle rate, therefore there is no income-related incentive fee.

Alternative 2

Assumptions

Investment income (including interest, dividends, fees, etc.) = 2.9%
Hurdle rate(1) = 2%
Management fee(2) = 0.5%
Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.2%
Pre-Incentive Fee Net Investment Income
(investment income – (management fee + other expenses) = 2.2%

Incentive fee = $100\% \times \text{Pre-Incentive Fee Net Investment Income (subject to "catch-up")}$ (4)
= $100\% \times (2.2\% - 2\%)$
= 0.2%

Pre-Incentive Fee Net Investment Income exceeds the hurdle rate, but does not fully satisfy the "catch-up" provision, therefore the income related portion of the incentive fee is 0.2%.

Alternative 3

Assumptions

Investment income (including interest, dividends, fees, etc.) = 3.5%
Hurdle rate(1) = 2%
Management fee(2) = 0.5%
Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.2%
Pre-Incentive Fee Net Investment Income
(investment income – (management fee + other expenses) = 2.8%
Incentive fee = $100\% \times \text{Pre-Incentive Fee Net Investment Income (subject to "catch-up")}$ (4)
Incentive fee = $100\% \times \text{"catch-up"} + (20\% \times (\text{Pre-Incentive Fee Net Investment Income} - 2.5\%))$
Catch up = $2.5\% - 2\%$
= 0.5%

Incentive fee = $(100\% \times 0.5\%) + (20\% \times (2.8\% - 2.5\%))$
= $0.5\% + (20\% \times 0.3\%)$
= $0.5\% + 0.06\%$
= 0.56%

Pre-Incentive Fee Net Investment Income exceeds the hurdle rate, and fully satisfies the "catch-up" provision, therefore the income related portion of the incentive fee is 0.56%.

- (1) Represents 8% annualized hurdle rate.
- (2) Represents 2% annualized base management fee.
- (3) Excludes organizational and offering expenses.

- (4) The “catch-up” provision is intended to provide our investment adviser with an incentive fee of 20% on all Pre-Incentive Fee Net Investment Income as if a hurdle rate did not apply when our net investment income exceeds 2.5% in any fiscal quarter.

Example 2: Capital Gains Portion of Incentive Fee(*):

Alternative 1:

Assumptions

Year 1: \$20 million investment made in Company A (“Investment A”), and \$30 million investment made in Company B (“Investment B”)

Year 2: Investment A sold for \$50 million and fair market value (“FMV”) of Investment B determined to be \$32 million

Year 3: FMV of Investment B determined to be \$25 million

Year 4: Investment B sold for \$31 million

The capital gains portion of the incentive fee would be:

Year 1: None

Year 2: Capital gains incentive fee of \$6 million — (\$30 million realized capital gains on sale of Investment A multiplied by 20%)

Year 3: None — \$5 million (20% multiplied by (\$30 million cumulative capital gains less \$5 million cumulative capital depreciation)) less \$6 million (previous capital gains fee paid in Year 2)

Year 4: Capital gains incentive fee of \$200,000 — \$6.2 million (\$31 million cumulative realized capital gains multiplied by 20%) less \$6 million (capital gains incentive fee taken in Year 2)

Alternative 2

Assumptions

Year 1: \$20 million investment made in Company A (“Investment A”), \$30 million investment made in Company B (“Investment B”) and \$25 million investment made in Company C (“Investment C”)

Year 2: Investment A sold for \$50 million, FMV of Investment B determined to be \$25 million and FMV of Investment C determined to be \$25 million

Year 3: FMV of Investment B determined to be \$27 million and Investment C sold for \$30 million

Year 4: FMV of Investment B determined to be \$35 million

Year 5: Investment B sold for \$20 million

The capital gains incentive fee, if any, would be:

Year 1: None

Year 2: \$5 million capital gains incentive fee — 20% multiplied by \$25 million (\$30 million realized capital gains on Investment A less unrealized capital depreciation on Investment B)

Year 3: \$1.4 million capital gains incentive fee(1) — \$6.4 million (20% multiplied by \$32 million (\$35 million cumulative realized capital gains less \$3 million unrealized capital depreciation)) less \$5 million capital gains incentive fee received in Year 2

Year 4: None

Year 5: None — \$5 million (20% multiplied by \$25 million (cumulative realized capital gains of \$35 million less realized capital losses of \$10 million)) less \$6.4 million cumulative capital gains incentive fee paid in Year 2 and Year 3(2)

* The hypothetical amounts of returns shown are based on a percentage of our total net assets and assume no leverage. There is no guarantee that positive returns will be realized and actual returns may vary from those shown in this example.

- (1) As illustrated in Year 3 of Alternative 1 above, if Fifth Street were to be wound up on a date other than its fiscal year end of any year, Fifth Street may have paid aggregate capital gains incentive fees that are more than the amount of such fees that would be payable if Fifth Street had been wound up on its fiscal year end of such year.
- (2) As noted above, it is possible that the cumulative aggregate capital gains fee received by our investment adviser (\$6.4 million) is effectively greater than \$5 million (20% of cumulative aggregate realized capital gains less net realized capital losses or net unrealized depreciation (\$25 million)).

Payment of Our Expenses

Our primary operating expenses are the payment of a base management fee and any incentive fees under the investment advisory agreement and the allocable portion of overhead and other expenses incurred by FSC, Inc. in performing its obligations under the administration agreement. Our investment management fee compensates our investment adviser for its work in identifying, evaluating, negotiating, executing and servicing our investments. We bear all other expenses of our operations and transactions, including (without limitation) fees and expenses relating to:

- offering expenses;
- the investigation and monitoring of our investments;
- the cost of calculating our net asset value;
- the cost of effecting sales and repurchases of shares of our common stock and other securities;
- management and incentive fees payable pursuant to the investment advisory agreement;
- fees payable to third parties relating to, or associated with, making investments and valuing investments (including third-party valuation firms);
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts (including attendance at investment conferences and similar events);
- federal and state registration fees;
- any exchange listing fees;
- federal, state and local taxes;
- independent directors' fees and expenses;
- brokerage commissions;
- costs of proxy statements, stockholders' reports and notices;
- costs of preparing government filings, including periodic and current reports with the SEC;
- fidelity bond, liability insurance and other insurance premiums; and
- printing, mailing, independent accountants and outside legal costs and all other direct expenses incurred by either our investment adviser or us in connection with administering our business, including payments under the administration agreement that will be based upon our allocable portion of overhead and other expenses incurred by FSC, Inc. in performing its obligations under the administration agreement and the compensation of our chief financial officer and chief compliance officer, and their staff. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for us by our chief compliance officer, Bernard D. Berman, given his compensation arrangement with our investment adviser. However, although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future.

Duration and Termination

The investment advisory agreement was first approved by our Board of Directors on December 13, 2007 and by a majority of the limited partners of Fifth Street Mezzanine Partners III, L.P. through a written consent first solicited on December 14, 2007. On March 14, 2008, our Board of Directors, including all of the directors who are not “interested persons” as defined in the 1940 Act, approved an amendment to the investment advisory agreement that revised the investment advisory agreement to clarify the calculation of the base management fee. Such amendment was also approved by a majority of our outstanding voting securities through a written consent first solicited on April 7, 2008. Unless earlier terminated as described below, the investment advisory agreement, as amended, will remain in effect for a period of two years from the date it was approved by the Board of Directors and will remain in effect from year-to-year thereafter if approved annually by the Board of Directors or by the affirmative vote of the holders of a majority of our outstanding voting securities, including, in either case, approval by a majority of our directors who are not interested persons. The investment advisory agreement will automatically terminate in the event of its assignment. The investment advisory agreement may be terminated by either party without penalty upon not more than 60 days’ written notice to the other. The investment advisory agreement may also be terminated, without penalty, upon the vote of a majority of our outstanding voting securities.

Indemnification

The investment advisory agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of their respective duties or by reason of the reckless disregard of their respective duties and obligations, our investment adviser and its officers, managers, agents, employees, controlling persons, members (or their owners) and any other person or entity affiliated with it, are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of our investment adviser’s services under the investment advisory agreement or otherwise as our investment adviser.

Organization of our Investment Adviser

Our investment adviser is a Delaware limited liability company that registered as an investment adviser under the Advisers Act. The principal address of our investment adviser is 10 Bank Street, 12th Floor, White Plains, NY 10606.

Board Approval of the Investment Advisory Agreement

At a meeting of our Board of Directors held on February 24, 2010, our Board of Directors unanimously voted to approve the investment advisory agreement. In reaching a decision to approve the investment advisory agreement, the Board of Directors reviewed a significant amount of information and considered, among other things:

- the nature, quality and extent of the advisory and other services to be provided to us by Fifth Street Management;
- the fee structures of comparable externally managed business development companies that engage in similar investing activities;
- our projected operating expenses and expense ratio compared to business development companies with similar investment objectives;
- any existing and potential sources of indirect income to Fifth Street Management from its relationship with us and the profitability of that relationship, including through the investment advisory agreement;
- information about the services to be performed and the personnel performing such services under the investment advisory agreement;

- the organizational capability and financial condition of Fifth Street Management and its affiliates; and
- various other matters.

Based on the information reviewed and the discussions detailed above, the Board of Directors, including all of the directors who are not “interested persons” as defined in the 1940 Act, concluded that the investment advisory fee rates and terms are reasonable in relation to the services provided and approved the investment advisory agreement and the administration agreement as being in the best interests of our stockholders.

Administration Agreement

We have also entered into an administration agreement with FSC, Inc. under which FSC, Inc. provides administrative services for us, including office facilities and equipment and clerical, bookkeeping and recordkeeping services at such facilities. Under the administration agreement, FSC, Inc. also performs, or oversees the performance of, our required administrative services, which includes being responsible for the financial records which we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, FSC, Inc. assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally overseeing the payment of our expenses and the performance of administrative and professional services rendered to us by others. For providing these services, facilities and personnel, we reimburse FSC, Inc. the allocable portion of overhead and other expenses incurred by FSC, Inc. in performing its obligations under the administration agreement, including rent and our allocable portion of the costs of compensation and related expenses of our chief financial officer and chief compliance officer, and their staff. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for us by our chief compliance officer, Bernard D. Berman, given his compensation arrangement with our investment adviser. However, although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future. FSC, Inc. may also provide on our behalf managerial assistance to our portfolio companies. The administration agreement may be terminated by either party without penalty upon 60 days’ written notice to the other party.

The administration agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of their respective duties or by reason of the reckless disregard of their respective duties and obligations, FSC, Inc. and its officers, managers, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) arising from the rendering of services under the administration agreement or otherwise as administrator for us.

License Agreement

We have also entered into a license agreement with Fifth Street Capital LLC pursuant to which Fifth Street Capital LLC has agreed to grant us a non-exclusive, royalty-free license to use the name “Fifth Street.” Under this agreement, we will have a right to use the “Fifth Street” name, for so long as Fifth Street Management or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we will have no legal right to the “Fifth Street” name.

Exchange Act Reports

We maintain a website at www.fifthstreetfinance.com. The information on our website is not incorporated by reference in this annual report on Form 10-K.

We make available on or through our website certain reports and amendments to those reports that we file with or furnish to the SEC in accordance with the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These include our annual reports on Form 10-K, our quarterly reports on Form 10-Q and our current reports on Form 8-K. We make this information available on our website free of charge as soon as reasonably practicable after we electronically file the information with, or furnish it to, the SEC.

Regulation

Business Development Company Regulations

We have elected to be regulated as a business development company under the 1940 Act. The 1940 Act contains prohibitions and restrictions relating to transactions between business development companies and their affiliates, principal underwriters and affiliates of those affiliates or underwriters. The 1940 Act requires that a majority of the directors be persons other than “interested persons,” as that term is defined in the 1940 Act. In addition, the 1940 Act provides that we may not change the nature of our business so as to cease to be, or to withdraw our election as, a business development company unless approved by a majority of our outstanding voting securities.

The 1940 Act defines “a majority of the outstanding voting securities” as the lesser of (i) 67% or more of the voting securities present at a meeting if the holders of more than 50% of our outstanding voting securities are present or represented by proxy or (ii) more than 50% of our outstanding voting securities.

As a business development company, we will not generally be permitted to invest in any portfolio company in which our investment adviser or any of its affiliates currently have an investment or to make any co-investments with our investment adviser or its affiliates without an exemptive order from the SEC. We currently do not intend to apply for an exemptive order that would permit us to co-invest with vehicles managed by our investment adviser or its affiliates.

Qualifying Assets

Under the 1940 Act, a business development company may not acquire any asset other than assets of the type listed in Section 55(a) of the 1940 Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company’s total assets. The principal categories of qualifying assets relevant to our business are any of the following:

(1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An eligible portfolio company is defined in the 1940 Act as any issuer which:

- (a) is organized under the laws of, and has its principal place of business in, the United States;
- (b) is not an investment company (other than a small business investment company wholly owned by the business development company) or a company that would be an investment company but for certain exclusions under the 1940 Act; and
- (c) satisfies any of the following:
 - (i) does not have any class of securities that is traded on a national securities exchange;
 - (ii) has a class of securities listed on a national securities exchange, but has an aggregate market value of outstanding voting and non-voting common equity of less than \$250 million;
 - (iii) is controlled by a business development company or a group of companies including a business development company and the business development company has an affiliated person who is a director of the eligible portfolio company; or
 - (iv) is a small and solvent company having total assets of not more than \$4 million and capital and surplus of not less than \$2 million;

(2) Securities of any eligible portfolio company that we control;

(3) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its

securities was unable to meet its obligations as they came due without material assistance other than conventional lending or financing arrangements;

(4) Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and we already own 60% of the outstanding equity of the eligible portfolio company;

(5) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities; or

(6) Cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment.

In addition, a business development company must be operated for the purpose of making investments in the types of securities described in (1), (2) or (3) above.

Managerial Assistance to Portfolio Companies

In order to count portfolio securities as qualifying assets for the purpose of the 70% test, we must either control the issuer of the securities or must offer to make available to the issuer of the securities (other than small and solvent companies described above) significant managerial assistance; except that, where we purchase such securities in conjunction with one or more other persons acting together, one of the other persons in the group may make available such managerial assistance. Making available managerial assistance means, among other things, any arrangement whereby the business development company, through its directors, officers or employees, offers to provide, and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company.

Temporary Investments

Pending investment in other types of “qualifying assets,” as described above, our investments may consist of cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment, which we refer to, collectively, as temporary investments, so that 70% of our assets are qualifying assets. Typically, we will invest in U.S. Treasury bills or in repurchase agreements, provided that such agreements are fully collateralized by cash or securities issued by the U.S. government or its agencies. A repurchase agreement (which is substantially similar to a secured loan) involves the purchase by an investor, such as us, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed-upon future date and at a price that is greater than the purchase price by an amount that reflects an agreed-upon interest rate. There is no percentage restriction on the proportion of our assets that may be invested in such repurchase agreements. However, if more than 25% of our total assets constitute repurchase agreements from a single counterparty, we would not meet the diversification tests in order to qualify as a RIC for U.S. federal income tax purposes. Thus, we do not intend to enter into repurchase agreements with a single counterparty in excess of this limit. Our investment adviser will monitor the creditworthiness of the counterparties with which we enter into repurchase agreement transactions.

Senior Securities

We are permitted, under specified conditions, to issue multiple classes of debt and one class of stock senior to our common stock if our asset coverage, as defined in the 1940 Act, is at least equal to 200% immediately after each such issuance. In addition, while any senior securities remain outstanding, we may be prohibited from making distribution to our stockholders or repurchasing such securities or shares unless we meet the applicable asset coverage ratios at the time of the distribution or repurchase. We may also borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes without regard to asset coverage. For a discussion of the risks associated with leverage, see “Risk Factors — Risks Relating to Our Business and Structure — Regulations governing our operation as a business development company and RIC affect our ability to raise, and the way in which we raise, additional capital or borrow for investment purposes,

which may have a negative effect on our growth” and “— Because we borrow money, the potential for loss on amounts invested in us will be magnified and may increase the risk of investing in us.”

Common Stock

We are not generally able to issue and sell our common stock at a price below net asset value per share. We may, however, sell our common stock, warrants, options or rights to acquire our common stock, at a price below the current net asset value of the common stock if our Board of Directors determines that such sale is in our best interests and that of our stockholders, and our stockholders approve such sale. In any such case, the price at which our securities are to be issued and sold may not be less than a price which, in the determination of our Board of Directors, closely approximates the market value of such securities (less any distributing commission or discount). We may also make rights offerings to our stockholders at prices per share less than the net asset value per share, subject to applicable requirements of the 1940 Act. See “Risk Factors — Risks Relating to Our Business and Structure — Regulations governing our operation as a business development company affect our ability to raise, and the way in which we raise, additional capital or borrow for investment purposes, which may have a negative effect on our growth.”

Code of Ethics

We have adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act and we have also approved the investment adviser’s code of ethics that was adopted by it under Rule 17j-1 under the 1940 Act and Rule 204A-1 of the Advisers Act. These codes establish procedures for personal investments and restrict certain personal securities transactions. Personnel subject to the code may invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code’s requirements. You may also read and copy the codes of ethics at the SEC’s Public Reference Room located at 100 F Street, NE, Washington, DC 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. In addition, the codes of ethics are available on the EDGAR Database on the SEC’s Internet site at <http://www.sec.gov>.

Compliance Policies and Procedures

We and our investment adviser have adopted and implemented written policies and procedures reasonably designed to prevent violation of the federal securities laws and are required to review these compliance policies and procedures annually for their adequacy and the effectiveness of their implementation. Our chief compliance officer is responsible for administering these policies and procedures.

Proxy Voting Policies and Procedures

We have delegated our proxy voting responsibility to our investment adviser. The proxy voting policies and procedures of our investment adviser are set forth below. The guidelines are reviewed periodically by our investment adviser and our non-interested directors, and, accordingly, are subject to change.

Introduction

As an investment adviser registered under the Advisers Act, our investment adviser has a fiduciary duty to act solely in the best interests of its clients. As part of this duty, it recognizes that it must vote client securities in a timely manner free of conflicts of interest and in the best interests of its clients.

These policies and procedures for voting proxies for the investment advisory clients of our investment adviser are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

Proxy policies

Our investment adviser will vote proxies relating to our securities in the best interest of our stockholders. It will review on a case-by-case basis each proposal submitted for a stockholder vote to determine its impact

on the portfolio securities held by us. Although our investment adviser will generally vote against proposals that may have a negative impact on our portfolio securities, it may vote for such a proposal if there exists compelling long-term reasons to do so.

The proxy voting decisions of our investment adviser are made by the senior officers who are responsible for monitoring each of our investments. To ensure that its vote is not the product of a conflict of interest, it will require that: (a) anyone involved in the decision making process disclose to its chief compliance officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (b) employees involved in the decision making process or vote administration are prohibited from revealing how our investment adviser intends to vote on a proposal in order to reduce any attempted influence from interested parties.

Proxy voting records

You may obtain information, without charge, regarding how we voted proxies with respect to our portfolio securities by making a written request for proxy voting information to: Chief Compliance Officer, 10 Bank Street, 12th Floor, White Plains, NY 10606.

Other

We will be subject to periodic examination by the SEC for compliance with the 1940 Act.

We are required to provide and maintain a bond issued by a reputable fidelity insurance company to protect us against larceny and embezzlement. Furthermore, as a business development company, we are prohibited from protecting any director or officer against any liability to us or our stockholders arising from willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office.

Exchange Act and Sarbanes-Oxley Act Compliance

We are subject to the reporting and disclosure requirements of the Exchange Act, including the filing of quarterly, annual and current reports, proxy statements and other required items. In addition, we are subject to the Sarbanes-Oxley Act, which imposes a wide variety of regulatory requirements on publicly-held companies and their insiders. For example:

- pursuant to Rule 13a-14 of the Exchange Act, our chief executive officer and chief financial officer are required to certify the accuracy of the financial statements contained in our periodic reports;
- pursuant to Item 307 of Regulation S-K, our periodic reports are required to disclose our conclusions about the effectiveness of our disclosure controls and procedures; and
- pursuant to Rule 13a-15 of the Exchange Act, our management is required to prepare a report regarding its assessment of our internal control over financial reporting. Our independent registered public accounting firm is required to audit our internal control over financial reporting.

The Sarbanes-Oxley Act requires us to review our current policies and procedures to determine whether we comply with the Sarbanes-Oxley Act and the regulations promulgated thereunder. We intend to monitor our compliance with all regulations that are adopted under the Sarbanes-Oxley Act and will take actions necessary to ensure that we are in compliance therewith.

Small Business Investment Company Regulations

In August 2009, we formed Fifth Street Mezzanine Partners IV, L.P., a wholly-owned subsidiary of ours. In February 2010, Fifth Street Mezzanine Partners IV, L.P. received final approval to be licensed by the United States Small Business Administration, or SBA, as a small business investment company, or SBIC.

The SBIC license allows our SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures. SBA-guaranteed debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten year maturity. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities.

SBICs are designed to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses. Under present SBA regulations, eligible small businesses include businesses that have a tangible net worth not exceeding \$18 million and have average annual fully taxed net income not exceeding \$6 million for the two most recent fiscal years. In addition, an SBIC must devote 25% of its investment activity to “smaller” concerns as defined by the SBA. A smaller concern is one that has a tangible net worth not exceeding \$6 million and has average annual fully taxed net income not exceeding \$2 million for the two most recent fiscal years. SBA regulations also provide alternative size standard criteria to determine eligibility, which depend on the industry in which the business is engaged and are based on such factors as the number of employees and gross sales. According to SBA regulations, SBICs may make long-term loans to small businesses, invest in the equity securities of such businesses and provide them with consulting and advisory services.

SBA regulations currently limit the amount that our SBIC subsidiary may borrow up to a maximum of \$150 million when it has at least \$75 million in regulatory capital, receives a capital commitment from the SBA and has been through an examination by the SBA subsequent to licensing. As of September 30, 2010, our SBIC subsidiary had \$75 million in regulatory capital and the SBA had issued a capital commitment to our SBIC subsidiary in the amount of \$150 million.

The SBA restricts the ability of SBICs to repurchase their capital stock. SBA regulations also include restrictions on a “change of control” or transfer of an SBIC and require that SBICs invest idle funds in accordance with SBA regulations. In addition, our SBIC subsidiary may also be limited in its ability to make distributions to us if it does not have sufficient capital, in accordance with SBA regulations.

Our SBIC subsidiary is subject to regulation and oversight by the SBA, including requirements with respect to maintaining certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that our SBIC subsidiary will receive SBA guaranteed debenture funding, which is dependent upon our SBIC subsidiary continuing to be in compliance with SBA regulations and policies. The SBA, as a creditor, will have a superior claim to our SBIC subsidiary’s assets over our stockholders in the event we liquidate our SBIC subsidiary or the SBA exercises its remedies under the SBA-guaranteed debentures issued by our SBIC subsidiary upon an event of default.

The New York Stock Exchange Corporate Governance Regulations

The New York Stock Exchange has adopted corporate governance regulations that listed companies must comply with. We are in compliance with such corporate governance listing standards applicable to business development companies.

Taxation as a Regulated Investment Company

As a business development company, we have elected to be treated, and intend to qualify annually, as a RIC under Subchapter M of the Code, beginning with our 2008 taxable year. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any income that we distribute to our stockholders as dividends. To continue to qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, to qualify for RIC tax treatment we must distribute to our stockholders, for each taxable year, at least 90% of our “investment company taxable income,” which is generally our ordinary income plus the excess of our realized net short-term capital gains over our realized net long-term capital losses (the “Annual Distribution Requirement”).

If we:

- qualify as a RIC; and
- satisfy the Annual Distribution Requirement,

then we will not be subject to U.S. federal income tax on the portion of our income we distribute (or are deemed to distribute) to stockholders. We will be subject to U.S. federal income tax at the regular corporate rates on any income or capital gains not distributed (or deemed distributed) to our stockholders.

We will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless we distribute in a timely manner an amount at least equal to the sum of (1) 98% of our net ordinary income for each calendar year, (2) 98% of our capital gain net income for the one-year period ending October 31 in that calendar year and (3) any income recognized, but not distributed, in preceding years (the "Excise Tax Avoidance Requirement"). We generally will endeavor in each taxable year to make sufficient distributions to our stockholders to avoid any U.S. federal excise tax on our earnings.

In order to qualify as a RIC for U.S. federal income tax purposes, we must, among other things:

- continue to qualify as a business development company under the 1940 Act at all times during each taxable year;
- derive in each taxable year at least 90% of our gross income from dividends, interest, payments with respect to loans of certain securities, gains from the sale of stock or other securities, net income from certain "qualified publicly traded partnerships," or other income derived with respect to our business of investing in such stock or securities (the "90% Income Test"); and
- diversify our holdings so that at the end of each quarter of the taxable year:
 - at least 50% of the value of our assets consists of cash, cash equivalents, U.S. Government securities, securities of other RICs, and other securities if such other securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and
 - no more than 25% of the value of our assets is invested in the securities, other than U.S. government securities or securities of other RICs, of one issuer, of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or of certain "qualified publicly traded partnerships" (the "Diversification Tests").

We may be required to recognize taxable income in circumstances in which we do not receive cash. For example, if we hold debt obligations that are treated under applicable tax rules as having original issue discount (such as debt instruments with PIK interest or, in certain cases, increasing interest rates or issued with warrants), we must include in income each year a portion of the original issue discount that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in income other amounts that we have not yet received in cash, such as PIK interest and deferred loan origination fees that are paid after origination of the loan or are paid in non-cash compensation such as warrants or stock. Because any original issue discount or other amounts accrued will be included in our investment company taxable income for the year of accrual, we may be required to make a distribution to our stockholders in order to satisfy the Annual Distribution Requirement, even though we will not have received any corresponding cash amount.

Although we do not presently expect to do so, we are authorized to borrow funds and to sell assets in order to satisfy distribution requirements. However, under the 1940 Act, we are not permitted in certain circumstances to make distributions to our stockholders while our debt obligations and other senior securities are outstanding unless certain "asset coverage" tests are met. Moreover, our ability to dispose of assets to meet our distribution requirements may be limited by (1) the illiquid nature of our portfolio and/or (2) other requirements relating to our status as a RIC, including the Diversification Tests. If we dispose of assets in

order to meet the Annual Distribution Requirement or the Excise Tax Avoidance Requirement, we may make such dispositions at times that, from an investment standpoint, are not advantageous.

Pursuant to a recent revenue procedure (Revenue Procedure 2010-12) issued by the Internal Revenue Service, or IRS, the IRS has indicated that it will treat distributions from certain publicly traded RICs (including business development companies) that are paid part in cash and part in stock as dividends that would satisfy the RIC's annual distribution requirements and qualify for the dividends paid deduction for federal income tax purposes. In order to qualify for such treatment, the revenue procedure requires that at least 10% of the total distribution be payable in cash and that each stockholder have a right to elect to receive its entire distribution in cash. If too many stockholders elect to receive cash, each stockholder electing to receive cash must receive a proportionate share of the cash to be distributed (although no stockholder electing to receive cash may receive less than 10% of such stockholder's distribution in cash). This revenue procedure applies to distributions declared on or before December 31, 2012 with respect to taxable years ending on or before December 31, 2011. We do not currently intend to pay dividends in shares of our common stock pursuant to the revenue procedure any time in the near future.

Item 1A. Risk Factors

RISK FACTORS

Investing in our common stock involves a number of significant risks. In addition to the other information contained in this annual report on Form 10-K, you should consider carefully the following information before making an investment in our common stock. The risks set out below are not the only risks we face. Additional risks and uncertainties not presently known to us or not presently deemed material by us might also impair our operations and performance. If any of the following events occur, our business, financial condition and results of operations could be materially and adversely affected. In such case, our net asset value and the trading price of our common stock could decline, and you may lose part or all of your investment.

Risks Relating to Economic Conditions

The current state of the economy and financial markets increases the likelihood of adverse effects on our financial position and results of operations.

The U.S. capital markets experienced extreme volatility and disruption over the past several years, leading to recessionary conditions and depressed levels of consumer and commercial spending. Disruptions in the capital markets increased the spread between the yields realized on risk-free and higher risk securities, resulting in illiquidity in parts of the capital markets. While recent indicators suggest improvement in the capital markets, we cannot provide any assurance that these conditions will not worsen. If these conditions continue or worsen, the prolonged period of market illiquidity may have an adverse effect on our business, financial condition, and results of operations. Unfavorable economic conditions also could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us. These events could limit our investment originations, limit our ability to grow and negatively impact our operating results.

In addition, to the extent that recessionary conditions continue or worsen, the financial results of small to mid-sized companies, like those in which we invest, will continue to experience deterioration, which could ultimately lead to difficulty in meeting debt service requirements and an increase in defaults. Additionally, the end markets for certain of our portfolio companies' products and services have experienced, and continue to experience, negative economic trends. The performances of certain of our portfolio companies have been, and may continue to be, negatively impacted by these economic or other conditions, which may ultimately result in our receipt of a reduced level of interest income from our portfolio companies and/or losses or charge offs related to our investments, and, in turn, may adversely affect distributable income.

Economic recessions or downturns could impair the ability of our portfolio companies to repay loans, which, in turn, could increase our non-performing assets, decrease the value of our portfolio, reduce our volume of new loans and harm our operating results, which would have an adverse effect on our results of operations.

Many of our portfolio companies are and may be susceptible to economic slowdowns or recessions and may be unable to repay our loans during such periods. Therefore, our non-performing assets are likely to increase and the value of our portfolio is likely to decrease during such periods. Adverse economic conditions also may decrease the value of collateral securing some of our loans and the value of our equity investments. In this regard, as a result of recent economic conditions and their impact on certain of our portfolio companies, we have agreed to modify the payment terms of our investments in eleven of our portfolio companies as of September 30, 2010. Such modified terms include changes in payment-in-kind interest provisions and/or cash interest rates. These modifications, and any future modifications to our loan agreements as a result of the recent economic conditions or otherwise, may limit the amount of interest income that we recognize from the modified investments, which may, in turn, limit our ability to make distributions to our stockholders and have an adverse effect on our results of operations.

Risks Relating to Our Business and Structure

Changes in interest rates may affect our cost of capital and net investment income.

Because we may borrow to fund our investments, a portion of our net investment income may be dependent upon the difference between the interest rate at which we borrow funds and the interest rate at which we invest these funds. A portion of our investments will have fixed interest rates, while a portion of our borrowings will likely have floating interest rates. As a result, a significant change in market interest rates could have a material adverse effect on our net investment income. In periods of rising interest rates, our cost of funds could increase, which would reduce our net investment income. We may hedge against such interest rate fluctuations by using standard hedging instruments such as interest rate swap agreements, futures, options and forward contracts, subject to applicable legal requirements, including without limitation, all necessary registrations (or exemptions from registration) with the Commodity Futures Trading Commission. These activities may limit our ability to participate in the benefits of lower interest rates with respect to the hedged borrowings. Adverse developments resulting from changes in interest rates or hedging transactions could have a material adverse effect on our business, financial condition and results of operations.

We have a limited operating history.

Fifth Street Mezzanine Partners III, L.P. commenced operations on February 15, 2007. On January 2, 2008, Fifth Street Mezzanine Partners III, L.P. merged with and into Fifth Street Finance Corp., a Delaware corporation. As a result, we are subject to all of the business risks and uncertainties associated with any new business, including the risk that we will not achieve our investment objective and that the value of our common stock could decline substantially.

We currently have a limited number of investments in our investment portfolio. As a result, a loss on one or more of those investments would have a more adverse effect on our company than the effect such a loss would have on a company with a larger and more diverse investment portfolio.

As a company with a limited operating history, we have not had the opportunity to invest in a large number of portfolio companies. As a result, until we have increased the number of investments in our investment portfolio, a loss on one or more of our investments would affect us more adversely than such loss would affect a company with a larger and more diverse investment portfolio.

A significant portion of our investment portfolio is and will continue to be recorded at fair value as determined in good faith by our Board of Directors and, as a result, there is and will continue to be uncertainty as to the value of our portfolio investments.

Under the 1940 Act, we are required to carry our portfolio investments at market value or, if there is no readily available market value, at fair value as determined by our Board of Directors. Typically, there is not a public market for the securities of the privately held companies in which we have invested and will generally continue to invest. As a result, we value these securities quarterly at fair value as determined in good faith by our Board of Directors.

Certain factors that may be considered in determining the fair value of our investments include the nature and realizable value of any collateral, the portfolio company's earnings and its ability to make payments on its indebtedness, the markets in which the portfolio company does business, comparison to comparable publicly-traded companies, discounted cash flow and other relevant factors. Because such valuations, and particularly valuations of private securities and private companies, are inherently uncertain, may fluctuate over short periods of time and may be based on estimates, our determinations of fair value may differ materially from the values that would have been used if a ready market for these securities existed. Due to this uncertainty, our fair value determinations may cause our net asset value on a given date to materially understate or overstate the value that we may ultimately realize upon the sale of one or more of our investments. As a result, investors purchasing our common stock based on an overstated net asset value would pay a higher price than the realizable value of our investments might warrant.

Our ability to achieve our investment objective depends on our investment adviser's ability to support our investment process; if our investment adviser were to lose any of its principals, our ability to achieve our investment objective could be significantly harmed.

As discussed above, we were organized on February 15, 2007. We have no employees and, as a result, we depend on the investment expertise, skill and network of business contacts of the principals of our investment adviser. The principals of our investment adviser evaluate, negotiate, structure, execute, monitor and service our investments. Our future success will depend to a significant extent on the continued service and coordination of the principals of our investment adviser. The departure of any of these individuals could have a material adverse effect on our ability to achieve our investment objective.

Our ability to achieve our investment objective depends on our investment adviser's ability to identify, analyze, invest in, finance and monitor companies that meet our investment criteria. Our investment adviser's capabilities in structuring the investment process, providing competent, attentive and efficient services to us, and facilitating access to financing on acceptable terms depend on the employment of investment professionals in adequate number and of adequate sophistication to match the corresponding flow of transactions. To achieve our investment objective, our investment adviser may need to hire, train, supervise and manage new investment professionals to participate in our investment selection and monitoring process. Our investment adviser may not be able to find investment professionals in a timely manner or at all. Failure to support our investment process could have a material adverse effect on our business, financial condition and results of operations.

Our investment adviser has no prior experience managing a business development company or a RIC.

The 1940 Act and the Code impose numerous constraints on the operations of business development companies and RICs that do not apply to the other investment vehicles previously managed by the principals of our investment adviser. For example, under the 1940 Act, business development companies are required to invest at least 70% of their total assets primarily in securities of qualifying U.S. private or thinly traded companies. Moreover, qualification for taxation as a RIC under subchapter M of the Code requires satisfaction of source-of-income and diversification requirements and our ability to avoid corporate-level taxes on our income and gains depends on our satisfaction of distribution requirements. The failure to comply with these provisions in a timely manner could prevent us from qualifying as a business development company or RIC or could force us to pay unexpected taxes and penalties, which could be material. Our investment adviser does

not have any prior experience managing a business development company or RIC. Its lack of experience in managing a portfolio of assets under such constraints may hinder its ability to take advantage of attractive investment opportunities and, as a result, achieve our investment objective.

Our business model depends to a significant extent upon strong referral relationships with private equity sponsors, and the inability of the principals of our investment adviser to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.

We expect that the principals of our investment adviser will maintain and develop their relationships with private equity sponsors, and we will rely to a significant extent upon these relationships to provide us with potential investment opportunities. If the principals of our investment adviser fail to maintain their existing relationships or develop new relationships with other sponsors or sources of investment opportunities, we will not be able to grow our investment portfolio. In addition, individuals with whom the principals of our investment adviser have relationships are not obligated to provide us with investment opportunities, and, therefore, there is no assurance that such relationships will generate investment opportunities for us.

We may face increasing competition for investment opportunities, which could reduce returns and result in losses.

We compete for investments with other business development companies and investment funds (including private equity funds and mezzanine funds), as well as traditional financial services companies such as commercial banks and other sources of funding. Many of our competitors are substantially larger and have considerably greater financial, technical and marketing resources than we do. For example, some competitors may have a lower cost of capital and access to funding sources that are not available to us. In addition, some of our competitors may have higher risk tolerances or different risk assessments than we have. These characteristics could allow our competitors to consider a wider variety of investments, establish more relationships and offer better pricing and more flexible structuring than we are able to do. We may lose investment opportunities if we do not match our competitors' pricing, terms and structure. If we are forced to match our competitors' pricing, terms and structure, we may not be able to achieve acceptable returns on our investments or may bear substantial risk of capital loss. A significant part of our competitive advantage stems from the fact that the market for investments in small and mid-sized companies is underserved by traditional commercial banks and other financial sources. A significant increase in the number and/or the size of our competitors in this target market could force us to accept less attractive investment terms. Furthermore, many of our competitors have greater experience operating under, or are not subject to, the regulatory restrictions that the 1940 Act imposes on us as a business development company.

Our incentive fee may induce our investment adviser to make speculative investments.

The incentive fee payable by us to our investment adviser may create an incentive for it to make investments on our behalf that are risky or more speculative than would be the case in the absence of such compensation arrangement, which could result in higher investment losses, particularly during cyclical economic downturns. The way in which the incentive fee payable to our investment adviser is determined, which is calculated separately in two components as a percentage of the income (subject to a hurdle rate) and as a percentage of the realized gain on invested capital, may encourage our investment adviser to use leverage to increase the return on our investments or otherwise manipulate our income so as to recognize income in quarters where the hurdle rate is exceeded. Under certain circumstances, the use of leverage may increase the likelihood of default, which would disfavor the holders of our common stock.

The incentive fee payable by us to our investment adviser also may create an incentive for our investment adviser to invest on our behalf in instruments that have a deferred interest feature. Under these investments, we would accrue the interest over the life of the investment but would not receive the cash income from the investment until the end of the investment's term, if at all. Our net investment income used to calculate the income portion of our incentive fee, however, includes accrued interest. Thus, a portion of the incentive fee would be based on income that we have not yet received in cash and may never receive in cash if the portfolio

company is unable to satisfy such interest payment obligation to us. Consequently, while we may make incentive fee payments on income accruals that we may not collect in the future and with respect to which we do not have a formal "claw back" right against our investment adviser per se, the amount of accrued income written off in any period will reduce the income in the period in which such write-off was taken and thereby reduce such period's incentive fee payment.

In addition, our investment adviser receives the incentive fee based, in part, upon net capital gains realized on our investments. Unlike the portion of the incentive fee based on income, there is no performance threshold applicable to the portion of the incentive fee based on net capital gains. As a result, our investment adviser may have a tendency to invest more in investments that are likely to result in capital gains as compared to income producing securities. Such a practice could result in our investing in more speculative securities than would otherwise be the case, which could result in higher investment losses, particularly during economic downturns.

Given the subjective nature of the investment decisions made by our investment adviser on our behalf, we will be unable to monitor these potential conflicts of interest between us and our investment adviser.

Our base management fee may induce our investment adviser to incur leverage.

The fact that our base management fee is payable based upon our gross assets, which would include any borrowings for investment purposes, may encourage our investment adviser to use leverage to make additional investments. Under certain circumstances, the use of increased leverage may increase the likelihood of default, which would disfavor holders of our common stock. Given the subjective nature of the investment decisions made by our investment adviser on our behalf, we will not be able to monitor this potential conflict of interest.

Because we borrow money, the potential for loss on amounts invested in us will be magnified and may increase the risk of investing in us.

Borrowings, also known as leverage, magnify the potential for loss on invested equity capital. If we continue to use leverage to partially finance our investments, through borrowings from banks and other lenders, you will experience increased risks of investing in our common stock. If the value of our assets decreases, leveraging would cause net asset value to decline more sharply than it otherwise would have had we not leveraged. Similarly, any decrease in our income would cause net income to decline more sharply than it would have had we not borrowed. Such a decline could negatively affect our ability to make common stock distribution payments. Leverage is generally considered a speculative investment technique.

Substantially all of our assets are subject to security interests under secured credit facilities and if we default on our obligations under the facilities, we may suffer adverse consequences, including the lenders foreclosing on our assets.

As of September 30, 2010, except for assets that were funded through our SBIC subsidiary, substantially all of our assets were pledged as collateral under our credit facilities. If we default on our obligations under these facilities, the lenders may have the right to foreclose upon and sell, or otherwise transfer, the collateral subject to their security interests. In such event, we may be forced to sell our investments to raise funds to repay our outstanding borrowings in order to avoid foreclosure and these forced sales may be at times and at prices we would not consider advantageous. Moreover, such deleveraging of our company could significantly impair our ability to effectively operate our business in the manner in which we have historically operated. As a result, we could be forced to curtail or cease new investment activities and lower or eliminate the dividends that we have historically paid to our stockholders.

In addition, if the lenders exercise their right to sell the assets pledged under our credit facilities, such sales may be completed at distressed sale prices, thereby diminishing or potentially eliminating the amount of cash available to us after repayment of the amounts outstanding under the credit facilities.

Because we intend to distribute between 90% and 100% of our income to our stockholders in connection with our election to be treated as a RIC, we will continue to need additional capital to finance our growth. If additional funds are unavailable or not available on favorable terms, our ability to grow will be impaired.

In order to qualify for the tax benefits available to RICs and to minimize corporate-level taxes, we intend to distribute to our stockholders between 90% and 100% of our annual taxable income, except that we may retain certain net capital gains for investment, and treat such amounts as deemed distributions to our stockholders. If we elect to treat any amounts as deemed distributions, we must pay income taxes at the corporate rate on such deemed distributions on behalf of our stockholders. As a result of these requirements, we will likely need to raise capital from other sources to grow our business. As a business development company, we generally are required to meet a coverage ratio of total assets, less liabilities and indebtedness not represented by senior securities, to total senior securities, which includes all of our borrowings and any outstanding preferred stock, of at least 200%. These requirements limit the amount that we may borrow. Because we will continue to need capital to grow our investment portfolio, these limitations may prevent us from incurring debt and require us to raise additional equity at a time when it may be disadvantageous to do so.

While we expect to be able to borrow and to issue additional debt and equity securities, we cannot assure you that debt and equity financing will be available to us on favorable terms, or at all. Also, as a business development company, we generally are not permitted to issue equity securities priced below net asset value without stockholder approval. If additional funds are not available to us, we could be forced to curtail or cease new investment activities, and our net asset value and share price could decline.

Our ability to enter into transactions with our affiliates is restricted.

We are prohibited under the 1940 Act from participating in certain transactions with certain of our affiliates without the prior approval of the members of our independent directors and, in some cases, the SEC. Any person that owns, directly or indirectly, 5% or more of our outstanding voting securities is our affiliate for purposes of the 1940 Act and we are generally prohibited from buying or selling any securities (other than our securities) from or to such affiliate, absent the prior approval of our independent directors. The 1940 Act also prohibits certain "joint" transactions with certain of our affiliates, which could include investments in the same portfolio company (whether at the same or different times), without prior approval of our independent directors and, in some cases, the SEC. If a person acquires more than 25% of our voting securities, we are prohibited from buying or selling any security (other than any security of which we are the issuer) from or to such person or certain of that person's affiliates, or entering into prohibited joint transactions with such person, absent the prior approval of the SEC. Similar restrictions limit our ability to transact business with our officers or directors or their affiliates. As a result of these restrictions, we may be prohibited from buying or selling any security (other than any security of which we are the issuer) from or to any portfolio company of a private equity fund managed by our investment adviser without the prior approval of the SEC, which may limit the scope of investment opportunities that would otherwise be available to us.

There are significant potential conflicts of interest which could adversely impact our investment returns.

Our executive officers and directors, and certain members of our investment adviser, serve or may serve as officers, directors or principals of entities that operate in the same or a related line of business as we do or of investment funds managed by our affiliates. Accordingly, they may have obligations to investors in those entities, the fulfillment of which might not be in the best interests of us or our stockholders. For example, Mr. Tannenbaum, our chief executive officer and managing partner of our investment adviser, is the managing partner of Fifth Street Capital LLC, a private investment firm. Although the other investment funds managed by Fifth Street Capital LLC and its affiliates generally are fully committed and, other than follow-on investments in existing portfolio companies, are no longer making investments, in the future, the principals of our investment adviser may manage other funds which may from time to time have overlapping investment objectives with those of us and accordingly invest in, whether principally or secondarily, asset classes similar to those targeted by us. If this should occur, the principals of our investment adviser would face conflicts of

interest in the allocation of investment opportunities to us and such other funds. Although our investment professionals will endeavor to allocate investment opportunities in a fair and equitable manner, we and our common stockholders could be adversely affected in the event investment opportunities are allocated among us and other investment vehicles managed or sponsored by, or affiliated with, our executive officers, directors, and members of our investment adviser.

The incentive fee we pay to our investment adviser relating to capital gains may be effectively greater than 20%.

As a result of the operation of the cumulative method of calculating the capital gains portion of the incentive fee we pay to our investment adviser, the cumulative aggregate capital gains fee received by our investment adviser could be effectively greater than 20%, depending on the timing and extent of subsequent net realized capital losses or net unrealized depreciation. For additional information on this calculation, see the disclosure in footnote 2 to Example 2 under the caption "Item 1. Business — Investment Advisory Agreement — Management Fee — Incentive Fee." We cannot predict whether, or to what extent, this payment calculation would affect your investment in our stock.

The involvement of our investment adviser's investment professionals in our valuation process may create conflicts of interest.

Our portfolio investments are generally not in publicly traded securities. As a result, the values of these securities are not readily available. We value these securities at fair value as determined in good faith by our Board of Directors based upon the recommendation of the Valuation Committee of our Board of Directors. In connection with that determination, investment professionals from our investment adviser prepare portfolio company valuations based upon the most recent portfolio company financial statements available and projected financial results of each portfolio company. The participation of our investment adviser's investment professionals in our valuation process could result in a conflict of interest as our investment adviser's management fee is based, in part, on our gross assets.

A failure on our part to maintain our qualification as a business development company would significantly reduce our operating flexibility.

If we fail to continuously qualify as a business development company, we might be subject to regulation as a registered closed-end investment company under the 1940 Act, which would significantly decrease our operating flexibility. In addition, failure to comply with the requirements imposed on business development companies by the 1940 Act could cause the SEC to bring an enforcement action against us. For additional information on the qualification requirements of a business development company, see the disclosure under the caption "Item 1. Business — Regulation — Business Development Company Regulations."

Regulations governing our operation as a business development company and RIC affect our ability to raise, and the way in which we raise, additional capital or borrow for investment purposes, which may have a negative effect on our growth.

As a result of the annual distribution requirement to qualify for tax free treatment at the corporate level on income and gains distributed to stockholders, we need to periodically access the capital markets to raise cash to fund new investments. We generally are not able to issue or sell our common stock at a price below net asset value per share, which may be a disadvantage as compared with other public companies or private investment funds. We may, however, sell our common stock, or warrants, options or rights to acquire our common stock, at a price below the current net asset value of the common stock if our Board of Directors and independent directors determine that such sale is in our best interests and the best interests of our stockholders, and our stockholders as well as those stockholders that are not affiliated with us approve such sale. In any such case, the price at which our securities are to be issued and sold may not be less than a price that, in the determination of our Board of Directors, closely approximates the market value of such securities (less any underwriting commission or discount). If our common stock trades at a discount to net asset value, this restriction could adversely affect our ability to raise capital.

We also may make rights offerings to our stockholders at prices less than net asset value, subject to applicable requirements of the 1940 Act. If we raise additional funds by issuing more shares of our common stock or issuing senior securities convertible into, or exchangeable for, our common stock, the percentage ownership of our stockholders may decline at that time and such stockholders may experience dilution. Moreover, we can offer no assurance that we will be able to issue and sell additional equity securities in the future, on terms favorable to us or at all.

In addition, we may issue "senior securities," including borrowing money from banks or other financial institutions only in amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after such incurrence or issuance. Our ability to issue different types of securities is also limited. Compliance with these requirements may unfavorably limit our investment opportunities and reduce our ability in comparison to other companies to profit from favorable spreads between the rates at which we can borrow and the rates at which we can lend. As a business development company, therefore, we may need to issue equity more frequently than our privately owned competitors, which may lead to greater stockholder dilution.

We expect to continue to borrow for investment purposes. If the value of our assets declines, we may be unable to satisfy the asset coverage test, which could prohibit us from paying dividends and could prevent us from qualifying as a RIC. If we cannot satisfy the asset coverage test, we may be required to sell a portion of our investments and, depending on the nature of our debt financing, repay a portion of our indebtedness at a time when such sales may be disadvantageous.

In addition, we may in the future seek to securitize our portfolio securities to generate cash for funding new investments. To securitize loans, we would likely create a wholly-owned subsidiary and contribute a pool of loans to the subsidiary. We would then sell interests in the subsidiary on a non-recourse basis to purchasers and we would retain all or a portion of the equity in the subsidiary. An inability to successfully securitize our loan portfolio could limit our ability to grow our business or fully execute our business strategy and may decrease our earnings, if any. The securitization market is subject to changing market conditions and we may not be able to access this market when we would otherwise deem appropriate. Moreover, the successful securitization of our portfolio might expose us to losses as the residual investments in which we do not sell interests will tend to be those that are riskier and more apt to generate losses. The 1940 Act also may impose restrictions on the structure of any securitization.

Our SBIC subsidiary's investment adviser has no prior experience managing an SBIC and any failure to comply with SBA regulations, resulting from our SBIC subsidiary's investment adviser's lack of experience or otherwise, could have an adverse effect on our operations.

On February 3, 2010, our wholly-owned subsidiary, Fifth Street Mezzanine Partners IV, L.P., received a license, effective February 1, 2010, from the SBA to operate as an SBIC under Section 301(c) of the Small Business Investment Act of 1958 and is regulated by the SBA. The SBIC license allows our SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures. The SBA places certain limitations on the financing terms of investments by SBICs in portfolio companies and prohibits SBICs from providing funds for certain purposes or to businesses in a few prohibited industries. Compliance with SBIC requirements may cause our SBIC subsidiary to forego attractive investment opportunities that are not permitted under SBA regulations.

Further, SBA regulations require that an SBIC be periodically examined and audited by the SBA to determine its compliance with the relevant SBA regulations. The SBA prohibits, without prior SBA approval, a "change of control" of an SBIC or transfers that would result in any person (or a group of persons acting in concert) owning 10% or more of a class of capital stock of an SBIC. If our SBIC subsidiary fails to comply with applicable SBA regulations, the SBA could, depending on the severity of the violation, limit or prohibit its use of debentures, declare outstanding debentures immediately due and payable, and/or limit it from making new investments. In addition, the SBA can revoke or suspend a license for willful or repeated violation of, or willful or repeated failure to observe, any provision of the Small Business Investment Act of 1958 or any rule or regulation promulgated thereunder. These actions by the SBA would, in turn, negatively affect us because our SBIC subsidiary is our wholly-owned subsidiary. Our SBIC subsidiary's investment adviser does

not have any prior experience managing an SBIC. Its lack of experience in complying with SBA regulations may hinder its ability to take advantage of our SBIC subsidiary's access to SBA-guaranteed debentures.

Any failure to comply with SBA regulations could have an adverse effect on our operations.

We may experience fluctuations in our quarterly results.

We could experience fluctuations in our quarterly operating results due to a number of factors, including our ability or inability to make investments in companies that meet our investment criteria, the interest rate payable on the debt securities we acquire, the level of our expenses, variations in and the timing of the recognition of realized and unrealized gains or losses, the degree to which we encounter competition in our market and general economic conditions. As a result of these factors, results for any period should not be relied upon as being indicative of performance in future periods.

Our Board of Directors may change our investment objective, operating policies and strategies without prior notice or stockholder approval, the effects of which may be adverse.

Our Board of Directors has the authority to modify or waive our current investment objective, operating policies and strategies without prior notice and without stockholder approval. We cannot predict the effect any changes to our current investment objective, operating policies and strategies would have on our business, net asset value, operating results and value of our stock. However, the effects might be adverse, which could negatively impact our ability to pay you distributions and cause you to lose part or all of your investment.

We will be subject to corporate-level income tax if we are unable to maintain our qualification as a RIC under Subchapter M of the Code or do not satisfy the annual distribution requirement.

To maintain RIC status and be relieved of federal taxes on income and gains distributed to our stockholders, we must meet the following annual distribution, income source and asset diversification requirements.

- The annual distribution requirement for a RIC will be satisfied if we distribute to our stockholders on an annual basis at least 90% of our net ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any. Because we may use debt financing, we are subject to an asset coverage ratio requirement under the 1940 Act and we may be subject to certain financial covenants under our debt arrangements that could, under certain circumstances, restrict us from making distributions necessary to satisfy the distribution requirement. If we are unable to obtain cash from other sources, we could fail to qualify for RIC tax treatment and thus become subject to corporate-level income tax.
- The income source requirement will be satisfied if we obtain at least 90% of our income for each year from dividends, interest, gains from the sale of stock or securities or similar sources.
- The asset diversification requirement will be satisfied if we meet certain asset diversification requirements at the end of each quarter of our taxable year. To satisfy this requirement, at least 50% of the value of our assets must consist of cash, cash equivalents, U.S. government securities, securities of other RICs, and other acceptable securities; and no more than 25% of the value of our assets can be invested in the securities, other than U.S. government securities or securities of other RICs, of one issuer, of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or of certain "qualified publicly traded partnerships." Failure to meet these requirements may result in our having to dispose of certain investments quickly in order to prevent the loss of RIC status. Because most of our investments will be in private companies, and therefore will be relatively illiquid, any such dispositions could be made at disadvantageous prices and could result in substantial losses.

If we fail to qualify for or maintain RIC status or to meet the annual distribution requirement for any reason and are subject to corporate income tax, the resulting corporate taxes could substantially reduce our net assets, the amount of income available for distribution and the amount of our distributions.

We may not be able to pay you distributions, our distributions may not grow over time and a portion of our distributions may be a return of capital.

We intend to pay distributions to our stockholders out of assets legally available for distribution. We cannot assure you that we will achieve investment results that will allow us to make a specified level of cash distributions or year-to-year increases in cash distributions. Our ability to pay distributions might be adversely affected by, among other things, the impact of one or more of the risk factors described in this annual report on Form 10-K. In addition, the inability to satisfy the asset coverage test applicable to us as a business development company can limit our ability to pay distributions. All distributions will be paid at the discretion of our Board of Directors and will depend on our earnings, our financial condition, maintenance of our RIC status, compliance with applicable business development company regulations and such other factors as our Board of Directors may deem relevant from time to time. We cannot assure you that we will pay distributions to our stockholders in the future.

When we make distributions, we will be required to determine the extent to which such distributions are paid out of current or accumulated earnings and profits. Distributions in excess of current and accumulated earnings and profits will be treated as a non-taxable return of capital to the extent of an investor's basis in our stock and, assuming that an investor holds our stock as a capital asset, thereafter as a capital gain.

We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income.

For federal income tax purposes, we include in income certain amounts that we have not yet received in cash, such as original issue discount or accruals on a contingent payment debt instrument, which may occur if we receive warrants in connection with the origination of a loan or possibly in other circumstances. Such original issue discount is included in income before we receive any corresponding cash payments. We also may be required to include in income certain other amounts that we do not receive in cash.

Since, in certain cases, we may recognize income before or without receiving cash representing such income, we may have difficulty meeting the annual distribution requirement necessary to be relieved of federal taxes on income and gains distributed to our stockholders. Accordingly, we may have to sell some of our investments at times and/or at prices we would not consider advantageous, raise additional debt or equity capital or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, we may fail to satisfy the annual distribution requirement and thus become subject to corporate-level income tax.

We may in the future choose to pay dividends in our own stock, in which case you may be required to pay tax in excess of the cash you receive.

We may distribute taxable dividends that are payable in part in our stock. Taxable stockholders receiving such dividends will be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for United States federal income tax purposes. As a result, a U.S. stockholder may be required to pay tax with respect to such dividends in excess of any cash received. If a U.S. stockholder sells the stock it receives as a dividend in order to pay this tax, the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our stock at the time of the sale. Furthermore, with respect to non-U.S. stockholders, we may be required to withhold U.S. tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, it may put downward pressure on the trading price of our stock.

In addition, as discussed elsewhere in this annual report on Form 10-K, our loans typically contain a payment-in-kind (“PIK”) interest provision. The PIK interest, computed at the contractual rate specified in each loan agreement, is added to the principal balance of the loan and recorded as interest income. To avoid the imposition of corporate-level tax on us, this non-cash source of income needs to be paid out to stockholders in cash distributions or, in the event that we determine to do so, in shares of our common stock, even though we have not yet collected and may never collect the cash relating to the PIK interest. As a result, if we distribute taxable dividends in the form of our common stock, we may have to distribute a stock dividend to account for PIK interest even though we have not yet collected the cash.

Our wholly-owned SBIC subsidiary may be unable to make distributions to us that will enable us to maintain RIC status, which could result in the imposition of an entity-level tax.

In order for us to continue to qualify for RIC tax treatment and to minimize corporate-level taxes, we are required to distribute substantially all of our net ordinary income and net capital gain income, including income from certain of our subsidiaries, which includes the income from our SBIC subsidiary. We are partially dependent on our SBIC subsidiary for cash distributions to enable us to meet the RIC distribution requirements. Our SBIC subsidiary may be limited by the Small Business Investment Act of 1958, and SBA regulations governing SBICs, from making certain distributions to us that may be necessary to maintain our status as a RIC. We may have to request a waiver of the SBA's restrictions for our SBIC subsidiary to make certain distributions to maintain our RIC status. We cannot assure you that the SBA will grant such waiver and if our SBIC subsidiary is unable to obtain a waiver, compliance with the SBA regulations may result in loss of RIC tax treatment and a consequent imposition of an entity-level tax on us.

Changes in laws or regulations governing our operations may adversely affect our business or cause us to alter our business strategy.

We and our portfolio companies are subject to regulation at the local, state and federal level. New legislation may be enacted or new interpretations, rulings or regulations could be adopted, including those governing the types of investments we are permitted to make or that impose limits on our ability to pledge a significant amount of our assets to secure loans, any of which could harm us and our stockholders, potentially with retroactive effect.

Additionally, any changes to the laws and regulations governing our operations relating to permitted investments may cause us to alter our investment strategy in order to avail ourselves of new or different opportunities. Such changes could result in material differences to the strategies and plans set forth in this annual report on Form 10-K and may result in our investment focus shifting from the areas of expertise of our investment adviser to other types of investments in which our investment adviser may have less expertise or little or no experience. Thus, any such changes, if they occur, could have a material adverse effect on our results of operations and the value of your investment.

We have identified deficiencies in our internal control over financial reporting from time to time. Future control deficiencies could prevent us from accurately and timely reporting our financial results.

We have identified deficiencies in our internal control over financial reporting from time to time, including significant deficiencies and material weaknesses. A “significant deficiency” is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of a company’s financial reporting. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of a company’s annual or interim financial statements will not be prevented or detected on a timely basis.

Our failure to identify deficiencies in our internal control over financial reporting in a timely manner or remediate any deficiencies, or the identification of material weaknesses or significant deficiencies in the future could prevent us from accurately and timely reporting our financial results.

Risks Relating to Our Investments

Our investments in portfolio companies may be risky, and we could lose all or part of our investment.

Investing in small and mid-sized companies involves a number of significant risks. Among other things, these companies:

- may have limited financial resources and may be unable to meet their obligations under their debt instruments that we hold, which may be accompanied by a deterioration in the value of any collateral and a reduction in the likelihood of us realizing any guarantees from subsidiaries or affiliates of our portfolio companies that we may have obtained in connection with our investments, as well as a corresponding decrease in the value of the equity components of our investments;
- may have shorter operating histories, narrower product lines, smaller market shares and/or significant customer concentrations than larger businesses, which tend to render them more vulnerable to competitors' actions and market conditions, as well as general economic downturns;
- are more likely to depend on the management talents and efforts of a small group of persons; therefore, the death, disability, resignation or termination of one or more of these persons could have a material adverse impact on our portfolio company and, in turn, on us;
- generally have less predictable operating results, may from time to time be parties to litigation, may be engaged in rapidly changing businesses with products subject to a substantial risk of obsolescence, and may require substantial additional capital to support their operations, finance expansion or maintain their competitive position; and
- generally have less publicly available information about their businesses, operations and financial condition. If we are unable to uncover all material information about these companies, we may not make a fully informed investment decision, and as a result may lose part or all of our investment.

In addition, in the course of providing significant managerial assistance to certain of our portfolio companies, certain of our officers and directors may serve as directors on the boards of such companies. To the extent that litigation arises out of our investments in these companies, our officers and directors may be named as defendants in such litigation, which could result in an expenditure of funds (through our indemnification of such officers and directors) and the diversion of management time and resources.

An investment strategy focused primarily on privately held companies presents certain challenges, including the lack of available information about these companies.

We invest primarily in privately held companies. Generally, little public information exists about these companies, including typically a lack of audited financial statements and ratings by third parties. We must therefore rely on the ability of our investment adviser to obtain adequate information to evaluate the potential risks of investing in these companies. These companies and their financial information may not be subject to the Sarbanes-Oxley Act and other rules that govern public companies. If we are unable to uncover all material information about these companies, we may not make a fully informed investment decision, and we may lose money on our investments. These factors could affect our investment returns.

If we make unsecured debt investments, we may lack adequate protection in the event our portfolio companies become distressed or insolvent and will likely experience a lower recovery than more senior debtholders in the event our portfolio companies default on their indebtedness.

We may make unsecured debt investments in portfolio companies in the future. Unsecured debt investments are unsecured and junior to other indebtedness of the portfolio company. As a consequence, the holder of an unsecured debt investment may lack adequate protection in the event the portfolio company becomes distressed or insolvent and will likely experience a lower recovery than more senior debtholders in the event the portfolio company defaults on its indebtedness. In addition, unsecured debt investments of small and mid-sized companies are often highly illiquid and in adverse market conditions may experience steep declines in valuation even if they are fully performing.

If we invest in the securities and obligations of distressed or bankrupt companies, such investments may be subject to significant risks, including lack of income, extraordinary expenses, uncertainty with respect to satisfaction of debt, lower-than expected investment values or income potentials and resale restrictions.

We are authorized to invest in the securities and other obligations of distressed or bankrupt companies. At times, distressed debt obligations may not produce income and may require us to bear certain extraordinary expenses (including legal, accounting, valuation and transaction expenses) in order to protect and recover our investment. Therefore, to the extent we invest in distressed debt, our ability to achieve current income for our stockholders may be diminished.

We also will be subject to significant uncertainty as to when and in what manner and for what value the distressed debt we invest in will eventually be satisfied (e.g., through a liquidation of the obligor's assets, an exchange offer or plan of reorganization involving the distressed debt securities or a payment of some amount in satisfaction of the obligation). In addition, even if an exchange offer is made or plan of reorganization is adopted with respect to distressed debt held by us, there can be no assurance that the securities or other assets received by us in connection with such exchange offer or plan of reorganization will not have a lower value or income potential than may have been anticipated when the investment was made.

Moreover, any securities received by us upon completion of an exchange offer or plan of reorganization may be restricted as to resale. As a result of our participation in negotiations with respect to any exchange offer or plan of reorganization with respect to an issuer of distressed debt, we may be restricted from disposing of such securities.

The lack of liquidity in our investments may adversely affect our business.

We invest, and will continue to invest, in companies whose securities are not publicly traded, and whose securities will be subject to legal and other restrictions on resale or will otherwise be less liquid than publicly traded securities. In fact, all of our assets may be invested in illiquid securities. The illiquidity of these investments may make it difficult for us to sell these investments when desired. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we had previously recorded these investments. Our investments are usually subject to contractual or legal restrictions on resale or are otherwise illiquid because there is usually no established trading market for such investments. The illiquidity of most of our investments may make it difficult for us to dispose of them at a favorable price, and, as a result, we may suffer losses.

We may not have the funds or ability to make additional investments in our portfolio companies.

After our initial investment in a portfolio company, we may be called upon from time to time to provide additional funds to such company or have the opportunity to increase our investment through the exercise of a warrant to purchase common stock. There is no assurance that we will make, or will have sufficient funds to make, follow-on investments. Any decisions not to make a follow-on investment or any inability on our part to make such an investment may have a negative impact on a portfolio company in need of such an investment, may result in a missed opportunity for us to increase our participation in a successful operation or may reduce the expected yield on the investment.

Our portfolio companies may incur debt that ranks equally with, or senior to, our investments in such companies.

We invest primarily in first and second lien debt issued by small and mid-sized companies. Our portfolio companies may have, or may be permitted to incur, other debt that ranks equally with, or senior to, the debt in which we invest. By their terms, such debt instruments may entitle the holders to receive payments of interest or principal on or before the dates on which we are entitled to receive payments with respect to the debt instruments in which we invest. Also, in the event of insolvency, liquidation, dissolution, reorganization or bankruptcy of a portfolio company, holders of debt instruments ranking senior to our investment in that portfolio company would typically be entitled to receive payment in full before we receive any distribution. After repaying such senior creditors, such portfolio company may not have any remaining assets to use for

repaying its obligation to us. In the case of debt ranking equally with debt instruments in which we invest, we would have to share on an equal basis any distributions with other creditors holding such debt in the event of an insolvency, liquidation, dissolution, reorganization or bankruptcy of the relevant portfolio company.

The disposition of our investments may result in contingent liabilities.

Most of our investments will involve private securities. In connection with the disposition of an investment in private securities, we may be required to make representations about the business and financial affairs of the portfolio company typical of those made in connection with the sale of a business. We may also be required to indemnify the purchasers of such investment to the extent that any such representations turn out to be inaccurate or with respect to certain potential liabilities. These arrangements may result in contingent liabilities that ultimately yield funding obligations that must be satisfied through our return of certain distributions previously made to us.

There may be circumstances where our debt investments could be subordinated to claims of other creditors or we could be subject to lender liability claims.

Even though we have structured some of our investments as senior loans, if one of our portfolio companies were to go bankrupt, depending on the facts and circumstances, including the extent to which we actually provided managerial assistance to that portfolio company, a bankruptcy court might recharacterize our debt investment and subordinate all or a portion of our claim to that of other creditors. We may also be subject to lender liability claims for actions taken by us with respect to a borrower's business or instances where we exercise control over the borrower. It is possible that we could become subject to a lender's liability claim, including as a result of actions taken in rendering significant managerial assistance.

Second priority liens on collateral securing loans that we make to our portfolio companies may be subject to control by senior creditors with first priority liens. If there is a default, the value of the collateral may not be sufficient to repay in full both the first priority creditors and us.

Certain loans that we make to portfolio companies will be secured on a second priority basis by the same collateral securing senior secured debt of such companies. The first priority liens on the collateral will secure the portfolio company's obligations under any outstanding senior debt and may secure certain other future debt that may be permitted to be incurred by the company under the agreements governing the loans. The holders of obligations secured by the first priority liens on the collateral will generally control the liquidation of and be entitled to receive proceeds from any realization of the collateral to repay their obligations in full before us. In addition, the value of the collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. There can be no assurance that the proceeds, if any, from the sale or sales of all of the collateral would be sufficient to satisfy the loan obligations secured by the second priority liens after payment in full of all obligations secured by the first priority liens on the collateral. If such proceeds are not sufficient to repay amounts outstanding under the loan obligations secured by the second priority liens, then we, to the extent not repaid from the proceeds of the sale of the collateral, will only have an unsecured claim against the company's remaining assets, if any.

The rights we may have with respect to the collateral securing the loans we make to our portfolio companies with senior debt outstanding may also be limited pursuant to the terms of one or more intercreditor agreements that we enter into with the holders of senior debt. Under such an intercreditor agreement, at any time that obligations that have the benefit of the first priority liens are outstanding, any of the following actions that may be taken with respect to the collateral will be at the direction of the holders of the obligations secured by the first priority liens: the ability to cause the commencement of enforcement proceedings against the collateral; the ability to control the conduct of such proceedings; the approval of amendments to collateral documents; releases of liens on the collateral; and waivers of past defaults under collateral documents. We may not have the ability to control or direct such actions, even if our rights are adversely affected.

We generally do not and will not control our portfolio companies.

We do not, and do not expect to, control most of our portfolio companies, even though we may have board representation or board observation rights, and our debt agreements may contain certain restrictive covenants. As a result, we are subject to the risk that a portfolio company in which we invest may make business decisions with which we disagree and the management of such company, as representatives of the holders of their common equity, may take risks or otherwise act in ways that do not serve our interests as a debt investor. Due to the lack of liquidity for our investments in non-traded companies, we may not be able to dispose of our interests in our portfolio companies as readily as we would like or at an appropriate valuation. As a result, a portfolio company may make decisions that could decrease the value of our portfolio holdings.

Defaults by our portfolio companies would harm our operating results.

A portfolio company's failure to satisfy financial or operating covenants imposed by us or other lenders could lead to defaults and, potentially, termination of its loans and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize a portfolio company's ability to meet its obligations under the debt or equity securities that we hold. We may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms, which may include the waiver of certain financial covenants, with a defaulting portfolio company.

We may not realize gains from our equity investments.

Certain investments that we have made in the past and may make in the future include warrants or other equity securities. In addition, we have made in the past and may make in the future direct equity investments in companies. Our goal is ultimately to realize gains upon our disposition of such equity interests. However, the equity interests we receive may not appreciate in value and, in fact, may decline in value. Accordingly, we may not be able to realize gains from our equity interests, and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses we experience. We also may be unable to realize any value if a portfolio company does not have a liquidity event, such as a sale of the business, recapitalization or public offering, which would allow us to sell the underlying equity interests. We often seek puts or similar rights to give us the right to sell our equity securities back to the portfolio company issuer. We may be unable to exercise these puts rights for the consideration provided in our investment documents if the issuer is in financial distress.

We are subject to certain risks associated with foreign investments.

We may make investments in foreign companies. Investing in foreign companies may expose us to additional risks not typically associated with investing in U.S. companies. These risks include changes in foreign exchange rates, exchange control regulations, political and social instability, expropriation, imposition of foreign taxes, less liquid markets and less available information than is generally the case in the U.S., higher transaction costs, less government supervision of exchanges, brokers and issuers, less developed bankruptcy laws, difficulty in enforcing contractual obligations, lack of uniform accounting and auditing standards and greater price volatility.

Our success will depend, in part, on our ability to anticipate and effectively manage these and other risks. We cannot assure you that these and other factors will not have a material adverse effect on our business as a whole.

We may expose ourselves to risks if we engage in hedging transactions.

We have and may in the future enter into hedging transactions, which may expose us to risks associated with such transactions. We may utilize instruments such as forward contracts and interest rate swaps, caps, collars and floors to seek to hedge against fluctuations in the relative values of our portfolio positions and amounts due under our credit facilities from changes in market interest rates. Use of these hedging instruments may include counterparty credit risk. Utilizing such hedging instruments does not eliminate the possibility of fluctuations in the values of such positions and amounts due under our credit facilities or prevent losses if the

values of such positions decline. However, such hedging can establish other positions designed to gain from those same developments, thereby offsetting the decline in the value of such portfolio positions. Such hedging transactions may also limit the opportunity for gain if the values of the underlying portfolio positions should increase. Moreover, it may not be possible to hedge against an interest rate fluctuation that is so generally anticipated that we are not able to enter into a hedging transaction at an acceptable price.

The success of our hedging transactions will depend on our ability to correctly predict movements and interest rates. Therefore, while we may enter into such transactions to seek to reduce interest rate risks, unanticipated changes in interest rates may result in poorer overall investment performance than if we had not engaged in any such hedging transactions. In addition, the degree of correlation between price movements of the instruments used in a hedging strategy and price movements in the portfolio positions being hedged may vary. Moreover, for a variety of reasons, we may not seek to establish a perfect correlation between such hedging instruments and the portfolio holdings or credit facilities being hedged. Any such imperfect correlation may prevent us from achieving the intended hedge and expose us to risk of loss. See also “— Changes in interest rates may affect our cost of capital and net investment income.”

Risks Relating to Our Common Stock

Shares of closed-end investment companies, including business development companies, may trade at a discount to their net asset value.

Shares of closed-end investment companies, including business development companies, may trade at a discount from net asset value. This characteristic of closed-end investment companies and business development companies is separate and distinct from the risk that our net asset value per share may decline. We cannot predict whether our common stock will trade at, above or below net asset value.

Investing in our common stock may involve an above average degree of risk.

The investments we make in accordance with our investment objective may result in a higher amount of risk than alternative investment options and a higher risk of volatility or loss of principal. Our investments in portfolio companies involve higher levels of risk, and therefore, an investment in our shares may not be suitable for someone with lower risk tolerance.

The market price of our common stock may fluctuate significantly.

The market price and liquidity of the market for shares of our common stock may be significantly affected by numerous factors, some of which are beyond our control and may not be directly related to our operating performance. These factors include:

- significant volatility in the market price and trading volume of securities of business development companies or other companies in our sector, which are not necessarily related to the operating performance of these companies;
- inability to obtain any exemptive relief that may be required by us from the SEC;
- changes in regulatory policies, accounting pronouncements or tax guidelines, particularly with respect to RICs, business development companies and SBICs;
- loss of our BDC or RIC status or our SBIC subsidiary’s status as an SBIC;
- changes in earnings or variations in operating results;
- changes in the value of our portfolio of investments;
- any shortfall in revenue or net income or any increase in losses from levels expected by investors or securities analysts;
- departure of our investment adviser’s key personnel; and
- general economic trends and other external factors.

Certain provisions of our restated certificate of incorporation and amended and restated bylaws as well as the Delaware General Corporation Law could deter takeover attempts and have an adverse impact on the price of our common stock.

Our restated certificate of incorporation and our amended and restated bylaws as well as the Delaware General Corporation Law contain provisions that may have the effect of discouraging a third party from making an acquisition proposal for us. These anti-takeover provisions may inhibit a change in control in circumstances that could give the holders of our common stock the opportunity to realize a premium over the market price for our common stock.

We do not own any real estate or other physical properties materially important to our operations; however, we lease office space for our principal executive office at 10 Bank Street, 12th floor, White Plains, NY 10606. Our investment adviser also maintains additional office space at 500 W. Putnam Ave., Suite 400, Greenwich, CT 06830. The last reported price for our common stock on November 23, 2010 was \$11.67 per share. As of November 23, 2010, we had 13 stockholders of record, which did not include stockholders for whom shares are held in nominee or "street" name.

Sales of Unregistered Securities

While we did not engage in any sales of unregistered securities during the fiscal year ended September 30, 2010, we issued a total of 170,803 shares of common stock under our dividend reinvestment plan ("DRIP"). This issuance was not subject to the registration requirements of the Securities Act of 1933, as amended. The aggregate value the shares of our common stock issued under our DRIP was approximately \$2.0 million.

Distributions

Our dividends, if any, are determined by our Board of Directors. We have elected to be treated for federal income tax purposes as a RIC under Subchapter M of the Code. As long as we qualify as a RIC, we will not be taxed on our investment company taxable income or realized net capital gains, to the extent that such taxable income or gains are distributed, or deemed to be distributed, to stockholders on a timely basis.

To maintain RIC tax treatment, we must, among other things, distribute at least 90% of our net ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any. Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year distributions into the next tax year and pay a 4% excise tax on such income. Any such carryover taxable income must be distributed through a dividend declared prior to filing the final tax return related to the year in which such taxable income was generated. We may, in the future, make actual distributions to our stockholders of our net capital gains. We can offer no assurance that we will achieve

results that will permit the payment of any cash distributions and, if we issue senior securities, we may be prohibited from making distributions if doing so causes us to fail to maintain the asset coverage ratios stipulated by the 1940 Act or if distributions are limited by the terms of any of our borrowings. See “Item 1. Business — Regulation — Taxation as a Regulated Investment Company.”

We have adopted an “opt out” dividend reinvestment plan for our common stockholders. As a result, if we make a cash distribution, then stockholders’ cash distributions will be automatically reinvested in additional shares of our common stock, unless they specifically “opt out” of the dividend reinvestment plan so as to receive cash distributions.

Pursuant to a recent revenue procedure (Revenue Procedure 2010-12) issued by the Internal Revenue Service, or IRS, the IRS has indicated that it will treat distributions from certain publicly traded RICs (including business development companies) that are paid part in cash and part in stock as dividends that would satisfy the RIC’s annual distribution requirements and qualify for the dividends paid deduction for federal income tax purposes. In order to qualify for such treatment, the revenue procedure requires that at least 10% of the total distribution be payable in cash and that each stockholder have a right to elect to receive its entire distribution in cash. If too many stockholders elect to receive cash, each stockholder electing to receive cash must receive a proportionate share of the cash to be distributed (although no stockholder electing to receive cash may receive less than 10% of such stockholder’s distribution in cash). This revenue procedure applies to distributions declared on or before December 31, 2012 with respect to taxable years ending on or before December 31, 2011. We do not currently intend to pay dividends in shares of our common stock pursuant to the revenue procedure any time in the near future.

The following table reflects the dividend distributions per share that our Board of Directors has declared and we have paid, including shares issued under our DRIP, on our common stock from October 1, 2008 through September 30, 2010:

Stock Performance Graph

The following graph compares the cumulative 27-month total return to shareholders on Fifth Street Finance Corp.'s common stock relative to the cumulative total returns of the NYSE Composite index, the NASDAQ Financial index and a customized peer group of six companies that includes the following investment companies, which have elected to be regulated as business development companies under the 1940 Act: Apollo Investment Corp., Ares Capital Corp., Blackrock Kelso Capital Corp., Gladstone Capital Corp., MCG Capital Corp. and MVC Capital Inc. The graph assumes that the value of the investment in the common stock of each company, in each index, and in the peer group was \$100 on June 12, 2008 (the date our common stock began to trade on the NYSE Stock Market in connection with our initial public offering), assumes the reinvestment of all cash dividends prior to any tax effect, and tracks the investment through to September 30, 2010. The comparisons in the graph below are based on historical data and are not intended to forecast the possible future performance of our common stock.

Overview

We are a specialty finance company that lends to and invests in small and mid-sized companies in connection with investments by private equity sponsors. Our investment objective is to maximize our portfolio's total return by generating current income from our debt investments and capital appreciation from our equity investments.

We were formed as a Delaware limited partnership (Fifth Street Mezzanine Partners III, L.P.) on February 15, 2007. Effective as of January 2, 2008, Fifth Street Mezzanine Partners III, L.P. merged with and into Fifth Street Finance Corp. At the time of the merger, all outstanding partnership interests in Fifth Street

Mezzanine Partners III, L.P. were exchanged for 12,480,972 shares of common stock in Fifth Street Finance Corp.

Our Consolidated Financial Statements prior to January 2, 2008 reflect our operations as a Delaware limited partnership (Fifth Street Mezzanine Partners III, L.P.) prior to our merger with and into a corporation (Fifth Street Finance Corp.).

On June 17, 2008, we completed an initial public offering of 10,000,000 shares of our common stock at the offering price of \$14.12 per share. Our shares are listed on the New York Stock Exchange under the symbol "FSC."

On July 21, 2009, we completed a follow-on public offering of 9,487,500 shares of our common stock, which included the underwriters' exercise of their over-allotment option, at the offering price of \$9.25 per share.

On September 25, 2009, we completed a follow-on public offering of 5,520,000 shares of our common stock, which included the underwriters' exercise of their over-allotment option, at the offering price of \$10.50 per share.

On January 27, 2010, we completed a follow-on public offering of 7,000,000 shares of our common stock, which did not include the underwriters' exercise of their over-allotment option, at the offering price of \$11.20 per share. On February 25, 2010, we sold 300,500 shares of our common stock at the offering price of \$11.20 per share upon the underwriters' exercise of their over-allotment option in connection with this offering.

On June 21, 2010, we completed a follow-on public offering of 9,200,000 shares of our common stock, which included the underwriters' exercise of their over-allotment option, at the offering price of \$11.50 per share.

Current Market Conditions

Since mid-2007, the global financial markets have been in a great deal of turmoil, experiencing stress, volatility, illiquidity, and disruption. This turmoil appears to have peaked in the fall of 2008, resulting in several major financial institutions becoming insolvent, being acquired, or receiving government assistance. While the turmoil in the financial markets appears to have abated somewhat, the global economy continues to experience economic uncertainty. Economic uncertainty impacts our business in many ways, including changing spreads, structures, and purchase multiples as well as the overall supply of investment capital.

Despite the economic uncertainty, our deal pipeline remains robust, with high quality transactions backed by private equity sponsors in small to mid-sized companies. As always, we remain cautious in selecting new investment opportunities, and will only deploy capital in deals which are consistent with our disciplined philosophy of pursuing superior risk-adjusted returns.

As evidenced by our recent investment activities, we expect to grow the business in part by increasing the average investment size when and where appropriate. At the same time, we expect to focus more on first lien transactions. We also expect to invest in more floating rate facilities, with rate floors, to protect against interest rate decreases.

Although we believe that we currently have sufficient capital available to fund investments, a prolonged period of market disruptions may cause us to reduce the volume of loans we originate and/or fund, which could have an adverse effect on our business, financial condition, and results of operations. In this regard, because our common stock has at times traded at a price below our then current net asset value per share and we are limited in our ability to sell our common stock at a price below net asset value per share, we may be limited in our ability to raise equity capital.

Critical Accounting Policies

FASB Accounting Standards Codification

The issuance of *FASB Accounting Standards Codification*TM (the "Codification") on July 1, 2009 (effective for interim or annual reporting periods ending after September 15, 2009), changes the way that U.S. generally accepted accounting principles ("GAAP") are referenced. Beginning on that date, the Codification officially became the single source of authoritative nongovernmental GAAP; however, SEC registrants must also consider rules, regulations, and interpretive guidance issued by the SEC or its staff. The switch affects the way companies refer to GAAP in financial statements and in their accounting policies. References to standards will consist solely of the number used in the Codification's structural organization.

Consistent with the effective date of the Codification, financial statements for periods ending after September 15, 2009, refer to the Codification structure, not pre-Codification historical GAAP.

Basis of Presentation

Effective January 2, 2008, Fifth Street Mezzanine Partners III, L.P. (the "Partnership"), a Delaware limited partnership organized on February 15, 2007, merged with and into Fifth Street Finance Corp. The merger involved the exchange of shares between companies under common control. In accordance with the guidance on exchanges of shares between entities under common control, our results of operations and cash flows for the fiscal year ended September 30, 2008 are presented as if the merger had occurred as of October 1, 2007. Accordingly, no adjustments were made to the carrying value of assets and liabilities (or the cost basis of investments) as a result of the merger. Prior to January 2, 2008, references to Fifth Street are to the Partnership. After January 2, 2008, references to Fifth Street, FSC, "we" or "our" are to Fifth Street Finance Corp., unless the context otherwise requires. Fifth Street's financial results for the fiscal year ended September 30, 2007 refer to the Partnership.

The preparation of financial statements in accordance with GAAP requires management to make certain estimates and assumptions affecting amounts reported in the Consolidated Financial Statements. We have identified investment valuation and revenue recognition as our most critical accounting estimates. We continuously evaluate our estimates, including those related to the matters described below. These estimates are based on the information that is currently available to us and on various other assumptions that we believe to be reasonable under the circumstances. Actual results could differ materially from those estimates under different assumptions or conditions. A discussion of our critical accounting policies follows.

Investment Valuation

We are required to report our investments that are not publicly traded or for which current market values are not readily available at fair value. The fair value is deemed to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Under Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), which we adopted effective October 1, 2008, we perform detailed valuations of our debt and equity investments on an individual basis, using market based, income based, and bond yield approaches as appropriate. In general, we utilize a bond yield method for the majority of our investments, as long as it is appropriate. If, in our judgment, the bond yield approach is not appropriate, we may use the enterprise value approach, or, in certain cases, an alternative methodology potentially including an asset liquidation or expected recovery model.

Under the market approach, we estimate the enterprise value of the portfolio companies in which we invest. There is no one methodology to estimate enterprise value and, in fact, for any one portfolio company, enterprise value is best expressed as a range of fair values, from which we derive a single estimate of

enterprise value. To estimate the enterprise value of a portfolio company, we analyze various factors, including the portfolio company's historical and projected financial results. Typically, private companies are valued based on multiples of EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization), cash flows, net income, revenues, or in limited cases, book value. We generally require portfolio companies to provide annual audited and quarterly and monthly unaudited financial statements, as well as annual projections for the upcoming fiscal year.

Under the income approach, we generally prepare and analyze discounted cash flow models based on our projections of the future free cash flows of the business. Under the bond yield approach, we use bond yield models to determine the present value of the future cash flow streams of our debt investments. We review various sources of transactional data, including private mergers and acquisitions involving debt investments with similar characteristics, and assess the information in the valuation process.

Under the bond yield approach, we use bond yield models to determine the present value of the future cash flow streams of our debt investments. We review various sources of transactional data, including private mergers and acquisitions involving debt investments with similar characteristics, and assess the information in the valuation process.

Our Board of Directors undertakes a multi-step valuation process each quarter in connection with determining the fair value of our investments:

- Our quarterly valuation process begins with each portfolio company or investment being initially valued by the deal team within our investment adviser responsible for the portfolio investment;
- Preliminary valuations are then reviewed and discussed with the principals of our investment adviser;
- Separately, independent valuation firms engaged by our Board of Directors prepare preliminary valuations on a selected basis and submit reports to us;
- The deal team compares and contrasts its preliminary valuations to the preliminary valuations of the independent valuation firms;
- The deal team prepares a valuation report for the Valuation Committee of our Board of Directors;
- The Valuation Committee of our Board of Directors is apprised of the preliminary valuations of the independent valuation firms;
- The Valuation Committee of our Board of Directors reviews the preliminary valuations, and the deal team responds and supplements the preliminary valuations to reflect any comments provided by the Valuation Committee;
- The Valuation Committee of our Board of Directors makes a recommendation to the Board of Directors; and
- Our Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith.

The fair value of all of our investments at September 30, 2010, and September 30, 2009, was determined by our Board of Directors. Our Board of Directors is solely responsible for the valuation of our portfolio investments at fair value as determined in good faith pursuant to our valuation policy and our consistently applied valuation process.

Our Board of Directors has engaged independent valuation firms to provide us with valuation assistance. Upon completion of its process each quarter, the independent valuation firms provides us with a written report regarding the preliminary valuations of selected portfolio securities as of the close of such quarter. We will continue to engage independent valuation firms to provide us with assistance regarding our determination of

the fair value of selected portfolio securities each quarter; however, our Board of Directors is ultimately and solely responsible for determining the fair value of our investments in good faith.

The portions of our portfolio valued, as a percentage of the portfolio at fair value, by independent valuation firms by period were as follows:

For the quarter ending December 31, 2007	91.9%
For the quarter ending March 31, 2008	92.1%
For the quarter ending June 30, 2008	91.7%
For the quarter ending September 30, 2008	92.8%
For the quarter ending December 31, 2008	100.0%
For the quarter ending March 31, 2009	88.7%(1)
For the quarter ending June 30, 2009	92.1%
For the quarter ending September 30, 2009	28.1%
For the quarter ending December 31, 2009	17.2%(2)
For the quarter ending March 31, 2010	26.9%
For the quarter ending June 30, 2010	53.1%
For the quarter ending September 30, 2010	61.8%

(1) 96.0% excluding our investment in IZI Medical Products, Inc., which closed on June 30, 2009 and therefore was not part of the independent valuation process

(2) 24.8% excluding four investments that closed in December 2009 and therefore were not part of the independent valuation process

Our \$50 million credit facility with Bank of Montreal was terminated effective September 16, 2009. The facility required independent valuations for at least 90% of the portfolio on a quarterly basis. With the termination of this facility, this valuation test is no longer required. However, we still intend to have a portion of the portfolio valued by an independent third party on a quarterly basis, with a substantial portion being valued on an annual basis.

As of September 30, 2010 and September 30, 2009, approximately 86.5% and 72.0%, respectively, of our total assets represented investments in portfolio companies valued at fair value.

Revenue Recognition

Interest and Dividend Income

Interest income, adjusted for amortization of premium and accretion of original issue discount, is recorded on the accrual basis to the extent that such amounts are expected to be collected. We stop accruing interest on investments when it is determined that interest is no longer collectible. Distributions from portfolio companies are recorded as dividend income when the distribution is received.

Fee Income

We receive a variety of fees in the ordinary course of business. Certain fees, such as origination fees, are capitalized and amortized in accordance with ASC 310-20 *Nonrefundable Fees and Other Costs*. In accordance with ASC 820, the net unearned fee income balance is netted against the cost and fair value of the respective investments. Other fees, such as servicing fees, are classified as fee income and recognized as they are earned on a monthly basis.

We have also structured exit fees across certain of our portfolio investments to be received upon the future exit of those investments. These fees are to be paid to us upon the sooner to occur of (i) a sale of the borrower or substantially all of the assets of the borrower, (ii) the maturity date of the loan, or (iii) the date when full prepayment of the loan occurs. Exit fees are fees which are earned and payable upon the exit of a debt security and, similar to a prepayment penalty, are not accrued or otherwise included in net

investment income until received. The receipt of such fees as well as the timing of our receipt of such fees are contingent upon a successful exit event for each of the investments.

Payment-in-Kind (PIK) Interest

Our loans typically contain a contractual PIK interest provision. The PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. We generally cease accruing PIK interest if there is insufficient value to support the accrual or if we do not expect the portfolio company to be able to pay all principal and interest due. Our decision to cease accruing PIK interest involves subjective judgments and determinations based on available information about a particular portfolio company, including whether the portfolio company is current with respect to its payment of principal and interest on its loans and debt securities; monthly and quarterly financial statements and financial projections for the portfolio company; our assessment of the portfolio company's business development success, including product development, profitability and the portfolio company's overall adherence to its business plan; information obtained by us in connection with periodic formal update interviews with the portfolio company's management and, if appropriate, the private equity sponsor; and information about the general economic and market conditions in which the portfolio company operates. Based on this and other information, we determine whether to cease accruing PIK interest on a loan or debt security. Our determination to cease accruing PIK interest on a loan or debt security is generally made well before our full write-down of such loan or debt security. In addition, if it is subsequently determined that we will not be able to collect any previously accrued PIK interest, the fair value of our loans or debt securities would decline by the amount of such previously accrued, but uncollectible, PIK interest.

For a discussion of risks we are subject to as a result of our use of PIK interest in connection with our investments, see "Item 1A. Risk Factors — Risks Relating to Our Business and Structure — We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income," "— We may in the future choose to pay dividends in our own stock, in which case you may be required to pay tax in excess of the cash you receive" and "— Our incentive fee may induce our investment adviser to make speculative investments." In addition, if it is subsequently determined that we will not be able to collect any previously accrued PIK interest, the fair value of our loans or debt securities would decline by the amount of such previously accrued, but uncollectible, PIK interest.

To maintain our status as a RIC, PIK income must be paid out to our stockholders in the form of dividends even though we have not yet collected the cash and may never collect the cash relating to the PIK interest. Accumulated PIK interest was \$19.3 million and represented 3.4% of the fair value of our portfolio of investments as of September 30, 2010 and \$12.1 million or 4.0% as of September 30, 2009. The net increase in loan balances as a result of contracted PIK arrangements are separately identified in our Consolidated Statements of Cash Flows.

Portfolio Composition

Our investments principally consist of loans, purchased equity investments and equity grants in privately-held companies. Our loans are typically secured by either a first or second lien on the assets of the portfolio company, generally have terms of up to six years (but an expected average life of between three and four years) and typically bear interest at fixed rates and, to a lesser extent, at floating rates. We are currently focusing our new debt origination efforts on first lien loans. We believe that the risk-adjusted returns from these loans are superior to second lien investments at this time and offer superior credit quality. However, we may choose to originate second lien and unsecured loans in the future.

A summary of the composition of our investment portfolio at cost and fair value as a percentage of total investments is shown in the following tables:

Portfolio Asset Quality

We employ a grading system to assess and monitor the credit risk of our investment portfolio. We rate all investments on a scale from 1 to 5. The system is intended to reflect the performance of the borrower's business, the collateral coverage of the loan, and other factors considered relevant to making a credit judgment.

- Investment Rating 1 is used for investments that are performing above expectations and/or a capital gain is expected.
- Investment Rating 2 is used for investments that are performing substantially within our expectations, and whose risks remain neutral or favorable compared to the potential risk at the time of the original investment. All new loans are initially rated 2.
- Investment Rating 3 is used for investments that are performing below our expectations and that require closer monitoring, but where we expect no loss of investment return (interest and/or dividends) or principal. Companies with a rating of 3 may be out of compliance with financial covenants.
- Investment Rating 4 is used for investments that are performing below our expectations and for which risk has increased materially since the original investment. We expect some loss of investment return, but no loss of principal.
- Investment Rating 5 is used for investments that are performing substantially below our expectations and whose risks have increased substantially since the original investment. Investments with a rating of 5 are those for which some loss of principal is expected.

The following table shows the distribution of our investments on the 1 to 5 investment rating scale at fair value, as of September 30, 2010 and September 30, 2009:

Investment Rating	September 30, 2010			September 30, 2009

(1) Due to operating performance this ratio is not measurable and, as a result, is excluded from the total portfolio calculation.

As a result of current economic conditions and their impact on certain of our portfolio companies, we have agreed to modify the payment terms of our investments in eleven of our portfolio companies as of September 30, 2010. Such modified terms include increased payment-in-kind interest provisions and/or reduced cash interest rates. These modifications, and any future modifications to our loan agreements as a result of the current economic conditions or otherwise, may limit the amount of interest income that we recognize from the modified investments, which may, in turn, limit our ability to make distributions to our stockholders.

Loans and Debt Securities on Non-Accrual Status

Five investments did not pay all of their scheduled monthly cash interest payments for the year ended September 30, 2010. As of September 30, 2010, we had also stopped accruing PIK interest and original issue discount ("OID") on these five investments. As of September 30, 2009, we had stopped accruing PIK interest and OID on five investments, including two investments that had not paid their scheduled monthly cash interest payments. As of September 30, 2008, no investments were on non-accrual status.

The non-accrual status of our portfolio investments as of September 30, 2010, September 30, 2009 and September 30, 2008 was as follows:

	September 30, 2010	September 30, 2009	September 30, 2008

Discussion and Analysis of Results and Operations

Results of Operations

The principal measure of our financial performance is the net income (loss) which includes net investment income (loss), net realized gain (loss) and net unrealized appreciation (depreciation). Net investment income is the difference between our income from interest, dividends, fees, and other investment income and total expenses. Net realized gain (loss) on investments is the difference between the proceeds received from dispositions of portfolio investments and their stated costs. Net unrealized appreciation (depreciation) is the net change in the fair value of our investment portfolio and derivative instruments.

Comparison of years ended September 30, 2010 and September 30, 2009

Total Investment Income

Total investment income for the years ended September 30, 2010 and September 30, 2009 was \$70.5 million and \$49.8 million, respectively. For the year ended September 30, 2010, this amount primarily consisted of \$63.9 million of interest income from portfolio investments (which included \$10.0 million of PIK interest), and \$6.0 million of fee income. For the year ended September 30, 2009, this amount primarily consisted of \$46.0 million of interest income from portfolio investments (which included \$7.4 million of PIK interest), and \$3.5 million of fee income.

The increase in our total investment income for the year ended September 30, 2010 as compared to the year ended September 30, 2009 was primarily attributable to a net increase of eight debt investments in our portfolio in the year-over-year period, partially offset by scheduled amortization repayments received and other debt payoffs during the same period.

Expenses

Expenses (net of the permanently waived portion of the base management fee) for the years ended September 30, 2010 and September 30, 2009 were \$27.5 million and \$18.4 million, respectively. Expenses

increased for the year ended September 30, 2010 as compared to the year ended September 30, 2009 by \$9.1 million, primarily as a result of increases in the base management fee, the incentive fee, interest expense, administrator expense, and other general and administrative expenses.

The increase in base management and incentive fees resulted from an increase in our total assets as reflected in the growth of the investment portfolio, offset partially by our investment adviser's unilateral decision to waive \$727,000 and \$172,000 of the base management fee for the years ended September 30, 2010 and September 30, 2009, respectively.

Net Investment Income

As a result of the \$20.7 million increase in total investment income as compared to the \$9.1 million increase in total expenses, net investment income for the year ended September 30, 2010 reflected a \$11.6 million, or 37.2%, increase compared to the year ended September 30, 2009.

Realized Gain (Loss) on Investments

Net realized gain (loss) on investments is the difference between the proceeds received from dispositions of portfolio investments and their stated costs. Realized losses may also be recorded in connection with our determination that certain investments are considered worthless securities and/or meet the conditions for loss recognition per the applicable tax rules.

During the year ended September 30, 2010, we recorded the following investment realization events:

- In October 2009, we received a cash payment in the amount of \$0.1 million representing a payment in full of all amounts due in connection with the cancellation of our loan agreement with American Hardwoods Industries, LLC. We recorded a \$0.1 million reduction to the previously recorded \$10.4 million realized loss on the investment in American Hardwoods;
- In March 2010, we recorded a realized loss in the amount of \$2.9 million in connection with the sale of a portion of our interest in CPAC, Inc.;
- In August 2010, we received a cash payment of \$7.6 million from Storyteller Theaters Corporation in full satisfaction of all obligations under the loan agreement. The debt investment was exited at par and no realized gain or loss was recorded on this transaction;
- In September 2010, we restructured our investment in Rail Acquisition Corp. Although the full amount owed under the loan agreement remained intact, the restructuring resulted in a material modification of the terms of the loan agreement. As such, we recorded a realized loss in the amount of \$2.6 million in accordance with EITF Abstract Issue No. 96-19;
- In September 2010, we sold our investment in Martini Park, LLC and received a cash payment in the amount of \$0.1 million. We recorded a realized loss on this investment in the amount of \$4.0 million; and
- In September 2010, we exited our investment in Rose Tarlow, Inc. and received a cash payment in the amount of \$3.6 million in full settlement of the debt investment. We recorded a realized loss on this investment in the amount of \$9.3 million.

During the year ended September 30, 2009, we exited our investment in American Hardwoods Industries, LLC and recorded a realized loss of \$10.4 million, and recorded a \$4.0 million realized loss on our investment in CPAC, Inc. in connection with our determination that the investment was permanently impaired based on, among other things, our analysis of changes in the portfolio company's business operations and prospects.

Net Change in Unrealized Appreciation or Depreciation

Net unrealized appreciation or depreciation is the net change in the fair value of our investment portfolio during the reporting period, including the reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized.

During the year ended September 30, 2010, we recorded net unrealized depreciation of \$1.8 million. This consisted of \$19.1 million of net unrealized depreciation on debt investments and \$0.8 million of net unrealized depreciation on interest rate swaps, offset by \$17.6 million of reclassifications to realized losses and \$0.5 million of net unrealized appreciation on equity investments. During the year ended September 30, 2009, we recorded net unrealized depreciation of \$10.8 million. This consisted of \$23.1 million of net unrealized depreciation on debt investments and \$2.0 million of net unrealized depreciation on equity investments, offset by \$14.3 million of reclassifications to realized losses.

Comparison of years ended September 30, 2009 and September 30, 2008

Total Investment Income

Total investment income for the years ended September 30, 2009 and September 30, 2008 was \$49.8 million and \$33.2 million, respectively. For the year ended September 30, 2009, this amount primarily consisted of \$46.0 million of interest income from portfolio investments (which included \$7.4 million of PIK interest), and \$3.5 million of fee income. For the year ended September 30, 2008, this amount primarily consisted of \$30.5 million of interest income from portfolio investments (which included \$4.9 million of PIK interest), and \$1.8 million of fee income.

The increase in our total investment income for the year ended September 30, 2009 as compared to the year ended September 30, 2008 was primarily attributable to a net increase of two debt investments in our portfolio in the year-over-year period, partially offset by debt repayments received during the same period.

Expenses

Expenses (net of the permanently waived portion of the base management fee) for the years ended September 30, 2009 and September 30, 2008 were \$18.4 million and \$13.1 million, respectively. Expenses increased for the year ended September 30, 2009 as compared to the year ended September 30, 2008 by \$5.3 million, primarily as a result of increases in base management fee, incentive fees and other general and administrative expenses.

The increase in base management fee resulted from an increase in our total assets as reflected in the growth of the investment portfolio offset partially by our investment adviser's unilateral decision to waive \$172,000 of the base management fee for the year ended September 30, 2009. Incentive fees were implemented effective January 2, 2008 when Fifth Street Mezzanine Partners III, L.P. merged with and into Fifth Street Finance Corp., and reflect the growth of our net investment income before such fees.

Net Investment Income

As a result of the \$16.6 million increase in total investment income as compared to the \$5.3 million increase in total expenses, net investment income for the year ended September 30, 2009 reflected a \$11.3 million, or 55.7%, increase compared to the year ended September 30, 2008.

Realized Gain (Loss) on Investments

Net realized gain (loss) on investments is the difference between the proceeds received from dispositions of portfolio investments and their stated costs. During the year ended September 30, 2009, we exited our investment in American Hardwoods Industries, LLC and recorded a realized loss of \$10.4 million, and recorded a \$4.0 million realized loss on our investment in CPAC, Inc. in connection with our determination that the investment was permanently impaired based on, among other things, our analysis of changes in the portfolio company's business operations and prospects. During the year ended September 30, 2008, we sold our equity investment in Filet of Chicken and realized a gain of \$62,000.

Net Change in Unrealized Appreciation or Depreciation

Net unrealized appreciation or depreciation is the net change in the fair value of our investment portfolio during the reporting period, including the reversal of previously recorded unrealized appreciation or

depreciation when gains or losses are realized. During the year ended September 30, 2009, we recorded net unrealized depreciation of \$10.8 million. This consisted of \$23.1 million of net unrealized depreciation on debt investments and \$2.0 million of net unrealized depreciation on equity investments, offset by \$14.3 million of reclassifications to realized losses. During the year ended September 30, 2008, we recorded net unrealized depreciation of \$16.9 million. This consisted of \$12.1 million of net unrealized depreciation on debt investments and \$4.8 million of net unrealized depreciation on equity investments.

Financial Condition, Liquidity and Capital Resources

Cash Flows

We have a number of alternatives available to fund the growth of our investment portfolio and our operations, including, but not limited to, raising equity, increasing debt, or funding from operational cash flow. Additionally, we may reduce investment size by syndicating a portion of any given transaction.

For the year ended September 30, 2010, we experienced a net decrease in cash and cash equivalents of \$36.4 million. During that period, we used \$239.2 million of cash in operating activities, primarily for the funding of \$325.5 million of investments, partially offset by \$44.5 million of principal payments received and \$43.0 million of net investment income. During the same period cash provided by financing activities was \$202.7 million, primarily consisting of \$179.1 million of proceeds from issuances of our common stock and \$73.0 million of SBA borrowings, partially offset by \$41.8 million of cash dividends paid, \$1.3 million of offering costs paid and \$6.3 million of deferred financing costs paid. We intend to fund our future distribution obligations through operating cash flow or with funds obtained through future equity offerings or credit facilities, as we deem appropriate.

For the year ended September 30, 2009, we experienced a net increase in cash and cash equivalents of \$90.3 million. During that period, we used \$19.7 million of cash in operating activities, primarily for the funding of \$62.0 million of investments, partially offset by \$18.3 million of principal payments received and \$31.4 million of net investment income. During the same period cash provided by financing activities was \$110.0 million, primarily consisting of \$138.6 million of proceeds from issuance of our common stock, partially offset by \$27.1 million of cash dividends paid, \$1.0 million of offering costs paid and \$0.5 million paid to repurchase shares of our common stock on the open market.

For the year ended September 30, 2008, we experienced a net increase in cash and equivalents of \$5.3 million. During that period, we used \$179.4 million of cash in operating activities primarily for the funding of \$202.4 million of investments, partially offset by \$2.2 million of principal payments received and \$20.1 million of net investment income. During the same period cash provided by financing activities was \$184.6 million, primarily consisting of \$131.3 million of proceeds from issuance of our common stock, partially offset by \$8.9 million of cash dividends paid and \$1.5 million of offering costs paid.

As of September 30, 2010, we had \$76.8 million in cash and cash equivalents, portfolio investments (at fair value) of \$563.8 million, \$3.8 million of interest and fees receivable, \$73.0 million of SBA debentures payable, no borrowings outstanding under our credit facilities, and unfunded commitments of \$49.5 million.

As of September 30, 2008, we had \$22.9 million in cash and cash equivalents, portfolio investments (at fair value) of \$273.8 million, \$2.4 million of interest receivable, no borrowings outstanding under our secured revolving credit facility and unfunded commitments of \$24.7 million.

Other Sources of Liquidity

We intend to continue to generate cash primarily from cash flows from operations, including interest earned from the temporary investment of cash in U.S. government securities and other high-quality debt investments that mature in one year or less, future borrowings and future offerings of securities. In the future,

we may also securitize a portion of our investments in first and second lien senior loans or unsecured debt or other assets. To securitize loans, we would likely create a wholly-owned subsidiary and contribute a pool of loans to the subsidiary. We would then sell interests in the subsidiary on a non-recourse basis to purchasers and we would retain all or a portion of the equity in the subsidiary. Our primary use of funds is investments in our targeted asset classes and cash distributions to holders of our common stock.

Although we expect to fund the growth of our investment portfolio through the net proceeds from future equity offerings, including our dividend reinvestment plan, and issuances of senior securities or future borrowings, to the extent permitted by the 1940 Act, our plans to raise capital may not be successful. In this regard, because our common stock has at times traded at a price below our then-current net asset value per share and we are limited in our ability to sell our common stock at a price below net asset value per share, we may be limited in our ability to raise equity capital.

In addition, we intend to distribute between 90% and 100% of our taxable income to our stockholders in order to satisfy the requirements applicable to RICs under Subchapter M of the Code. See "Regulated Investment Company Status and Distributions" below. Consequently, we may not have the funds or the ability to fund new investments, to make additional investments in our portfolio companies, to fund our unfunded commitments to portfolio companies or to repay borrowings. In addition, the illiquidity of our portfolio investments may make it difficult for us to sell these investments when desired and, if we are required to sell these investments, we may realize significantly less than their recorded value.

Also, as a business development company, we generally are required to meet a coverage ratio of total assets, less liabilities and indebtedness not represented by senior securities, to total senior securities, which include all of our borrowings and any outstanding preferred stock, of at least 200%. This requirement limits the amount that we may borrow. As of September 30, 2010, we were in compliance with this requirement. To fund growth in our investment portfolio in the future, we anticipate needing to raise additional capital from various sources, including the equity markets and the securitization or other debt-related markets, which may or may not be available on favorable terms, if at all.

Finally, in light of the conditions in the financial markets and the U.S. economy overall, we, through a wholly-owned subsidiary, sought and obtained a license from the SBA to operate an SBIC.

In this regard, on February 3, 2010, our wholly-owned subsidiary, Fifth Street Mezzanine Partners IV, L.P., received a license, effective February 1, 2010, from the SBA to operate as an SBIC under Section 301(c) of the Small Business Investment Act of 1958. SBICs are designated to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses.

The SBIC license allows our SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures. SBA-guaranteed debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten year maturity. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities.

SBA regulations currently limit the amount that our SBIC subsidiary may borrow to a maximum of \$150 million when it has at least \$75 million in regulatory capital, receives a capital commitment from the SBA and has been through an examination by the SBA subsequent to licensing. As of September 30, 2010, our SBIC subsidiary had \$75 million in regulatory capital. The SBA has issued a capital commitment to our SBIC subsidiary in the amount of \$150 million, and \$73 million of SBA debentures were outstanding as of September 30, 2010 that bore an interest rate of 3.50%, including the SBA annual charge of 0.285%.

We applied for exemptive relief from the SEC on September 9, 2009 and filed an amended application on February 8, 2010 to permit us to exclude the debt of our SBIC subsidiary guaranteed by the SBA from our 200% asset coverage test under the 1940 Act. If we receive an exemption for this SBA debt, we would have increased flexibility under the 200% asset coverage test.

Borrowings

On November 16, 2009, Fifth Street Funding, LLC, a consolidated wholly-owned bankruptcy remote, special purpose subsidiary ("Funding"), and we entered into a Loan and Servicing Agreement ("Agreement"), with respect to a three-year credit facility ("Wells Fargo facility") with Wells Fargo Bank, National Association ("Wells Fargo"), as successor to Wachovia Bank, National Association ("Wachovia"), Wells Fargo Securities, LLC, as administrative agent, each of the additional institutional and conduit lenders party thereto from time to time, and each of the lender agents party thereto from time to time, in the amount of \$50 million, with an accordion feature which allowed for potential future expansion of the facility up to \$100 million. The facility bore interest at LIBOR plus 4.0% per annum and had a maturity date of November 16, 2012.

On May 26, 2010, we amended the Wells Fargo facility to expand the borrowing capacity under that facility. Pursuant to the amendment, we received an additional \$50 million commitment, thereby increasing the size of the facility from \$50 million to \$100 million, with an accordion feature that allows for potential future expansion of that facility from a total of \$100 million up to a total of \$150 million. In addition, the interest rate of the Wells Fargo facility was reduced from LIBOR plus 4% per annum to LIBOR plus 3.5% per annum, with no LIBOR floor, and the maturity date of the facility was extended from November 16, 2012 to May 26, 2013. The facility may be extended for up to two additional years upon the mutual consent of Wells Fargo and each of the lender parties thereto.

In connection with the Wells Fargo facility, we concurrently entered into (i) a Purchase and Sale Agreement with Funding, pursuant to which we will sell to Funding certain loan assets we have originated or acquired, or will originate or acquire and (ii) a Pledge Agreement with Wells Fargo, pursuant to which we pledged all of our equity interests in Funding as security for the payment of Funding's obligations under the Agreement and other documents entered into in connection with the Wells Fargo facility.

The Agreement and related agreements governing the Wells Fargo facility required both Funding and us to, among other things (i) make representations and warranties regarding the collateral as well as each of our businesses, (ii) agree to certain indemnification obligations, and (iii) comply with various covenants, servicing procedures, limitations on acquiring and disposing of assets, reporting requirements and other customary requirements for similar credit facilities. The Wells Fargo facility agreements also include usual and customary default provisions such as the failure to make timely payments under the facility, a change in control of Funding, and the failure by Funding or us to materially perform under the Agreement and related agreements governing the facility, which, if not complied with, could accelerate repayment under the facility, thereby materially and adversely affecting our liquidity, financial condition and results of operations.

The Wells Fargo facility is secured by all of the assets of Funding, and all of our equity interest in Funding. We intend to use the net proceeds of the Wells Fargo facility to fund a portion of our loan origination activities and for general corporate purposes. Each loan origination under the facility is subject to the satisfaction of certain conditions. We cannot be assured that Funding will be able to borrow funds under the Wells Fargo facility at any particular time or at all. As of September 30, 2010, we had no borrowings outstanding under the Wells Fargo facility.

On May 27, 2010, we entered into a three-year secured syndicated revolving credit facility ("ING facility") pursuant to a Senior Secured Revolving Credit Agreement ("ING Credit Agreement") with certain lenders party thereto from time to time and ING Capital LLC, as administrative agent. The ING facility allows for us to borrow money at a rate of either (i) LIBOR plus 3.5% per annum or (ii) 2.5% per annum plus an alternate base rate based on the greatest of the Prime Rate, Federal Funds Rate plus 0.5% per annum or LIBOR plus 1% per annum, and has a maturity date of May 27, 2013. The ING facility also allows us to request letters of credit from ING Capital LLC, as the issuing bank. The initial commitment under the ING facility is \$90 million, and the ING facility includes an accordion feature that allows for potential future expansion of the facility up to a total of \$150 million. The ING facility is secured by substantially all of our assets, as well as the assets of two of our wholly-owned subsidiaries, FSFC Holdings, Inc. and FSF/MP Holdings, Inc., subject to certain exclusions for, among other things, equity interests in our SBIC subsidiary and equity interests in Funding as further set forth in a Guarantee, Pledge and Security Agreement ("ING Security Agreement") entered into in connection with the ING Credit Agreement, among FSFC Holdings, Inc., FSF/MP Holdings, Inc., ING Capital LLC, as collateral agent, and us. Neither our SBIC subsidiary nor Funding is party to the ING facility and their respective assets have not been pledged in connection therewith. The ING facility provides that we may use the proceeds and letters of credit under the facility for general corporate purposes, including acquiring and funding leveraged loans, mezzanine loans, high-yield securities, convertible securities, preferred stock, common stock and other investments.

Pursuant to the ING Security Agreement, FSFC Holdings, Inc. and FSF/MP Holdings, Inc. guaranteed the obligations under the ING Security Agreement, including our obligations to the lenders and the administrative agent under the ING Credit Agreement. Additionally, we pledged our entire equity interests in FSFC Holdings, Inc. and FSF/MP Holdings, Inc. to the collateral agent pursuant to the terms of the ING Security Agreement.

The ING Credit Agreement and related agreements governing the ING facility required FSFC Holdings, Inc., FSF/MP Holdings, Inc. and us to, among other things (i) make representations and warranties regarding the collateral as well as each of our businesses, (ii) agree to certain indemnification obligations, and (iii) agree to comply with various affirmative and negative covenants and other customary requirements for similar credit facilities. The ING facility documents also include usual and customary default provisions such as the failure to make timely payments under the facility, the occurrence of a change in control, and the failure by us to materially perform under the ING Credit Agreement and related agreements governing the facility, which, if

not complied with, could accelerate repayment under the facility, thereby materially and adversely affecting our liquidity, financial condition and results of operations.

Each loan or letter of credit originated under the ING facility is subject to the satisfaction of certain conditions. We cannot be assured that we will be able to borrow funds under the ING facility at any particular time or at all.

Through September 30, 2010, there had been no borrowings or repayments on the ING facility.

As of September 30, 2010, except for assets that were funded through our SBIC subsidiary, substantially all of our assets were pledged as collateral under the Wells Fargo facility or the ING facility.

Interest expense for the years ended September 30, 2010, 2009 and 2008 was \$1.9 million, \$0.6 million, and \$0.9 million, respectively.

The following table describes significant financial covenants with which we must comply under each of our credit facilities on a quarterly basis:

We were also in compliance with all financial covenants under these credit facilities based on the financial information filed in this Form 10-K for the year ended September 30, 2010.

We and our SBIC subsidiary are also subject to certain regulatory requirements relating to our borrowings. For a discussion of such requirements, see “Item 1. Business — Regulation — Business Development Company Regulations” and “— Small Business Investment Company Regulations.”

Off-Balance Sheet Arrangements

We may be a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financial needs of our portfolio companies. As of September 30, 2010, our only off-balance sheet arrangements consisted of \$49.5 million of unfunded commitments, which was comprised of \$46.7 million to provide debt financing to certain of our portfolio companies and \$2.8 million related to unfunded limited partnership interests. As of September 30, 2009, our only off-balance sheet arrangements consisted of \$9.8 million, which was comprised of \$7.8 million to provide debt financing to certain of our portfolio companies and \$2.0 million related to unfunded limited partnership interests. Such commitments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the Statement of Assets and Liabilities and are not reflected on our Consolidated Statement of Assets and Liabilities.

Contractual Obligations

On February 3, 2010, our SBIC subsidiary received a license, effective February 1, 2010, from the SBA to operate as an SBIC. The SBIC license allows our SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures. SBA-guaranteed debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten year maturity. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities. As of September 30, 2010, we had \$73 million of SBA debentures payable that bore an interest rate of 3.50%, including the SBA annual charge of 0.285%.

On November 16, 2009, we entered into the Wells Fargo facility in the amount of \$50 million with an accordion feature, which allowed for potential future expansion of the Wells Fargo facility up to \$100 million. The Wells Fargo facility bore interest at LIBOR plus 4% per annum and had a maturity date of November 26, 2012. On May 26, 2010, we amended the Wells Fargo facility to expand our borrowing capacity under that facility. Pursuant to the amendment, we received an additional \$50 million commitment, thereby increasing the size of the Wells Fargo facility from \$50 million to \$100 million, with an accordion feature that allows for potential future expansion of that facility from a total of \$100 million up to a total of \$150 million. In addition, the interest rate of the Wells Fargo facility was reduced from LIBOR plus 4% per annum to LIBOR plus 3.5% per annum, with no LIBOR floor, and the maturity date of the facility was extended from November 16, 2012 to May 26, 2013.

On May 27, 2010, we entered into the ING facility, which allows for us to borrow money at a rate of either (i) LIBOR plus 3.5% per annum or (ii) 2.5% per annum plus an alternate base rate based on the greatest of the Prime Rate, Federal Funds Rate plus 0.5% per annum or LIBOR plus 1% per annum, and has a maturity date of May 27, 2013. The ING facility also allows us to request letters of credit from ING Capital LLC, as the issuing bank. The initial commitment under the ING facility is \$90 million, and the ING facility includes an accordion feature that allows for potential future expansion of the facility up to a total of \$150 million.

As of September 30, 2010, we had no borrowings outstanding under either the Wells Fargo facility or the ING facility.

The following table reflects our contractual obligations arising from the SBA debentures payable, the Wells Fargo Facility and the ING Facility:

We have entered into two contracts under which we have material future commitments, the investment advisory agreement, pursuant to which Fifth Street Management LLC has agreed to serve as our investment

adviser, and the administration agreement, pursuant to which FSC, Inc. has agreed to furnish us with the facilities and administrative services necessary to conduct our day-to-day operations.

Regulated Investment Company Status and Dividends

Effective as of January 2, 2008, Fifth Street Mezzanine Partners III, L.P. merged with and into Fifth Street Finance Corp., which has elected to be treated as a business development company under the 1940 Act. We elected, effective as of January 2, 2008, to be treated as a RIC under Subchapter M of the Code. As long as we qualify as a RIC, we will not be taxed on our investment company taxable income or realized net capital gains, to the extent that such taxable income or gains are distributed, or deemed to be distributed, to stockholders on a timely basis.

Taxable income generally differs from net income for financial reporting purposes due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized appreciation or depreciation until realized. Dividends declared and paid by us in a year may differ from taxable income for that year as such dividends may include the distribution of current year taxable income or the distribution of prior year taxable income carried forward into and distributed in the current year. Distributions also may include returns of capital.

To maintain RIC tax treatment, we must, among other things, distribute, with respect to each taxable year, at least 90% of our investment company taxable income (i.e., our net ordinary income and our realized net short-term capital gains in excess of realized net long-term capital losses, if any). As a RIC, we are also subject to a federal excise tax, based on distributive requirements of our taxable income on a calendar year basis (e.g., calendar year 2010). We anticipate timely distribution of our taxable income within the tax rules; however, we may incur a U.S. federal excise tax for the calendar year 2010. We intend to distribute to our stockholders between 90% and 100% of our annual taxable income (which includes our taxable interest and fee income). However, in future periods, we will be partially dependent on our SBIC subsidiary for cash distributions to enable us to meet the RIC distribution requirements. Our SBIC subsidiary may be limited by the Small Business Investment Act of 1958, and SBA regulations governing SBICs, from making certain distributions to us that may be necessary to enable us to maintain our status as a RIC. We may have to request a waiver of the SBA's restrictions for our SBIC subsidiary to make certain distributions to maintain our RIC status. We cannot assure you that the SBA will grant such waiver. Also, the financial covenants under the Wells Fargo facility could, under certain circumstances, restrict Fifth Street Funding, LLC from making distributions to us and, as a result, hinder our ability to satisfy the distribution requirement. In addition, we may retain for investment some or all of our net taxable capital gains (i.e., realized net long-term capital gains in excess of realized net short-term capital losses) and treat such amounts as deemed distributions to our stockholders. If we do this, our stockholders will be treated as if they received actual distributions of the capital gains we retained and then reinvested the net after-tax proceeds in our common stock. Our stockholders also may be eligible to claim tax credits (or, in certain circumstances, tax refunds) equal to their allocable share of the tax we paid on the capital gains deemed distributed to them. To the extent our taxable earnings for a fiscal taxable year fall below the total amount of our dividends for that fiscal year, a portion of those dividend distributions may be deemed a return of capital to our stockholders.

We may not be able to achieve operating results that will allow us to make distributions at a specific level or to increase the amount of these distributions from time to time. In addition, we may be limited in our ability to make distributions due to the asset coverage test for borrowings applicable to us as a business development company under the 1940 Act and due to provisions in our credit facilities. If we do not distribute a certain percentage of our taxable income annually, we will suffer adverse tax consequences, including possible loss of our status as a RIC. We cannot assure stockholders that they will receive any distributions or distributions at a particular level.

Pursuant to a recent revenue procedure (Revenue Procedure 2010-12), or the Revenue Procedure, issued by the Internal Revenue Service, or IRS, the IRS has indicated that it will treat distributions from certain publicly traded RICs (including BDCs) that are paid part in cash and part in stock as dividends that would satisfy the RIC's annual distribution requirements and qualify for the dividends paid deduction for federal

income tax purposes. In order to qualify for such treatment, the Revenue Procedure requires that at least 10% of the total distribution be payable in cash and that each stockholder have a right to elect to receive its entire distribution in cash. If too many stockholders elect to receive cash, each stockholder electing to receive cash must receive a proportionate share of the cash to be distributed (although no stockholder electing to receive cash may receive less than 10% of such stockholder's distribution in cash). This Revenue Procedure applies to distributions declared on or before December 31, 2012 with respect to taxable years ending on or before December 31, 2011. We have no current intention of paying dividends in shares of our stock.

Related Party Transactions

We have entered into an investment advisory agreement with Fifth Street Management LLC, our investment adviser. Fifth Street Management is controlled by Leonard M. Tannenbaum, its managing member and the chairman of our Board of Directors and our chief executive officer. Pursuant to the investment advisory agreement, fees payable to our investment adviser will be equal to (a) a base management fee of 2.0% of the value of our gross assets, which includes any borrowings for investment purposes, and (b) an incentive fee based on our performance. Our investment adviser agreed to permanently waive that portion of its base management fee attributable to our assets held in the form of cash and cash equivalents as of the end of each quarter beginning March 31, 2010. The incentive fee consists of two parts. The first part is calculated and payable quarterly in arrears and equals 20% of our "Pre-Incentive Fee Net Investment Income" for the immediately preceding quarter, subject to a preferred return, or "hurdle," and a "catch up" feature. The second part is determined and payable in arrears as of the end of each fiscal year (or upon termination of the investment advisory agreement) and equals 20% of our "Incentive Fee Capital Gains," which equals our realized capital gains on a cumulative basis from inception through the end of the year, if any, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fee.

The investment advisory agreement may be terminated by either party without penalty upon no fewer than 60 days' written notice to the other. Since we entered into the investment advisory agreement in December 2007, we have paid our investment adviser \$8.4 million, \$13.7 million and \$20.0 million for the fiscal years ended September 30, 2008, September 30, 2009, and September 30, 2010, respectively, under the investment advisory agreement.

Pursuant to the administration agreement with FSC, Inc., which is controlled by Mr. Tannenbaum, FSC, Inc. will furnish us with the facilities and administrative services necessary to conduct our day-to-day operations, including equipment, clerical, bookkeeping and recordkeeping services at such facilities. In addition, FSC, Inc. will assist us in connection with the determination and publishing of our net asset value, the preparation and filing of tax returns and the printing and dissemination of reports to our stockholders. We will pay FSC, Inc. our allocable portion of overhead and other expenses incurred by it in performing its obligations under the administration agreement, including a portion of the rent and the compensation of our chief financial officer and chief compliance officer and their respective staffs. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for us by our chief compliance officer, Bernard D. Berman, given his compensation arrangement with our investment adviser. Although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future. The administration agreement may be terminated by either party without penalty upon no fewer than 60 days' written notice to the other. Since we entered into the administration agreement in December 2007, we have paid FSC, Inc. approximately \$1.6 million, \$1.3 million and \$2.0 million for the fiscal years ended September 30, 2008, September 30, 2009 and September 30, 2010, respectively, under the administration agreement.

We have also entered into a license agreement with Fifth Street Capital LLC pursuant to which Fifth Street Capital LLC has agreed to grant us a non-exclusive, royalty-free license to use the name "Fifth Street." Under this agreement, we will have a right to use the "Fifth Street" name, for so long as Fifth Street Management LLC or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we will have no legal right to the "Fifth Street" name. Fifth Street Capital LLC is controlled by Mr. Tannenbaum, its managing member.

Recent Developments

On October 1, 2010, we closed a \$63.5 million senior secured debt facility to support the acquisition of a provider of technology solutions. The investment is backed by a private equity sponsor and \$51.0 million was funded at closing. The terms of this investment include a \$12.5 million revolver at an interest rate of LIBOR + 7.5% per annum, a \$29.0 million Term Loan A at an interest rate of LIBOR + 7.5% per annum and a \$22.0 million Term Loan B at an interest rate of 12.5% per annum. This is a first lien facility with a scheduled maturity of five years.

On October 1, 2010, we received a cash payment of \$8.6 million from Goldco, Inc. in full satisfaction of all obligations under the loan agreement. The debt investment was exited at par.

On October 13, 2010, Nicos Polymers & Grinding, Inc., an existing portfolio company, filed for Chapter 11 bankruptcy as part of a restructuring of that investment. The bankruptcy was subsequently moved to a court mandated mediation process. On November 15, 2010, we and the major shareholder of Nicos Polymers & Grinding, Inc. agreed to a binding term sheet to settle the restructuring via an out of court foreclosure process. The restructuring will result in Nicos Polymers & Grinding retaining \$10.0 million of senior term debt at an interest rate of 8.0% with a scheduled maturity of seven years, along with a \$1.0 million to \$3.0 million expandable revolving line of credit.

On October 22, 2010, our Board of Directors authorized a stock repurchase program to acquire up to \$20 million of our outstanding common stock. Stock repurchases under this program are to be made through the open market at times and in such amounts as our management deems appropriate, provided that the price is below the most recently published net asset value per share. The stock repurchase program expires December 31, 2011 and may be limited or terminated by the Board of Directors at any time without prior notice.

On October 22, 2010, our Board of Directors approved an amendment to our DRIP to allow for a 5% discount on newly issued shares purchased through the DRIP, provided the shares will not be issued at a price below the most recently published net asset value per share.

On October 27, 2010, we paid a dividend in the amount of \$0.10 per share to stockholders of record on October 6, 2010.

On November 4, 2010, we held a foreclosure auction of the assets of Vanguard Vinyl, Inc., an existing portfolio company, as part of a loan restructuring. The restructuring broke up Vanguard Vinyl, Inc. into two operating companies. One operating company, located in California will maintain \$0.8 million of senior secured term debt at an interest rate of 8.0%, along with a \$0.4 million revolving line of credit; both loans have a scheduled maturity of three years. The other operating company will manage operations in Utah with \$2.0 million of senior secured term debt at an interest rate of 8.0%, along with a \$1.0 million revolving line of credit; both loans have a scheduled maturity of three years. The Hawaii operations will maintain \$3.8 million of senior secured term debt at an interest rate of 8% with a scheduled maturity of six months.

On November 5, 2010, we amended the Wells Fargo facility to, among other things, provide for the issuance from time to time of letters of credit for the benefit of our portfolio companies. The letters of credit are subject to certain restrictions, including a borrowing base limitation and an aggregate sublimit of \$15.0 million.

On November 15, 2010, our SBIC subsidiary drew \$6.0 million from its SBA commitment to use to fund future investments.

On November 16, 2010, we received a cash payment of \$11.0 million from TBA Global, LLC in full satisfaction of all obligations under the loan agreement. The debt investment was exited at par.

On November 16, 2010, we drew \$10.0 million on the Wells Fargo facility.

On November 19, 2010, we closed a \$45.5 million senior secured debt facility to support the acquisition of a provider of technology-based services. The investment is backed by a private equity sponsor and \$39.5 million was funded at closing. The terms of this investment include a \$6.0 million revolver at an interest

rate of LIBOR + 7.0% per annum with a 2% LIBOR floor, a \$16.4 million Term Loan A at an interest rate of LIBOR + 8.0% per annum with a 2% LIBOR floor, a \$21.0 million Term Loan B at an interest rate of LIBOR + 10.25% per annum with a 2% LIBOR floor, and a \$2.1 million membership interest. This is a first lien facility with a scheduled maturity of five years.

On November 24, 2010, we paid a dividend in the amount of \$0.11 per share to stockholders of record on November 3, 2010.

On November 30, 2010, our Board of Directors declared the following monthly dividends:

- \$0.1066 per share, payable on January 31, 2011 to stockholders of record on January 4, 2011;
- \$0.1066 per share, payable on February 28, 2011 to stockholders of record on February 1, 2011; and
- \$0.1066 per share, payable on March 31, 2011 to stockholders of record on March 1, 2011.

Item 7A. Quantitative and Qualitative Disclosures about Market Risk

We are subject to financial market risks, including changes in interest rates. Changes in interest rates may affect both our cost of funding and our interest income from portfolio investments, cash and cash equivalents and idle funds investments. Our risk management systems and procedures are designed to identify and analyze our risk, to set appropriate policies and limits and to continually monitor these risks and limits by means of reliable administrative and information systems and other policies and programs. Our investment income will be affected by changes in various interest rates, including LIBOR and prime rates, to the extent any of our debt investments include floating interest rates. The significant majority of our debt investments are made with fixed interest rates for the term of the investment. However, as of September 30, 2010, 32.8% of our debt investment portfolio (at fair value) and 31.4% of our debt investment portfolio (at cost) bore interest at floating rates. As of September 30, 2010, based on our applicable levels of floating-rate debt investments, a 1.0% change in interest rates would not have a material effect on our level of interest income from debt investments.

Based on our review of interest rate risk, we determine whether or not any hedging transactions are necessary to mitigate exposure to changes in interest rates. On August 16, 2010, we entered into an interest rate swap agreement that expires on August 15, 2013, for a total notional amount of \$100 million, for the purposes of hedging the interest rate risk related to the Wells facility and the ING facility. Under the interest rate swap agreement, we will pay a fixed interest rate of 0.99% and receive a floating rate based on the prevailing one-month LIBOR.

Our investments are carried at fair value as determined in good faith by our Board of Directors in accordance with the 1940 Act (See "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations — Critical Accounting Policies — Investment Valuation"). Our valuation methodology utilizes discount rates in part in valuing our investments, and changes in those discount rates may have an impact on the valuation of our investments. Assuming no changes in our investment and capital structure, a hypothetical increase or decrease in discount rates of 100 basis points would increase or decrease our net assets resulting from operations by \$12 million.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Fifth Street Finance Corp.:

In our opinion, the accompanying consolidated statement of assets and liabilities, including the consolidated schedule of investments, and the related consolidated statements of operations, changes in net assets and cash flows, present fairly, in all material respects, the financial position of Fifth Street Finance Corp. ("the Company") at September 30, 2010, and the results of its operations, the changes in its net assets and its cash flows for the year ended September 30, 2010, in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the index appearing under Item 15(2) presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of September 30, 2010, based on criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in Management's Report on Internal Control over Financial Reporting appearing on page 119 of the annual report to stockholders. Our responsibility is to express an opinion on these financial statements and on the Company's internal control over financial reporting based on our integrated audit. We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audit of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

FIFTH STREET FINANCE CORP.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Organization

Fifth Street Mezzanine Partners III, L.P. (the "Partnership"), a Delaware limited partnership, was organized on February 15, 2007 to primarily invest in debt securities of small and middle market companies. FSMPIII GP, LLC was the Partnership's general partner (the "General Partner"). The Partnership's investments were managed by Fifth Street Management LLC (the "Investment Adviser"). The General Partner and Investment Adviser were under common ownership.

Effective January 2, 2008, the Partnership merged with and into Fifth Street Finance Corp. (the "Company"), an externally managed, closed-end, non-diversified management investment company that has elected to be treated as a business development company under the Investment Company Act of 1940 (the "1940 Act"). The merger involved the exchange of shares between companies under common control. In accordance with the guidance on exchanges of shares between entities under common control, the Company's results of operations and cash flows for the year ended September 30, 2008 are presented as if the merger had occurred as of October 1, 2007. Accordingly, no adjustments were made to the carrying value of assets and liabilities (or the cost basis of investments) as a result of the merger. Fifth Street Finance Corp. is managed by the Investment Adviser. Prior to January 2, 2008, references to the Company are to the Partnership. Since January 2, 2008, references to the Company, FSC, "we" or "our" are to Fifth Street Finance Corp., unless the context otherwise requires.

The Company also has certain wholly-owned subsidiaries, including subsidiaries that are not consolidated for income tax purposes, which hold certain portfolio investments of the Company. The subsidiaries are consolidated with the Company, and the portfolio investments held by the subsidiaries are included in the Company's Consolidated Financial Statements. All significant intercompany balances and transactions have been eliminated.

The Company's shares are currently listed on the New York Stock Exchange under the symbol "FSC." The following table reflects common stock offerings that have occurred since inception:

Date	Transaction	Shares	Offering price	Gross proceeds
June 17, 2008	Initial public offering	10,000,000	\$ 14.12	\$ 141.2 million
July 21, 2009	Follow-on public offering (including underwriters' exercise of over-allotment option)	9,487,500	\$ 9.25	\$ 87.8 million
September 25, 2009	Follow-on public offering (including underwriters' exercise of over-allotment option)	5,520,000	\$ 10.50	\$ 58.0 million
January 27, 2010	Follow-on public offering	7,000,000	\$ 11.20	\$ 78.4 million
February 25, 2010	Underwriters' exercise of over-allotment option	300,500	\$ 11.20	\$ 3.4 million
June 21, 2010	Follow-on public offering (including underwriters' exercise of over-allotment option)	9,200,000	\$ 11.50	\$ 105.8 million

On February 3, 2010, the Company's consolidated wholly-owned subsidiary, Fifth Street Mezzanine Partners IV, L.P., received a license, effective February 1, 2010, from the United States Small Business Administration, or SBA, to operate as a small business investment company, or SBIC, under Section 301(c) of the Small Business Investment Act of 1958. SBICs are designated to stimulate the flow of private equity capital to eligible small businesses. Under SBA regulations, SBICs may make loans to eligible small businesses and invest in the equity securities of small businesses.

The SBIC license allows the Company's SBIC subsidiary to obtain leverage by issuing SBA-guaranteed debentures, subject to the issuance of a capital commitment by the SBA and other customary procedures.

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

SBA-guaranteed debentures are non-recourse, interest only debentures with interest payable semi-annually and have a ten year maturity. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed on a semi-annual basis at a market-driven spread over U.S. Treasury Notes with 10-year maturities.

SBA regulations currently limit the amount that the Company's SBIC subsidiary may borrow to a maximum of \$150 million when it has at least \$75 million in regulatory capital, receives a capital commitment from the SBA and has been through an examination by the SBA subsequent to licensing. As of September 30, 2010, the Company's SBIC subsidiary had \$75 million in regulatory capital. The SBA has issued a capital commitment to the Company's SBIC subsidiary in the amount of \$150 million, and \$73 million of SBA debentures were outstanding as of September 30, 2010.

The SBA restricts the ability of SBICs to repurchase their capital stock. SBA regulations also include restrictions on a "change of control" or transfer of an SBIC and require that SBICs invest idle funds in accordance with SBA regulations. In addition, the Company's SBIC subsidiary may also be limited in its ability to make distributions to the Company if it does not have sufficient capital, in accordance with SBA regulations.

The Company's SBIC subsidiary is subject to regulation and oversight by the SBA, including requirements with respect to maintaining certain minimum financial ratios and other covenants. Receipt of an SBIC license does not assure that the SBIC subsidiary will receive SBA-guaranteed debenture funding and is dependent upon the SBIC subsidiary continuing to be in compliance with SBA regulations and policies.

The SBA, as a creditor, will have a superior claim to the SBIC subsidiary's assets over the Company's stockholders in the event the Company liquidates the SBIC subsidiary or the SBA exercises its remedies under the SBA-guaranteed debentures issued by the SBIC subsidiary upon an event of default.

The Company has applied for exemptive relief from the Securities and Exchange Commission ("SEC") to permit it to exclude the debt of the SBIC subsidiary guaranteed by the SBA from the 200% asset coverage test under the 1940 Act. If the Company receives an exemption for this SBA debt, the Company would have increased flexibility under the 200% asset coverage test.

Note 2. Significant Accounting Policies

FASB Accounting Standards Codification

The issuance of *FASB Accounting Standards Codification*TM (the "Codification") on July 1, 2009 (effective for interim or annual reporting periods ending after September 15, 2009), changes the way that U.S. generally accepted accounting principles ("GAAP") are referenced. Beginning on that date, the Codification officially became the single source of authoritative nongovernmental GAAP; however, SEC registrants must also consider rules, regulations and interpretive guidance issued by the SEC or its staff. The switch affects the way companies refer to GAAP in financial statements and in their accounting policies. References to standards will consist solely of the number used in the Codification's structural organization.

Consistent with the effective date of the Codification, financial statements for periods ending after September 15, 2009, refer to the Codification structure, not pre-Codification historical GAAP.

Basis of Presentation and Liquidity:

The Consolidated Financial Statements of the Company have been prepared in accordance with GAAP and pursuant to the requirements for reporting on Form 10-K and Regulation S-X. In the opinion of management, all adjustments of a normal recurring nature considered necessary for the fair presentation of the Consolidated Financial Statements have been made. The financial results of the Company's portfolio investments are not consolidated in the Company's Consolidated Financial Statements.

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Although the Company expects to fund the growth of its investment portfolio through the net proceeds from the recent and future equity offerings, the Company's dividend reinvestment plan, and issuances of senior securities or future borrowings, to the extent permitted by the 1940 Act, the Company cannot assure that its plans to raise capital will be successful. In addition, the Company intends to distribute to its stockholders between 90% and 100% of its taxable income each year in order to satisfy the requirements applicable to Regulated Investment Companies ("RICs") under Subchapter M of the Internal Revenue Code ("Code"). Consequently, the Company may not have the funds or the ability to fund new investments, to make additional investments in its portfolio companies, to fund its unfunded commitments to portfolio companies or to repay borrowings. In addition, the illiquidity of its portfolio investments may make it difficult for the Company to sell these investments when desired and, if the Company is required to sell these investments, it may realize significantly less than their recorded value.

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions affecting amounts reported in the financial statements and accompanying notes. These estimates are based on the information that is currently available to the Company and on various other assumptions that the Company believes to be reasonable under the circumstances. Actual results could differ materially from those estimates under different assumptions and conditions. The most significant estimate inherent in the preparation of the Company's Consolidated Financial Statements is the valuation of investments and the related amounts of unrealized appreciation and depreciation.

The Consolidated Financial Statements include portfolio investments at fair value of \$563.8 million and \$299.6 million at September 30, 2010 and September 30, 2009, respectively. The portfolio investments represent 99.1% and 73.0% of net assets at September 30, 2010 and September 30, 2009, respectively, and their fair values have been determined by the Company's Board of Directors in good faith in the absence of readily available market values. Because of the inherent uncertainty of valuation, the determined values may differ significantly from the values that would have been used had a ready market existed for the investments, and the differences could be material.

The Company classifies its investments in accordance with the requirements of the 1940 Act. Under the 1940 Act, "Control Investments" are defined as investments in companies in which the Company owns more than 25% of the voting securities or has rights to maintain greater than 50% of the board representation; "Affiliate Investments" are defined as investments in companies in which the Company owns between 5% and 25% of the voting securities; and "Non-Control/Non-Affiliate Investments" are defined as investments that are neither Control Investments nor Affiliate Investments.

Fair Value Measurements:

ASC 820 *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A liability's fair value is defined as the amount that would be paid to transfer the liability to a new obligor, not the amount that would be paid to settle the liability with the creditor. Where available, fair value is based on observable market prices or parameters or derived from such prices or parameters. Where observable prices or inputs are not available or reliable, valuation techniques are applied. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency for the investments or market and the investments' complexity.

Assets recorded at fair value in the Company's Consolidated Statements of Assets and Liabilities are categorized based upon the level of judgment associated with the inputs used to measure their fair value.

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Hierarchical levels, defined by ASC 820 and directly related to the amount of subjectivity associated with the inputs to fair valuation of these assets and liabilities, are as follows:

- Level 1 — Unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data at the measurement date for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

Under ASC 820, the Company performs detailed valuations of its debt and equity investments on an individual basis, using market, income, and bond yield approaches as appropriate. In general, the Company utilizes a bond yield method for the majority of its investments, as long as it is appropriate. If, in the Company's judgment, the bond yield approach is not appropriate, it may use the enterprise value approach, or, in certain cases, an alternative methodology potentially including an asset liquidation or expected recovery model.

Under the market approach, the Company estimates the enterprise value of the portfolio companies in which it invests. There is no one methodology to estimate enterprise value and, in fact, for any one portfolio company, enterprise value is best expressed as a range of fair values, from which the Company derives a single estimate of enterprise value. To estimate the enterprise value of a portfolio company, the Company analyzes various factors, including the portfolio company's historical and projected financial results. Typically, private companies are valued based on multiples of EBITDA, cash flows, net income, revenues, or in limited cases, book value. The Company generally requires portfolio companies to provide annual audited and quarterly and monthly unaudited financial statements, as well as annual projections for the upcoming fiscal year.

Under the income approach, the Company generally prepares and analyzes discounted cash flow models based on projections of the future free cash flows of the business.

Under the bond yield approach, the Company uses bond yield models to determine the present value of the future cash flow streams of its debt investments. The Company reviews various sources of transactional data, including private mergers and acquisitions involving debt investments with similar characteristics, and assesses the information in the valuation process.

The Company's Board of Directors undertakes a multi-step valuation process each quarter in connection with determining the fair value of the Company's investments:

- The quarterly valuation process begins with each portfolio company or investment being initially valued by the deal team within the Investment Adviser responsible for the portfolio investment;
- Preliminary valuations are then reviewed and discussed with the principals of the Investment Adviser;
- Separately, independent valuation firms engaged by the Board of Directors prepare preliminary valuations on a selected basis and submit the reports to the Company;
- The deal team compares and contrasts its preliminary valuations to the preliminary valuations of the independent valuation firms;

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

- The deal team prepares a valuation report for the Valuation Committee of the Board of Directors;
- The Valuation Committee of the Board of Directors is apprised of the preliminary valuations of the independent valuation firms;
- The Valuation Committee of the Board of Directors reviews the preliminary valuations, and the deal team responds and supplements the preliminary valuations to reflect any comments provided by the Valuation Committee;
- The Valuation Committee of the Board of Directors makes a recommendation to the Board of Directors; and
- The Board of Directors discusses valuations and determines the fair value of each investment in the Company's portfolio in good faith.

The fair value of all of the Company's investments at September 30, 2010 and September 30, 2009 was determined by the Board of Directors. The Board of Directors is solely responsible for the valuation of the portfolio investments at fair value as determined in good faith pursuant to the Company's valuation policy and a consistently applied valuation process.

Realized gain or loss on the sale of investments is the difference between the proceeds received from dispositions of portfolio investments and their stated costs. Realized losses may also be recorded in connection with the Company's determination that certain investments are considered worthless securities and/or meet the conditions for loss recognition per the applicable tax rules.

Investment Income:

Interest income, adjusted for amortization of premium and accretion of original issue discount, is recorded on an accrual basis to the extent that such amounts are expected to be collected. The Company stops accruing interest on investments when it is determined that interest is no longer collectible. In connection with its investment, the Company sometimes receives nominal cost equity that is valued as part of the negotiation process with the particular portfolio company. When the Company receives nominal cost equity, the Company allocates its cost basis in its investment between its debt securities and its nominal cost equity at the time of origination. Any resulting discount from recording the loan is accreted into interest income over the life of the loan.

Distributions of earnings from portfolio companies are recorded as dividend income when the distribution is received.

The Company has investments in debt securities which contain a payment-in-kind or "PIK" interest provision. PIK interest is computed at the contractual rate specified in each investment agreement and added to the principal balance of the investment and recorded as income.

Fee income consists of the monthly collateral management fees that the Company receives in connection with its debt investments and the accreted portion of the debt origination and exit fees. The Company capitalizes upfront loan origination fees received in connection with investments. The unearned fee income from such fees is accreted into fee income, based on the straight line method or effective interest method as applicable, over the life of the investment.

The Company has also structured exit fees across certain of its portfolio investments to be received upon the future exit of those investments. These fees are to be paid to the Company upon the sooner to occur of (i) a sale of the borrower or substantially all of the assets of the borrower, (ii) the maturity date of the loan, or (iii) the date when full prepayment of the loan occurs. Exit fees are fees which are earned and payable upon the exit of a debt security and, similar to a prepayment penalty, are not accrued or otherwise included in net

investment income until received. The receipt of such fees as well the timing of the Company's receipt of such fees is contingent upon a successful exit event for each of the investments.

Cash and Cash Equivalents:

Cash and cash equivalents consist of demand deposits and highly liquid investments with maturities of three months or less, when acquired. The Company places its cash and cash equivalents with financial institutions and, at times, cash held in bank accounts may exceed the Federal Deposit Insurance Corporation insured limit. Included in cash and cash equivalents is \$0.9 million that is held at Wells Fargo Bank, National Association ("Wells Fargo") in connection with the Company's three-year credit facility. The Company is restricted in terms of access to this cash until such time as the Company submits its required monthly reporting schedules and Wells Fargo verifies the Company's compliance per the terms of the credit agreement.

Deferred Financing Costs:

Deferred financing costs consist of fees and expenses paid in connection with the closing of credit facilities and are capitalized at the time of payment. Deferred financing costs are amortized using the straight line method over the terms of the respective credit facilities. This amortization expense is included in interest expense in the Company's Consolidated Statement of Operations.

Collateral posted to bank:

Collateral posted to bank consists of cash posted as collateral with respect to the Company's interest rate swap. The Company is restricted in terms of access to this collateral until such swap is terminated or the swap agreement expires. Cash collateral posted is held in an account at Wells Fargo.

Interest Rate Swap:

The Company does not utilize hedge accounting and marks its interest rate swap to fair value on a quarterly basis through operations.

Offering Costs:

Offering costs consist of fees and expenses incurred in connection with the public offer and sale of the Company's common stock, including legal, accounting, and printing fees. \$1.1 million of offering costs have been charged to capital during the year ended September 30, 2010.

Income Taxes:

As a RIC, the Company is not subject to federal income tax on the portion of its taxable income and gains distributed currently to its stockholders as a dividend. The Company anticipates distributing between 90% and 100% of its taxable income and gains, within the Subchapter M rules, and thus the Company anticipates that it will not incur any federal or state income tax at the RIC level. As a RIC, the Company is also subject to a federal excise tax based on distributive requirements of its taxable income on a calendar year basis (e.g., calendar year 2010). The Company anticipates timely distribution of its taxable income within the tax rules; however, the Company incurred a de minimis federal excise tax for calendar years 2008 and 2009. In addition, the Company may incur a federal excise tax in future years.

The purpose of the Company's taxable subsidiaries is to permit the Company to hold equity investments in portfolio companies which are "pass through" entities for federal tax purposes in order to comply with the "source income" requirements contained in the RIC tax requirements. The taxable subsidiaries are not

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

consolidated with the Company for income tax purposes and may generate income tax expense as a result of their ownership of certain portfolio investments. This income tax expense, if any, is reflected in the Company's Consolidated Statements of Operations. The Company uses the asset and liability method to account for its taxable subsidiaries' income taxes. Using this method, the Company recognizes deferred tax assets and liabilities for the estimated future tax effects attributable to temporary differences between financial reporting and tax bases of assets and liabilities. In addition, the Company recognizes deferred tax benefits associated with net operating carry forwards that it may use to offset future tax obligations. The Company measures deferred tax assets and liabilities using the enacted tax rates expected to apply to taxable income in the years in which it expects to recover or settle those temporary differences.

ASC 740 *Accounting for Uncertainty in Income Taxes* ("ASC 740") provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the Company's Consolidated Financial Statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an ongoing analysis of tax laws, regulations and interpretations thereof. The Company recognizes the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed the Company's tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years 2008 or 2009 or expected to be taken in the Company's 2010 tax return. The Company identifies its major tax jurisdictions as U.S. Federal and New York State, and the Company is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, *Fair Value Measurements and Improving Disclosures About Fair Value Measurements (Topic 820)*, which provides for improving disclosures about fair value measurements, primarily significant transfers in and out of Levels 1 and 2, and activity in Level 3 fair value measurements. The new disclosures and clarifications of existing disclosures are effective for the interim and annual reporting periods beginning after December 15, 2009, while the disclosures about the purchases, sales, issuances, and settlements in the roll forward activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010 and for the interim periods within those fiscal years. Except for certain detailed Level 3 disclosures, which are effective for fiscal years beginning after December 15, 2010 and interim periods within those years, the new guidance became effective for the Company's fiscal 2010 second quarter. The adoption of this disclosure-only guidance is included in Note 3 — Portfolio Investments and did not have an impact on the Company's consolidated financial results.

In September 2009, the FASB issued Accounting Standards Update 2009-12, *Fair Value Measurements and Disclosures (Topic 820) — Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* which provides guidance on estimating the fair value of an alternative investment, amending ASC 820-10. The amendment is effective for interim and annual periods ending after December 15, 2009. The adoption of this guidance did not have a material impact on either the Company's consolidated financial position or results of operations.

In June 2009, the FASB issued SFAS No. 166, "Accounting for Transfers of Financial Assets — an amendment of FASB Statement No. 140" ("SFAS 166") (to be included in ASC 860 "Transfers and Servicing"). SFAS 166 will require more information about transfers of financial assets, eliminates the qualifying special purpose entity (QSPE) concept, changes the requirements for derecognizing financial assets

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

and requires additional disclosures. SFAS 166 is effective for the first annual reporting period that begins after November 15, 2009. The Company does not anticipate that SFAS 166 will have a material impact on the Company's consolidated financial statements. This statement has not yet been codified.

In June 2009, the FASB issued SFAS No. 167, *Amendments to FASB Interpretation No. 46(R)* which provides guidance with respect to consolidation of variable interest entities. This statement retains the scope of Interpretation 46(R) with the addition of entities previously considered qualifying special-purpose entities, as the concept of these entities was eliminated in SFAS No. 166, *Accounting for Transfers of Financial Assets*. This statement replaces the quantitative-based risks and rewards calculation for determining the primary beneficiary of a variable interest entity. The approach focuses on identifying which enterprise has the power to direct activities that most significantly impact the entity's economic performance and the obligation to absorb the losses or receive the benefits from the entity. It is possible that application of this revised guidance will change an enterprise's assessment of involvement with variable interest entities. This statement, which has been codified within ASC 810, *Consolidations*, was effective for the Company as of September 1, 2010. The initial adoption did not have an effect on the Company's Consolidated Financial Statements.

Note 3. Portfolio Investments

At September 30, 2010, 99.1% of net assets or \$563.8 million was invested in 38 long-term portfolio investments and 13.5% of net assets or \$76.8 million was invested in cash and cash equivalents. In comparison, at September 30, 2009, 73.0% of net assets or \$299.6 million was invested in 28 long-term portfolio investments and 27.6% of net assets or \$113.2 million was invested in cash and cash equivalents. As of September 30, 2010, primarily all of the Company's debt investments were secured by first or second priority liens on the assets of the portfolio companies. Moreover, the Company held equity investments in certain of its portfolio companies consisting of common stock, preferred stock or limited liability company interests designed to provide the Company with an opportunity for an enhanced rate of return. These instruments generally do not produce a current return, but are held for potential investment appreciation and capital gain.

At September 30, 2010 and September 30, 2009, \$375.6 million and \$281.0 million, respectively, of the Company's portfolio debt investments at fair value were at fixed rates, which represented 67.2% and 95.0%, respectively, of the Company's total portfolio of debt investments at fair value. During the years ended September 30, 2010, 2009 and 2008, the Company recorded realized losses of \$18.8 million, \$14.4 million and 0, respectively. During the years ended September 30, 2010, 2009 and 2008, the Company recorded unrealized depreciation of \$1.8 million, \$10.8 million and 16.9 million, respectively.

The composition of the Company's investments as of September 30, 2010 and September 30, 2009 at cost and fair value was as follows:

When a determination is made to classify a financial instrument within Level 3 of the valuation hierarchy, the determination is based upon the fact that the unobservable factors are the most significant to the overall fair value measurement. However, Level 3 financial instruments typically include, in addition to the unobservable or Level 3 components, observable components (that is, components that are actively quoted and can be validated by external sources). Accordingly, the appreciation (depreciation) in the tables below includes changes in fair value due in part to observable factors that are part of the valuation methodology.

Concurrent with its adoption of ASC 820, effective October 1, 2008, the Company augmented the valuation techniques it uses to estimate the fair value of its debt investments where there is not a readily available market value (Level 3). Prior to October 1, 2008, the Company estimated the fair value of its Level 3 debt investments by first estimating the enterprise value of the portfolio company which issued the debt investment. To estimate the enterprise value of a portfolio company, the Company analyzed various factors, including the portfolio companies historical and projected financial results. Typically, private companies are valued based on multiples of EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization), cash flow, net income, revenues or, in limited instances, book value.

In estimating a multiple to use for valuation purposes, the Company looked to private merger and acquisition statistics, discounted public trading multiples or industry practices. In some cases, the best valuation methodology may have been a discounted cash flow analysis based on future projections. If a portfolio company was distressed, a liquidation analysis may have provided the best indication of enterprise value.

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

If there was adequate enterprise value to support the repayment of the Company's debt, the fair value of the Level 3 loan or debt security normally corresponded to cost plus the amortized original issue discount unless the borrower's condition or other factors lead to a determination of fair value at a different amount.

Beginning on October 1, 2008, the Company also introduced a bond yield model to value these investments based on the present value of expected cash flows. The significant inputs into the model are market interest rates for debt with similar characteristics and an adjustment for the portfolio company's credit risk. The credit risk component of the valuation considers several factors including financial performance, business outlook, debt priority and collateral position.

The table below summarizes the changes in the Company's investment portfolio from September 30, 2009 to September 30, 2010.

Such commitments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the Statement of Assets and Liabilities and are not reflected on the Company's Consolidated Statement of Assets and Liabilities.

which allowed for potential future expansion of the facility up to \$100 million. The facility bore interest at LIBOR plus 4.0% per annum and had a maturity date of November 16, 2012.

On May 26, 2010, the Company amended the Wells Fargo facility to expand the borrowing capacity under that facility. Pursuant to the amendment, the Company received an additional \$50 million commitment, thereby increasing the size of the facility from \$50 million to \$100 million, with an accordion feature that allows for potential future expansion of that facility from a total of \$100 million up to a total of \$150 million. In addition, the interest rate of the Wells Fargo facility was reduced from LIBOR plus 4% per annum to LIBOR plus 3.5% per annum, with no LIBOR floor, and the maturity date of the facility was extended from November 16, 2012 to May 26, 2013. The facility may be extended for up to two additional years upon the mutual consent of Wells Fargo and each of the lender parties thereto.

The Agreement and related agreements governing the Wells Fargo facility required both Funding and the Company to, among other things (i) make representations and warranties regarding the collateral as well as each of their businesses, (ii) agree to certain indemnification obligations, and (iii) comply with various covenants, servicing procedures, limitations on acquiring and disposing of assets, reporting requirements and other customary requirements for similar credit facilities. The Wells Fargo facility agreements also include usual and customary default provisions such as the failure to make timely payments under the facility, a change in control of Funding, and the failure by Funding or the Company to materially perform under the Agreement and related agreements governing the facility, which, if not complied with, could accelerate repayment under the facility, thereby materially and adversely affecting the Company's liquidity, financial condition and results of operations. The Company is currently in compliance with all financial covenants under the Wells Fargo facility.

The Wells Fargo facility is secured by all of the assets of Funding, and all of the Company's equity interest in Funding. The Company intends to use the net proceeds of the Wells Fargo facility to fund a portion of its loan origination activities and for general corporate purposes. Each loan origination under the facility is subject to the satisfaction of certain conditions. The Company cannot be assured that Funding will be able to borrow funds under the Wells Fargo facility at any particular time or at all. Each loan or letter of credit originated under the ING facility is subject to the satisfaction of certain conditions. The Company cannot be assured that it will be able to borrow funds under the ING facility at any particular time or at all.

Through September 30, 2010, there had been no borrowings or repayments on the ING facility.

As of September 30, 2010, except for assets that were funded through the Company's SBIC subsidiary, substantially all of the Company's assets were pledged as collateral under the Wells Fargo facility or the ING facility.

Interest expense for the years ended September 30, 2010, 2009 and 2008 was \$1.9 million, \$0.6 million, and \$0.9 million, respectively.

Note 7. Interest and Dividend Income

Interest income is recorded on an accrual basis to the extent that such amounts are expected to be collected. In accordance with the Company's policy, accrued interest is evaluated periodically for collectability. The Company stops accruing interest on investments when it is determined that interest is no longer collectible. Distributions from portfolio companies are recorded as dividend income when the distribution is received.

The Company holds debt in its portfolio that contains a payment-in-kind ("PIK") interest provision. The PIK interest, which represents contractually deferred interest added to the loan balance that is generally due at the end of the loan term, is generally recorded on the accrual basis to the extent such amounts are expected to be collected. The Company generally ceases accruing PIK interest if there is insufficient value to support the accrual or if the Company does not expect the portfolio company to be able to pay all principal and interest due. The Company's decision to cease accruing PIK interest involves subjective judgments and determinations based on available information about a particular portfolio company, including whether the portfolio company is current with respect to its payment of principal and interest on its loans and debt securities; monthly and quarterly financial statements and financial projections for the portfolio company; the Company's assessment of the portfolio company's business development success, including product development, profitability and the portfolio company's overall adherence to its business plan; information obtained by the Company in

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

connection with periodic formal update interviews with the portfolio company's management and, if appropriate, the private equity sponsor; and information about the general economic and market conditions in which the portfolio company operates. Based on this and other information, the Company determines whether to cease accruing PIK interest on a loan or debt security. The Company's determination to cease accruing PIK interest on a loan or debt security is generally made well before the Company's full write-down of such loan or debt security.

Accumulated PIK interest activity for the years ended September 30, 2010 and September 30, 2009 was as follows:

	Year Ended September 30, 2010	Year Ended September 30, 2009

Loan exits	(1,143,830)	(334,703)
PIK balance at end of period	\$ 19,300,954	\$ 12,059,478

Five investments did not pay all of their scheduled monthly cash interest payments for the period ended September 30, 2010. As of September 30, 2010, the Company had also stopped accruing PIK interest and original issue discount ("OID") on these five investments. At September 30, 2009, the Company had stopped accruing PIK interest and OID on five investments, including two investments that had not paid all of their scheduled monthly cash interest payments. At September 30, 2008, no investments were on non-accrual status.

The non-accrual status of the Company's portfolio investments as of September 30, 2010, September 30, 2009, and September 30, 2008 was as follows:

Note 8. Taxable Distributable Income and Dividend Distributions

Taxable income differs from net increase (decrease) in net assets resulting from operations primarily due to: (1) unrealized appreciation (depreciation) on investments, as investment gains and losses are not included in taxable income until they are realized; (2) origination fees received in connection with investments in portfolio companies, which are amortized into interest income over the life of the investment for book purposes, are treated as taxable income upon receipt; (3) organizational and deferred offering costs; (4) recognition of interest income on certain loans; and (5) income or loss recognition on exited investments.

At September 30, 2010, the Company has a net loss carryforward of \$1.5 million to offset net capital gains, to the extent provided by federal tax law. The capital loss carryforward will expire in the Company's tax year ending September 30, 2017. During the year ended September 30, 2010, the Company realized capital losses from the sale of investments after October 31 and prior to year end ("post-October capital losses") of \$12.9 million, which for tax purposes are treated as arising on the first day of the following year.

Listed below is a reconciliation of "net increase in net assets resulting from operations" to taxable income for the year ended September 30, 2010.

Net increase in net assets resulting from operations	\$ 22,416,000
Net change in unrealized depreciation	1,828,000
Book/tax difference due to deferred loan origination fees, net	6,311,000
Book/tax difference due to organizational and offering costs	(87,000)
Book/tax difference due to interest income on certain loans	2,748,000
Book/tax difference due to capital losses not recognized	14,922,000
Other book-tax differences	(363,000)
Taxable Distributable Income(1)	\$ 47,775,000

(1) The Company's taxable income for 2010 is an estimate and will not be finally determined until the Company files its tax return for the fiscal year ended September 30, 2010. Therefore, the final taxable income may be different than the estimate.

As of September 30, 2010, the components of accumulated undistributed income on a tax basis were as follows:

Undistributed ordinary income, net (RIC status)	\$ 4,037,000
Realized capital losses	(1,539,000)
Unrealized losses, net	(34,606,000)
Accumulated partnership taxable income not subject to distribution	6,236,000
Other book-tax differences	(26,800,000)

The Company uses the asset and liability method to account for its taxable subsidiaries' income taxes. Using this method, the Company recognizes deferred tax assets and liabilities for the estimated future tax effects attributable to temporary differences between financial reporting and tax bases of assets and liabilities. In addition, the Company recognizes deferred tax benefits associated with net operating carry forwards that it may use to offset future tax obligations. The Company measures deferred tax assets and liabilities using the enacted tax rates expected to apply to taxable income in the years in which it expects to recover or settle those temporary differences. The Company has recorded a deferred tax asset for the difference in the book and tax basis of certain equity investments and tax net operating losses held by its taxable subsidiaries of \$1.4 million. However, this amount has been fully offset by a valuation allowance of \$1.4 million, since it is more likely than not that these deferred tax assets will not be realized.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Distributions to stockholders are recorded on the record date. The Company is required to distribute annually to its stockholders at least 90% of its net ordinary income and net realized short-term capital gains in excess of net realized long-term capital losses for each taxable year in order to be eligible for the tax benefits allowed to a RIC under Subchapter M of the Code. The Company anticipates paying out as a dividend all or substantially all of those amounts. The amount to be paid out as a dividend is determined by the Board of Directors and is based on management's estimate of the Company's annual taxable income. The Company maintains an "opt out" dividend reimbursement plan for its stockholders.

To date, the Company's Board of Directors declared the following distributions:

<u>Dividend Type</u>	<u>Date Declared</u>	<u>Record Date</u>	<u>Payment Date</u>	<u>Amount</u>
Quarterly	5/1/2008	5/19/2008	6/3/2008	\$0.30

Quarterly	8/2/2010	9/1/2010	9/29/2010	\$0.10
Monthly	8/2/2010	10/6/2010	10/27/2010	\$0.10
Monthly	8/2/2010	11/3/2010	11/24/2010	\$0.11
Monthly	8/2/2010	12/1/2010	12/29/2010	\$0.11

For income tax purposes, the Company estimates that these distributions will be composed entirely of ordinary income, and will be reflected as such on the Form 1099-DIV for the calendar year 2010. The Company anticipates declaring further distributions to its stockholders to meet the RIC distribution requirements.

As a RIC, the Company is also subject to a federal excise tax based on distributive requirements of its taxable income on a calendar year basis. Because the Company did not satisfy these distribution requirements for calendar years 2008 and 2009, the Company incurred a de minimis federal excise tax for those calendar years.

Note 9. Realized Gains or Losses from Investments and Net Change in Unrealized Appreciation or Depreciation from Investments

Realized gains or losses are measured by the difference between the net proceeds from the sale or redemption and the cost basis of the investment without regard to unrealized appreciation or depreciation previously recognized, and includes investments written-off during the period, net of recoveries. Realized losses may also be recorded in connection with the Company's determination that certain investments are considered worthless securities and/or meet the conditions for loss recognition per the applicable tax rules. Net change in unrealized appreciation or depreciation from investments reflects the net change in the valuation of the portfolio pursuant to the Company's valuation guidelines and the reclassification of any prior period unrealized appreciation or depreciation on exited investments.

Note 10. Concentration of Credit Risks

The Company places its cash in financial institutions and at times such balances may be in excess of the FDIC insured limit. The Company limits its exposure to credit loss by depositing its cash with high credit quality financial institutions and monitoring their financial stability.

Note 11. Related Party Transactions

The Company has entered into an investment advisory agreement with the Investment Adviser. Under the investment advisory agreement, the Company pays the Investment Adviser a fee for its services under the investment advisory agreement consisting of two components - a base management fee and an incentive fee.

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

Base management Fee

The base management fee is calculated at an annual rate of 2% of the Company's gross assets, which includes any borrowings for investment purposes. The base management fee is payable quarterly in arrears, and will be calculated based on the value of the Company's gross assets at the end of each fiscal quarter, and appropriately adjusted on a pro rata basis for any equity capital raises or repurchases during such quarter. The base management fee for any partial month or quarter will be appropriately prorated.

In addition to the proration described above, for the quarter ended September 30, 2009, the Investment Advisor waived \$172,000 of the base management fee on a portion of the proceeds raised in connection with the equity offerings the Company completed in 2009 and which were held in cash or cash equivalents at September 30, 2009.

Also, On January 6, 2010, the Company announced that the Investment Adviser had voluntarily agreed to take the following actions:

- To waive the portion of its base management fee for the quarter ended December 31, 2009 attributable to four new portfolio investments, as well as cash and cash equivalents. The amount of the management fee waived was \$727,000; and
- To permanently waive that portion of its base management fee attributable to the Company's assets held in the form of cash and cash equivalents as of the end of each quarter beginning March 31, 2010.

For purposes of the waiver, cash and cash equivalents is as defined in the notes to the Company's Consolidated Financial Statements.

For the years ended September 30, 2010, 2009 and 2008, base management fees were \$9.3 million, \$5.9 million, \$4.3 million, respectively. At September 30, 2010, the Company had a liability on its Consolidated Statement of Assets and Liabilities in the amount of \$2.9 million reflecting the unpaid portion of the base management fee payable to the Investment Adviser.

Incentive Fee

The incentive fee portion of the investment advisory agreement has two parts. The first part is calculated and payable quarterly in arrears based on the Company's "Pre-Incentive Fee Net Investment Income" for the immediately preceding fiscal quarter. For this purpose, "Pre-Incentive Fee Net Investment Income" means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees that the Company receives from portfolio companies) accrued during the fiscal quarter, minus the Company's operating expenses for the quarter (including the base management fee, expenses payable under the Company's administration agreement with FSC, Inc., and any interest expense and dividends paid on any issued and outstanding indebtedness or preferred stock, but excluding the incentive fee). Pre-Incentive Fee Net Investment Income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with PIK interest and zero coupon securities), accrued income that the Company has not yet received in cash. Pre-Incentive Fee Net Investment Income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-Incentive Fee Net Investment Income, expressed as a rate of return on the value of the Company's net assets at the end of the immediately preceding fiscal quarter, will be compared to a "hurdle rate" of 2% per quarter (8% annualized), subject to a "catch-up" provision measured as of the end of each fiscal quarter. The Company's net investment income used to calculate this part of the incentive fee is also included in the amount of its gross assets used to

FIFTH STREET FINANCE CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS — (Continued)

calculate the 2% base management fee. The operation of the incentive fee with respect to the Company's Pre-Incentive Fee Net Investment Income for each quarter is as follows:

- No incentive fee is payable to the Investment Adviser in any fiscal quarter in which the Company's Pre-Incentive Fee Net Investment Income does not exceed the hurdle rate of 2% (the "preferred return" or "hurdle");
- 100% of the Company's Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the hurdle rate but is less than or equal to 2.5% in any fiscal quarter (10% annualized) is payable to the Investment Adviser. The Company refers to this portion of its Pre-Incentive Fee Net Investment Income (which exceeds the hurdle rate but is less than or equal to 2.5%) as the "catch-up." The "catch-up" provision is intended to provide the Investment Adviser with an incentive fee of 20% on all of the Company's Pre-Incentive Fee Net Investment Income as if a hurdle rate did not apply when the Company's Pre-Incentive Fee Net Investment Income exceeds 2.5% in any fiscal quarter; and
- 20% of the amount of the Company's Pre-Incentive Fee Net Investment Income, if any, that exceeds 2.5% in any fiscal quarter (10% annualized) is payable to the Investment Adviser once the hurdle is reached and the catch-up is achieved (20% of all Pre-Incentive Fee Net Investment Income thereafter is allocated to the Investment Adviser).

The second part of the incentive fee will be determined and payable in arrears as of the end of each fiscal year (or upon termination of the investment advisory agreement, as of the termination date), commencing on September 30, 2008, and will equal 20% of the Company's realized capital gains, if any, on a cumulative basis from inception through the end of each fiscal year, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid capital gain incentive fees.

For the years ended September 30, 2010, 2009 and 2008, incentive fees were \$10.8 million, \$7.8 million and \$4.1 million, respectively. At September 30, 2010, the Company had a liability on its Consolidated Statement of Assets and Liabilities in the amount of \$2.9 million reflecting the unpaid portion of the incentive fee payable to the Investment Adviser.

Transaction fees

Prior to the merger of the Partnership with and into the Company, which occurred on January 2, 2008, the Investment Adviser received 20% of transaction origination fees. For the year ended September 30, 2008, payments for the transaction fees paid to the Investment Adviser amounted to approximately \$0.2 million and were expensed as incurred.

Indemnification

The investment advisory agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of their respective duties or by reason of the reckless disregard of their respective duties and obligations, the Company's Investment Adviser and its officers, managers, agents, employees, controlling persons, members (or their owners) and any other person or entity affiliated with it, are entitled to indemnification from the Company for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of the Investment Adviser's services under the investment advisory agreement or otherwise as the Company's Investment Adviser.

Under the administration agreement, FSC, Inc. also performs or oversees the performance of the Company's required administrative services, which includes being responsible for the financial records which the Company is required to maintain and preparing reports to the Company's stockholders and reports filed with the SEC. In addition, FSC, Inc. assists the Company in determining and publishing the Company's net asset value, overseeing the preparation and filing of the Company's tax returns and the printing and dissemination of reports to the Company's stockholders, and generally overseeing the payment of the Company's expenses and the performance of administrative and professional services rendered to the Company by others. For providing these services, facilities and personnel, the Company reimburses FSC, Inc. the allocable portion of overhead and other expenses incurred by FSC, Inc. in performing its obligations under the administration agreement, including rent and the Company's allocable portion of the costs of compensation and related expenses of the Company's chief financial officer and chief compliance officer and their staff. FSC, Inc. has voluntarily determined to forgo receiving reimbursement for the services performed for the Company by its chief compliance officer, Bernard D. Berman, given his compensation arrangement with the Investment Adviser. However, although FSC, Inc. currently intends to forgo its right to receive such reimbursement, it is under no obligation to do so and may cease to do so at any time in the future. FSC, Inc. may also provide, on the Company's behalf, managerial assistance to the Company's portfolio companies. The administration agreement may be terminated by either party without penalty upon 60 days' written notice to the other party.

For the year ended September 30, 2010, the Company accrued administrative expenses of \$2.4 million, including \$1.1 million of general and administrative expenses, that are due to FSC, Inc. Note 13. Preferred Stock

However, on April 4, 2008, the Company's Board of Directors approved a certificate of amendment to its restated certificate of incorporation reclassifying 200,000 shares of its common stock as shares of non-convertible, non-participating preferred stock, with a par value of \$0.01 and a liquidation preference of \$500 per share ("Series A Preferred Stock") and authorizing the issuance of up to 200,000 shares of Series A Preferred

Stock. The Company's certificate of amendment was also approved by the holders of a majority of the shares of its outstanding common stock through a written consent first solicited on April 7, 2008. On April 24, 2008, the Company filed its certificate of amendment and on April 25, 2008, it sold 30,000 shares of Series A Preferred Stock to a company controlled by Bruce E. Toll, one of the Company's directors at that time. During the year ended September 30, 2008, the Company paid dividends of \$234,000 on the 30,000 shares of Series A Preferred Stock. The dividend payment is considered and included in interest expense for accounting purposes since the preferred stock has a mandatory redemption feature. On June 30, 2008, the Company redeemed 30,000 shares of Series A Preferred Stock at the mandatory redemption price of 101% of the liquidation preference or \$15,150,000. The \$150,000 is considered and included in interest expense for accounting purposes due to the stock's mandatory redemption feature.

On April 20, 2010, at the Company's 2010 Annual Meeting, the Company's stockholders approved, among other things, amendments to the Company's restated certificate of incorporation to increase the number of authorized shares of common stock from 49,800,000 shares to 150,000,000 shares and to remove the Company's authority to issue shares of Series A Preferred Stock.

Note 14. Interest Rate Swaps

In August 2010, the Company entered into a three-year interest rate swap agreement to mitigate its exposure to adverse fluctuations in interest rates for a total notional amount of \$100.0 million. Under the interest rate swap agreement, the Company will pay a fixed interest rate of 0.99% and receive a floating rate based on the prevailing one-month LIBOR, which as of September 30, 2010 was 0.26%. For the year ended September 30, 2010, the Company recorded \$0.8 million of unrealized depreciation related to this swap agreement. As of September 30, 2010, this swap agreement had a fair value of \$(0.8 million), which is included in "accounts payable, accrued expenses and other liabilities" in the Company's Consolidated Statements of Assets and Liabilities.

As of September 30, 2010, the Company has posted \$1.9 million of cash as collateral with respect to the interest rate swap. The Company is restricted in terms of access to this collateral until such swap is terminated or the swap agreement expires. Cash collateral posted is held in an account at Wells Fargo.

Swaps contain varying degrees of off-balance sheet risk which could result from changes in the market values of underlying assets, indices or interest rates and similar items. As a result, the amounts recognized in the Consolidated Statement of Assets and Liabilities at any given date may not reflect the total amount of potential losses that the Company could ultimately incur.

Not applicable.

Item 9A. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of September 30, 2010 (the end of the period covered by this report), management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Securities and Exchange Act of 1934, as amended). Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, at the end of such period, our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

(b) Management's Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Exchange Act Rule 13a-15(f), and for performing an assessment of the effectiveness of internal control over financial reporting as of September 30, 2010. Internal control over financial reporting is a process designed by, or under the supervision of, our principal executive and principal financial officers, or persons performing similar functions, and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Management performed an assessment of the effectiveness of our internal control over financial reporting as of September 30, 2010 based upon the criteria set forth in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on our assessment, management determined that our internal control over financial reporting was effective as of September 30, 2010.

(c) Report of the Independent Registered Public Accounting Firm

The effectiveness of our internal control over financial reporting as of September 30, 2010 has been audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm, as stated in their report which appears herein.

(d) Changes in Internal Controls Over Financial Reporting

There have been no changes in our internal control over financing reporting that occurred during the fourth fiscal quarter of 2010 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

SECTION 2.02 Procedure for Advances.

(a) During the Reinvestment Period, the Lenders will make Advances on any Business Day at the request of the Borrower, subject to and in accordance with the terms and conditions of Sections 2.01 and 2.02 and subject to the provisions of Article III hereof.

(f) Notwithstanding anything to the contrary herein (including, without limitation, the occurrence of an Event of Default or the existence of an Unmatured Event of Default or a Borrowing Base Deficiency), if, upon the occurrence of an Event of Default or on the last day of the Reinvestment Period, the amount on deposit in the Unfunded Exposure Account is less than the aggregate Unfunded Exposure Amount, the Borrower shall request an Advance in the amount of such shortfall (the "Unfunded Exposure Amount Shortfall"). For the avoidance of doubt, the Borrower shall not be required to fund the Unfunded Exposure Account unless and until the occurrence of an Event of Default or the last day of the Reinvestment Period.

(b) Discretionary Sales. The Borrower shall be permitted to sell Loan Assets to Persons other than the Transferor or its Affiliates from time to time; *provided* that (i) the

proceeds of such sale shall be deposited into the Collection Account to be disbursed in accordance with Section 2.04 hereof, (ii) no event has occurred, or would result from such sale, which constitutes an Event of Default and no event has occurred and is continuing, or would result from such sale, which constitutes an Unmatured Event of Default or a Borrowing Base Deficiency; and (iii) the prior written consent of the Administrative Agent shall be required if such Loan Asset is sold for an amount which is less than the Adjusted Borrowing Value.

(c) Repurchase or Substitution of Warranty Loan Assets. If on any day a Loan Asset is (or becomes) a Warranty Loan Asset, no later than 10 Business Days following the earlier of knowledge by the Borrower of such Loan Asset becoming a Warranty Loan Asset or receipt by the Borrower from the Administrative Agent or the Servicer of written notice thereof, the Borrower shall either:

(i) make a deposit to the Collection Account (for allocation pursuant to Section 2.04) in immediately available funds in an amount equal to (x) the Advance Date Assigned Value multiplied by the Outstanding Balance of such Loan Asset, (y) all Hedge Breakage Costs arising as a result thereof and owed to the relevant Hedge Counterparty for any termination of one or more Hedge Transactions, in whole or in part, as required by the terms of any Hedging Agreement and (z) any expenses or fees with respect to such Loan Asset and costs and damages incurred by the Administrative Agent or by any Lender in connection with any violation by such Loan Asset of any predatory or abusive lending law which is an Applicable Law (a notification regarding the amount of such expenses or fees to be provided by the Administrative Agent to the Borrower); *provided* that the Administrative Agent shall have the right to determine whether the amount so deposited is sufficient to satisfy the foregoing requirements; or

(ii) with the prior written consent of the Administrative Agent, in its sole discretion, substitute for such Warranty Loan Asset a Substitute Eligible Loan Asset.

Upon confirmation of the deposit of the amounts set forth in Section 2.07(c)(i) into the Collection Account or the delivery by the Borrower of a Substitute Eligible Loan Asset for each Warranty Loan Asset (the date of such confirmation or delivery, the "Release Date"), such Warranty Loan Asset and related Portfolio Assets shall be removed from the Collateral Portfolio and, as applicable, the Substitute Eligible Loan Asset and related Portfolio Assets shall be included in the Collateral Portfolio. On the Release Date of each Warranty Loan Asset, the Collateral Agent, for the benefit of the Secured Parties, shall automatically and without further action be deemed to release to the Borrower, without recourse, representation or warranty, all the right, title and interest and any Lien of the Collateral Agent, for the benefit of the Secured Parties in, to and under the Warranty Loan Asset and any related Portfolio Assets and all future monies due or to become due with respect thereto.

(d) Conditions to Sales, Substitutions and Repurchases. Any sales, substitutions or repurchases effected pursuant to Sections 2.07(a), (b), or (c) shall be subject to the satisfaction of the following conditions (as certified in writing to the Administrative Agent and Collateral Agent by the Borrower):

- (i) the Borrower shall deliver a Borrowing Base Certificate to the Administrative Agent in connection with such sale, substitution or repurchase;
 - (ii) the Borrower shall deliver a list of all Loan Assets to be sold, substituted, repurchased;

 - (v) the Borrower shall notify the Administrative Agent of any amount to be deposited into the Collection Account in connection with any sale, substitution or repurchase;

 - (ix) the Borrower shall pay any Hedge Breakage Costs arising as a result of such sale, substitution or repurchase and owed to the relevant Hedge Counterparty for any termination of one or more Hedge Transactions, in whole or in part, if applicable, as required by the terms of any Hedging Agreement.
- (e) Affiliate Transactions. Notwithstanding anything to the contrary set forth herein or in any other Transaction Document, the Transferor (or an Affiliate thereof) shall not reacquire from the Borrower and the Borrower shall not transfer to the Transferor or to Affiliates of the Transferor, and none of the Transferor nor any Affiliates thereof will have a right or ability to purchase, the Loan Assets without the prior written consent of the Administrative Agent, except in the case of a Lien Release Dividend or repurchases of Loan Assets by the Transferor pursuant to Section 6.1 of the Purchase and Sale Agreement or substitutions of Loan Assets pursuant to Section 6.2 of the Purchase and Sale Agreement.

(f) Limitations on Sales and Substitutions. The Outstanding Balance of all Loan Assets (other than Warranty Loan Assets) sold pursuant to Section 2.07(b), substituted pursuant to Section 2.07(a) or released pursuant to a Lien Release Dividend during the 12-month period immediately preceding the proposed date of sale or substitution (or such lesser number of months as shall have elapsed as of such date) does not exceed 10% of the highest aggregate Outstanding Balance of any month during such 12-month period (or such lesser number of months as shall have elapsed as of such date).

(g) Lien Release Dividend. Notwithstanding any provision contained in this Agreement to the contrary, provided no Event of Default has occurred and no Unmatured Event of Default exists, on a Lien Release Dividend Date, the Borrower may dividend to the Transferor Loan Assets that were sold by the Transferor to the Borrower, or portions thereof (each, a "Lien Release Dividend"), subject to the following terms and conditions, as certified by the Borrower and the Transferor to the Administrative Agent (with a copy to the Collateral Agent and the Collateral Custodian):

(i) The Borrower and the Transferor shall have given the Administrative Agent, with a copy to the Collateral Agent and the Collateral Custodian, at least five Business Days prior written notice requesting that the Administrative Agent consent to the effectuation of a Lien Release Dividend, in the form of Exhibit J hereto (a "Notice and Request for Consent"), which consent shall be given in the sole and absolute discretion of the Administrative Agent; *provided* that, if the Administrative Agent shall not have responded to the Notice and Request for Consent by 11:00 a.m. on the day that is one Business Day prior to the proposed Lien Release Dividend Date, the Administrative Agent shall be deemed not to have given its consent;

(ii) On any Lien Release Dividend Date, no more than four Lien Release Dividends shall have been made during the 12-month period immediately preceding the proposed Lien Release Dividend Date;

(iii) After giving effect to the Lien Release Dividend on the Lien Release Dividend Date, (A) no Borrowing Base Deficiency, Event of Default or Unmatured Event of Default shall exist, (B) the representations and warranties contained in Sections 4.01, 4.02 and 4.03 hereof shall continue to be correct in all material respects, except to the extent relating to an earlier date, (C) the eligibility of any Loan Asset remaining as part of the Collateral Portfolio after the Lien Release Dividend will be redetermined as of the Lien Release Dividend Date, (D) no claim shall have been asserted or proceeding commenced challenging the enforceability or validity of any of the Required Loan Documents and (E) there shall have been no material adverse change as to the Servicer or the Borrower;

(iv) Such Lien Release Dividend must be in compliance with Applicable Law and may not (A) be made with the intent to hinder, delay or defraud any creditor of the Borrower or (B) leave the Borrower, immediately after giving effect to the Lien Release Dividend, (x) insolvent, (y) with insufficient funds to pay its obligations as and when they become due or (z) with inadequate capital for its present and anticipated business and transactions;

(v) On or prior to the Lien Release Dividend Date, the Borrower shall have (A) delivered to the Administrative Agent, with a copy to the Collateral Agent and the Collateral Custodian, a list specifying all Loan Assets or portions thereof to be transferred pursuant to such Lien Release Dividend and the Administrative Agent shall have approved the same in its sole discretion and (B) obtained all authorizations, consents and approvals required to effectuate the Lien Release Dividend;

(vi) A portion of a Loan Asset may be transferred pursuant to a Lien Release Dividend *provided* that (A) such transfer does not have an adverse effect on the portion of such Loan Asset remaining as a part of the Collateral Portfolio, any other aspect of the Collateral Portfolio, the Lenders, the Lender Agents, the Administrative Agent or any other Secured Party and (B) a new promissory note (other than with respect to a Noteless Loan Asset) for the portion of the Loan Asset remaining as a part of the Collateral Portfolio has been executed, and the original thereof has been endorsed to the Collateral Agent and delivered to the Collateral Custodian;

(vii) Each Loan Asset, or portion thereof, as applicable, shall be transferred at a value equal to the Outstanding Balance thereof, exclusive of any accrued and unpaid interest or PIK Interest thereon;

(viii) The Borrower shall deliver a Borrowing Base Certificate (including a calculation of the Borrowing Base after giving effect to such Lien Release Dividend) to the Administrative Agent;

(ix) The Borrower shall have paid in full an aggregate amount equal to the sum of all amounts due and owing to the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent or the Collateral Custodian, as applicable, under this Agreement and the other Transaction Documents, to the extent accrued to such date (including, without limitation, Breakage Fees) with respect to the Loan Assets to be transferred pursuant to such Lien Release Dividend and incurred in connection with the transfer of such Loan Assets pursuant to such Lien Release Dividend; and

(x) The Borrower and the Servicer (on behalf of the Borrower) shall pay the reasonable legal fees and expenses of the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent and the Collateral Custodian in connection with any Lien Release Dividend (including, but not limited to, expenses incurred in connection with the release of the Lien of the Collateral Agent, on behalf of the Secured Parties, and any other party having an interest in the Loan Assets in connection with such Lien Release Dividend).

SECTION 2.08 Payments and Computations, Etc.

(a) All amounts to be paid or deposited by the Borrower or the Servicer hereunder shall be paid or deposited in accordance with the terms hereof no later than 5:00 p.m. on the day when due in lawful money of the United States in immediately available funds to the Collection Account or such other account as is designated by the Administrative Agent. The Borrower or the Servicer, as applicable, shall, to the extent permitted by law, pay to the Secured

Parties interest on all amounts not paid or deposited when due to any of the Secured Parties hereunder at 4.0% per annum above the Base Rate (other than with respect to any Advances Outstanding, which shall accrue at the Yield Rate), payable on demand, from the date of such nonpayment until such amount is paid in full (as well after as before judgment); *provided*, that such interest rate shall not at any time exceed the maximum rate permitted by Applicable Law. Any Obligation hereunder shall not be reduced by any distribution of any portion of Available Collections if at any time such distribution is rescinded or required to be returned by any Lender to the Borrower or any other Person for any reason. All computations of interest and all computations of Yield and other fees hereunder shall be made on the basis of a year of 360 days for the actual number of days (including the first but excluding the last day) elapsed, other than calculations with respect to the Base Rate, which shall be based on a year consisting of 365 or 366 days, as applicable.

(b) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of Yield or any fee payable hereunder, as the case may be.

(c) If any Advance or L/C Advance requested by the Borrower (or the beneficiary, in the case of an L/C Advance) and approved by the Lender Agents and the Administrative Agent pursuant to Section 2.02 is not for any reason whatsoever, except as a result of the gross negligence or willful misconduct of, or failure to fund such Advance or L/C Advance on the part of, the Lenders, the Administrative Agent or an Affiliate thereof, made or effectuated, as the case may be, on the date specified therefor, the Borrower shall indemnify such Lender against any loss, cost or expense incurred by such Lender related thereto (other than any such loss, cost or expense solely due to the gross negligence or willful misconduct or failure to fund such Advance or L/C Advance on the part of the Lenders, the Administrative Agent or an Affiliate thereof), including, without limitation, any loss (including cost of funds and reasonable out-of-pocket expenses), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund Advances or L/C Advances or maintain the Advances or L/C Advances. Any such Lender shall provide to the Borrower documentation setting forth the amounts of any loss, cost or expense referred to in the previous sentence, such documentation to be conclusive absent manifest error.

SECTION 2.09 Non-Usage Fee.

(a) The Borrower shall pay, in accordance with Section 2.04, *pro rata* to each Lender (either directly or through the applicable Lender Agent), a non-usage fee (the "Non-Usage Fee") payable in arrears for each Remittance Period, equal to the sum of the products for each day during such Remittance Period of (i) one divided by 360, (ii) the applicable Non-Usage Fee Rate (as defined below), and (iii) the aggregate Commitments minus the Advances Outstanding on such day (such amount, the "Unused Portion"). The Non-Usage Fee Rate (the "Non-Usage Fee Rate") shall be (except as set forth pursuant to Section 2.09(b) below), (i) during the first six months following the Closing Date, 0.50% for any Unused Portion of the aggregate Commitments and (ii) thereafter (unless otherwise set forth in clause (b) below), (x) 0.50% on any Unused Portion up to or equal to an amount equal to 40% of the aggregate

Commitments and (y) 2.50% on any Unused Portion in excess of such amount equal to 40% of the aggregate Commitments.

(b) In the event of any Commitment Increase Closing Date, from such Commitment Increase Closing Date until the date which is six months after such Commitment Increase Closing Date, the Non-Usage Fee Rate shall be (i) 0.50% on any Unused Portion up to or equal to (x) the Commitment Increase Amount plus (y) an amount equal to 40% of the aggregate Commitments which existed prior to giving effect to such Commitment Increase Amount and (ii) 2.50% on any Unused Portion in excess of the amount obtained by summing subclauses (x) and (y) of the foregoing clause (i). From and after the date which is six months after such Commitment Increase Closing Date, the Non-Usage Fee Rate shall equal (i) 0.50% on any Unused Portion up to or equal to an amount equal to 40% of the aggregate Commitments and (ii) 2.50% on any Unused Portion in excess of such amount equal to 40% of the aggregate Commitments.

SECTION 2.10 Increased Costs: Capital Adequacy.

(a) If, due to either (i) the introduction of or any change following the Closing Date (including, without limitation, any change by way of imposition or increase of reserve requirements) in or in the interpretation, administration or application following the Closing Date of any Applicable Law (including, without limitation, any law or regulation resulting in any interest payments paid to any Lender under this Agreement being subject to any Tax, except for Taxes on the overall net income of such Lender), in each case whether foreign or domestic or (ii) the compliance with any guideline or request following the Closing Date from any central bank or other Governmental Authority (whether or not having the force of law), there shall be any increase in the cost to the Administrative Agent, any Lender, any Lender Agent, any Liquidity Bank or any Affiliate, participant, successor or assign thereof (each of which shall be an "Affected Party") of agreeing to make or making, funding or maintaining any Advance or L/C Advance or issuing any Letter of Credit (or any reduction of the amount of any payment (whether of principal, interest, fee, compensation or otherwise) to any Affected Party hereunder), as the case may be, or there shall be any reduction in the amount of any sum received or receivable by an Affected Party under this Agreement, under any other Transaction Document or any Liquidity Agreement, the Borrower shall, from time to time, after written demand by the Administrative Agent (which demand shall be accompanied by a statement setting forth in reasonable detail the basis for such demand), on behalf of such Affected Party, pay to the Administrative Agent, on behalf of such Affected Party, additional amounts sufficient to compensate such Affected Party for such increased costs or reduced payments within 10 days after such demand; *provided*, that the amounts payable under this Section 2.10 shall be without duplication of amounts payable under Section 2.11 and shall not include any Excluded Taxes.

(b) If either (i) the introduction of or any change following the Closing Date in or in the interpretation, administration or application following the Closing Date of any law, guideline, rule or regulation, directive or request or (ii) the compliance by any Affected Party with any law, guideline, rule, regulation, directive or request following the Closing Date, from any central bank, any Governmental Authority or agency, including, without limitation, compliance by an Affected Party with any request or directive regarding capital adequacy, has or would have the effect of reducing the rate of return on the capital of any Affected Party, as a

consequence of its obligations hereunder or any related document or arising in connection herewith or therewith to a level below that which any such Affected Party could have achieved but for such introduction, change or compliance (taking into consideration the policies of such Affected Party with respect to capital adequacy), by an amount deemed by such Affected Party to be material, then, from time to time, after demand by such Affected Party (which demand shall be accompanied by a statement setting forth in reasonable detail the basis for such demand), the Borrower shall pay the Administrative Agent on behalf of such Affected Party such additional amounts as will compensate such Affected Party for such reduction. For the avoidance of doubt, any increase in cost and/or reduction in Yield with respect to any Affected Party caused by regulatory capital allocation adjustments due to FAS 166, 167 and subsequent statements and interpretations shall constitute a circumstance on which such Affected Party may base a claim for reimbursement under this Section 2.10.

(c) If as a result of any event or circumstance similar to those described in clause (a) or (b) of this Section 2.10, any Affected Party is required to compensate a bank or other financial institution providing liquidity support, credit enhancement or other similar support to such Affected Party in connection with this Agreement or the funding or maintenance of Advances or L/C Advances hereunder, then within ten days after demand by such Affected Party, the Borrower shall pay to such Affected Party such additional amount or amounts as may be necessary to reimburse such Affected Party for any amounts payable or paid by it.

(d) In determining any amount provided for in this Section 2.10, the Affected Party may use any reasonable averaging and attribution methods. The Administrative Agent, on behalf of any Affected Party making a claim under this Section 2.10, shall submit to the Borrower a certificate setting forth in reasonable detail the basis for and the computations of such additional or increased costs, which certificate shall be conclusive absent manifest error.

(e) Failure or delay on the part of any Affected Party to demand compensation pursuant to this Section 2.10 shall not constitute a waiver of such Affected Party's right to demand or receive such compensation.

(f) If at any time the Borrower shall be liable for the payment of any additional amounts in accordance with this Section 2.10, then the Borrower shall have the option to terminate this Agreement (in accordance with the provisions of Section 2.18(b)) but without the payment of any Make-Whole Premium); *provided* that such option to terminate shall in no event relieve the Borrower of paying any amounts owing pursuant to this Section 2.10 in accordance with the terms hereof.

SECTION 2.11 Taxes.

(a) All payments made by an Obligor in respect of a Loan Asset and all payments made by the Borrower or made by the Servicer on behalf of the Borrower under this Agreement will be made free and clear of and without deduction or withholding for or on account of any Taxes. If any Taxes are required to be withheld from any amounts payable to any Indemnified Party, then the amount payable to such Person will be increased (the amount of such increase, the "Additional Amount") such that every net payment made under this Agreement after withholding for or on account of any Taxes (including, without limitation, any Taxes on

such increase) is not less than the amount that would have been paid had no such deduction or withholding been made. The foregoing obligation to pay Additional Amounts with respect to payments required to be made by the Borrower or Servicer under this Agreement will not, however, apply with respect to Taxes imposed on or measured by net income or franchise Taxes imposed on any Indemnified Party by a taxing jurisdiction in which any such Person is organized, conducts business or is paying Taxes (as the case may be) ("Excluded Taxes").

(b) The Borrower will indemnify, from funds available to it pursuant to Section 2.04 (and to the extent the funds available for indemnification provided by the Borrower is insufficient the Servicer, on behalf of the Borrower, will indemnify) each Indemnified Party for the full amount of Taxes payable by such Person in respect of Additional Amounts and any liability (including penalties, interest and expenses) arising therefrom or with respect thereto. All payments in respect of this indemnification shall be made within 10 days from the date a written invoice therefor is delivered to the Borrower.

(c) Within 30 days after the date of any payment by the Borrower or by the Servicer on behalf of the Borrower of any Taxes, the Borrower or the Servicer, as applicable, will furnish to the Administrative Agent and the Lender Agents at the applicable address set forth on this Agreement, appropriate evidence of payment thereof.

(d) If any assignee of a Lender is not created or organized under the laws of the United States or a political subdivision thereof, such Lender shall deliver to the Borrower, with a copy to the Administrative Agent, (i) within 15 days after becoming an assignee hereunder, two (or such other number as may from time to time be prescribed by Applicable Law) duly completed copies of IRS Form W-8BEN or Form W-8ECI (or any successor forms or other certificates or statements that may be required from time to time by the relevant United States taxing authorities or Applicable Law), as appropriate, to permit the Borrower to make payments hereunder for the account of such Lender without deduction or withholding of United States federal income or similar Taxes and (ii) upon the obsolescence of or after the occurrence of any event requiring a change in, any form or certificate previously delivered pursuant to this Section 2.11(d), copies (in such numbers as may from time to time be prescribed by Applicable Law or regulations) of such additional, amended or successor forms, certificates or statements as may be required under Applicable Law to permit the Borrower or the Servicer to make payments hereunder for the account of such Lender without deduction or withholding of United States federal income or similar Taxes.

(e) If, in connection with an agreement or other document providing liquidity support, credit enhancement or other similar support to any Lender in connection with this Agreement or the funding or maintenance of Advances or L/C Advances hereunder, such Lender is required to compensate a bank or other financial institution in respect of Taxes under circumstances similar to those described in this Section 2.11, then, within 10 days after demand by each applicable Lender, the Servicer shall pay (or to the extent the Servicer does not make such payment the Borrower shall pay) to such Lender such additional amount or amounts as may be necessary to reimburse such Lender for any amounts paid by them.

Without prejudice to the survival of any other agreement of the Borrower and the Servicer hereunder, the agreements and obligations of the Borrower and the Servicer contained in this Section 2.11 shall survive the termination of this Agreement.

(f) If at any time the Borrower shall be liable for the payment of any additional amounts in accordance with this Section 2.11, then the Borrower shall have the option to terminate this Agreement (in accordance with the provisions of Section 2.18(b)) but without the payment of any Make-Whole Premium); *provided* that such option to terminate shall in no event relieve the Borrower of paying any amounts owing pursuant to this Section 2.11 in accordance with the terms hereof.

SECTION 2.12 Collateral Assignment of Agreements. The Borrower hereby collaterally assigns to the Collateral Agent, for the benefit of the Secured Parties, all of the Borrower's right and title to and interest in, to and under (but not any obligations under) the Purchase and Sale Agreement (and any UCC financing statements filed under or in connection therewith), any Hedging Agreement, the Loan Agreements related to each Loan Asset, all other agreements, documents and instruments evidencing, securing or guarantying any Loan Asset and all other agreements, documents and instruments related to any of the foregoing but excluding any Excluded Amounts or Retained Interest (the "Assigned Documents"). In furtherance and not in limitation of the foregoing, the Borrower hereby collaterally assigns to the Collateral Agent, for the benefit of the Secured Parties, its right to indemnification under Article IX of the Purchase and Sale Agreement. The Borrower confirms that until the Collection Date the Collateral Agent (at the direction of the Administrative Agent) on behalf of the Secured Parties shall have the sole right to enforce the Borrower's rights and remedies under the Purchase and Sale Agreement and any UCC financing statements filed under or in connection therewith for the benefit of the Secured Parties. The parties hereto agree that such collateral assignment to the Collateral Agent, for the benefit of the Secured Parties, shall terminate upon the Collection Date.

SECTION 2.13 Grant of a Security Interest. To secure the prompt, complete and indefeasible payment in full when due, whether by lapse of time, acceleration or otherwise, of the Obligations and the performance by the Borrower of all of the covenants and obligations to be performed by it pursuant to this Agreement and each other Transaction Document, whether now or hereafter existing, due or to become due, direct or indirect, or absolute or contingent, the Borrower hereby (a) collaterally assigns and pledges to the Collateral Agent, on behalf of the Secured Parties, and (b) grants a security interest to the Collateral Agent, on behalf of the Secured Parties, in all of the Borrower's right, title and interest in, to and under (but none of the obligations under) all of the Collateral Portfolio (including any Hedging Agreements), whether now existing or hereafter arising or acquired by the Borrower, and wherever the same may be located. For the avoidance of doubt, the Collateral Portfolio shall not include any Excluded Amounts, and the Borrower does not hereby assign, pledge or grant a security interest in any such amounts. Anything herein to the contrary notwithstanding, (a) the Borrower shall remain liable under the Collateral Portfolio to the extent set forth therein to perform all of its duties and obligations thereunder to the same extent as if this Agreement had not been executed, (b) the exercise by the Collateral Agent, for the benefit of the Secured Parties, of any of its rights in the Collateral Portfolio shall not release the Borrower from any of its duties or obligations under the Collateral Portfolio, and (c) none of the Administrative Agent, the Collateral Agent, any Lender (nor its successors and assigns), any Lender Agent, any Liquidity Bank nor any Secured Party

shall have any obligations or liability under the Collateral Portfolio by reason of this Agreement, nor shall the Administrative Agent, the Collateral Agent, any Lender (nor its successors and assigns), any Lender Agent, any Liquidity Bank nor any Secured Party be obligated to perform any of the obligations or duties of the Borrower thereunder or to take any action to collect or enforce any claim for payment assigned hereunder.

SECTION 2.14 Evidence of Debt. The Administrative Agent shall maintain, solely for this purpose as the agent of the Borrower, at its address referred to in Section 11.02, a copy of each assignment and acceptance agreement and participation agreement delivered to and accepted by it and a register for the recordation of the names and addresses and interests of the Lenders (the "Register"). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Administrative Agent, each Lender and each Lender Agent shall treat each person whose name is recorded in the Register as a Lender under this Agreement for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender Agent at any reasonable time and from time to time upon reasonable prior notice.

SECTION 2.15 Survival of Representations and Warranties. It is understood and agreed that the representations and warranties set forth in Sections 4.01, 4.02 and 4.03 are made and are true and correct on the date of this Agreement and on each Cut-Off Date unless such representations and warranties are made as of a specific date.

SECTION 2.16 Release of Loan Assets.

(a) The Borrower may obtain the release of (i) any Loan Asset (and the related Portfolio Assets pertaining thereto) released pursuant to a Lien Release Dividend or sold or substituted in accordance with the applicable provisions of Section 2.07 and any Portfolio Assets pertaining to such Loan Asset and (ii) any Collateral Portfolio that expires by its terms and all amounts in respect thereof have been paid in full by the related Obligor and deposited in the Collection Account. The Collateral Agent, for the benefit of the Secured Parties, shall at the sole expense of the Servicer and at the direction of the Administrative Agent, execute such documents and instruments of release as may be prepared by the Servicer on behalf of the Borrower, give notice of such release to the Collateral Custodian (in the form of Exhibit N) (unless the Collateral Custodian and Collateral Agent are the same Person) and take other such actions as shall reasonably be requested by the Borrower to effect such release of the Lien created pursuant to this Agreement. Upon receiving such notification by the Collateral Agent as described in the immediately preceding sentence, if applicable, the Collateral Custodian shall deliver the Required Loan Documents to the Borrower.

(b) Promptly after the Collection Date has occurred, each Lender and the Administrative Agent, in accordance with their respective interests, shall release to the Borrower, for no consideration but at the sole expense of the Borrower, their respective remaining interests in the Portfolio Assets, free and clear of any Lien resulting solely from an act by the Collateral Agent, any Lender or the Administrative Agent but without any other representation or warranty, express or implied, by or recourse against any Lender or the Administrative Agent.

SECTION 2.17 Treatment of Amounts Received by the Borrower. Amounts received by the Borrower pursuant to Section 2.07 on account of Loan Assets shall be treated as payments of Principal Collections or Interest Collections, as applicable, on Loan Assets hereunder.

SECTION 2.18 Prepayment; Termination.

(a) Except as expressly permitted or required herein, including, without limitation, any repayment necessary to cure a Borrowing Base Deficiency, Advances Outstanding may only be prepaid in whole or in part at the option of the Borrower at any time by delivering a Notice of Reduction (which notice shall include a Borrowing Base Certificate) to the Administrative Agent, the Collateral Agent, the Lender Agents and the Hedge Counterparty at least one Business Day prior to such reduction for prepayments of \$25,000,000 or less and three Business Days for all other prepayments. Upon any prepayment, the Borrower shall also pay in full any Hedge Breakage Costs, Breakage Fees (solely to the extent such prepayment occurs on any day other than a Payment Date) and other accrued and unpaid costs and expenses of Administrative Agent, Lender Agents and Lenders related to such prepayment; *provided* that no reduction in Advances Outstanding shall be given effect unless (i) sufficient funds have been remitted to pay all such amounts in full, as determined by the Administrative Agent, in its sole discretion, (ii) the Borrower has complied with the terms of any Hedging Agreement requiring that one or more Hedge Transactions be terminated in whole or in part as the result of any such reduction of the Advances Outstanding, and has paid in full all Hedge Breakage Costs owing to the relevant Hedge Counterparty for any such termination and (iii) no event has occurred or would result from such prepayment which would constitute an Event of Default or an Unmatured Event of Default. The Administrative Agent shall apply amounts received from the Borrower pursuant to this Section 2.18(a) to the payment of any Hedge Breakage Costs, to the payment of any Breakage Fees and to the *pro rata* reduction of the Advances Outstanding. Any notice relating to any repayment pursuant to this Section 2.18(a) shall be irrevocable.

(b) The Borrower may, at its option, terminate this Agreement and the other Transaction Documents upon three Business Days' prior written notice to the Administrative Agent, the Lender Agents and any Hedge Counterparty and upon payment in full of all Advances Outstanding all accrued and unpaid Yield, any Breakage Fees, Hedge Breakage Costs, all accrued and unpaid costs and expenses of the Administrative Agent, Lender Agents and Lenders, payment of the Make-Whole Premium *pro rata* to each Lender Agent (for the account of the applicable Lender) and payment of all other Obligations (other than unmatured contingent indemnification obligations).

(c) The Borrower hereby acknowledges and agrees that the Make-Whole Premium constitutes additional consideration for the Lenders to enter into this Agreement.

SECTION 2.19 Extension of Stated Maturity Date and Reinvestment Period.

(a) The Borrower may, within 60 days but not less than 45 days prior to the Stated Maturity Date, make a request to the Lenders to extend the date set forth in the definition of "Stated Maturity Date" for an additional period of one year. The Stated Maturity Date may be extended by one year by mutual agreement among the Administrative Agent, each of the

Lenders, the Borrower and the Servicer (such extension, the "Initial Stated Maturity Extension"). Following such Initial Stated Maturity Extension, the Borrower may, within 60 days but not less than 45 days prior to the Stated Maturity Date (as revised by the Initial Stated Maturity Extension), make a request to the Lenders to extend the date set forth in the definition of "Stated Maturity Date" (as revised by the Initial Stated Maturity Extension) for an additional period of one year. The Stated Maturity Date (as revised by the Initial Stated Maturity Extension) may be extended by one year upon the mutual agreement among the Administrative Agent, each of the Lenders, the Borrower and the Servicer (such extension, the "Second Stated Maturity Extension"). The effectiveness of either the Initial Stated Maturity Extension or the Second Stated Maturity Extension shall be conditioned upon the payment of any fees set forth in any Lender Fee Letter which shall be payable upon such extension. The Borrower confirms that any of the Lenders or the Administrative Agent, in their sole and absolute discretion, without regard to the value or performance of the Loan Assets or any other factor, may elect not to extend the Stated Maturity Date.

(b) The Borrower may, within 60 days but not less than 45 days prior to the date set forth in clause (i) of the definition of "Reinvestment Period", make a request to the Lenders to extend the date set forth in clause (i) of the definition of "Reinvestment Period" for an additional period of one year. Such date may be extended by one year by mutual agreement among the Administrative Agent, each of the Lenders, the Borrower and the Servicer (such extension, the "Initial Reinvestment Period Extension"). Following such Initial Reinvestment Period Extension, the Borrower may, within 60 days but not less than 45 days prior to the date set forth in clause (i) of the definition of "Reinvestment Period" (as revised by the Initial Reinvestment Period Extension), make a request to the Lenders to extend the date set forth in clause (i) of the definition of "Reinvestment Period" (as revised by the Initial Reinvestment Period Extension) for an additional period of one year. Such date may be extended by one year upon the mutual agreement among the Administrative Agent, each of the Lenders, the Borrower and the Servicer (such extension, the "Second Reinvestment Period Extension"). The Borrower confirms that any of the Lenders or the Administrative Agent, in their sole and absolute discretion, without regard to the value or performance of the Loan Assets or any other factor, may elect not to extend the date set forth in clause (i) of the definition of "Reinvestment Period".

SECTION 2.20 Collections and Allocations.

(a) The Servicer shall promptly identify any collections received as being on account of Interest Collections, Principal Collections or other Available Collections and shall transfer, or cause to be transferred, all Available Collections received directly by it to the Collection Account by the close of business on the Business Day after such Collections are received. Upon the transfer of Available Collections to the Collection Account, the Servicer shall segregate Principal Collections and Interest Collections and transfer the same to the Principal Collection Account and the Interest Collection Account, respectively. The Servicer shall further include a statement as to the amount of Principal Collections and Interest Collections on deposit in the Principal Collection Account and the Interest Collection Account on each Reporting Date in the Servicing Report delivered pursuant to Section 6.08(b).

(b) On the Cut-Off Date with respect to any Loan Asset, the Servicer will deposit into the Collection Account all Available Collections received in respect of Eligible Loan Assets being transferred to and included as part of the Collateral Portfolio on such date.

(c) With the prior written consent of the Administrative Agent (a copy of which will be provided by the Servicer to the Collateral Agent), the Servicer may withdraw from the Collection Account any deposits thereto constituting Excluded Amounts if the Servicer has, prior to such withdrawal and consent, delivered to the Administrative Agent and each Lender Agent a report setting forth the calculation of such Excluded Amounts in form and substance satisfactory to the Administrative Agent and each Lender Agent in its sole discretion.

(d) Prior to Notice of Exclusive Control (as defined in the Collection Account Agreement or Unfunded Exposure Account Agreement, as applicable), the Servicer shall, pursuant to written instruction (which may be in the form of standing instructions), direct the Collateral Agent to invest, or cause the investment of, funds on deposit in the Controlled Accounts in Permitted Investments, from the date of this Agreement until the Collection Date. Absent any such written instruction, such funds shall not be invested. A Permitted Investment acquired with funds deposited in any Controlled Account shall mature not later than the Business Day immediately preceding any Payment Date, and shall not be sold or disposed of prior to its maturity. All such Permitted Investments shall be registered in the name of the Account Bank or its nominee for the benefit of the Administrative Agent or Collateral Agent, and otherwise comply with assumptions of the legal opinions of Rutan & Tucker, LLP and Sutherland Asbill & Brennan LLP dated the Closing Date and delivered in connection with this Agreement; *provided* that compliance shall be the responsibility of the Borrower and the Servicer and not the Collateral Agent and Account Bank. All income and gain realized from any such investment, as well as any interest earned on deposits in any Controlled Account shall be distributed in accordance with the provisions of Article II hereof. The Borrower shall deposit in the Collection Account or the Unfunded Exposure Account, as the case may be (with respect to investments made hereunder of funds held therein), an amount equal to the amount of any actual loss incurred, in respect of any such investment, immediately upon realization of such loss. None of the Account Bank, the Collateral Agent, the Administrative Agent, any Lender Agent or any Lender shall be liable for the amount of any loss incurred, in respect of any investment, or lack of investment, of funds held in any Controlled Account, other than with respect to fraud or their own gross negligence or willful misconduct. The parties hereto acknowledge that the Collateral Agent or any of its Affiliates may receive compensation with respect to the Permitted Investments.

(e) Until the Collection Date, neither the Borrower nor the Servicer shall have any rights of direction or withdrawal, with respect to amounts held in any Controlled Account, except to the extent explicitly set forth in Section 2.04 or Section 2.21.

SECTION 2.21 Reinvestment of Principal Collections.

On the terms and conditions hereinafter set forth as certified in writing to the Collateral Agent, the Lender Agents and Administrative Agent, prior to the end of the Reinvestment Period, the Servicer may, to the extent of any Principal Collections on deposit in the Principal Collection Account:

(a) withdraw such funds for the purpose of reinvesting in additional Eligible Loan Assets to be Pledged hereunder; *provided* that the following conditions are satisfied:

(i) all conditions precedent set forth in Section 3.04 have been satisfied;

(ii) no Event of Default has occurred, or would result from such withdrawal and reinvestment, and no Unmatured Event of Default or Borrowing Base Deficiency exists or would result from such withdrawal and reinvestment;

(iii) the representations and warranties contained in Sections 4.01, 4.02 and 4.03 hereof shall continue to be correct in all respects, except to the extent relating to an earlier date;

(iv) the Servicer provides same day written notice to the Administrative Agent and the Collateral Agent by facsimile or email (to be received no later than 1:00 p.m. on such day) of the request to withdraw Principal Collections and the amount of such request;

(v) the notice required in clause (iv) above shall be accompanied by a Disbursement Request and a Borrowing Base Certificate, each executed by the Borrower and a Responsible Officer of the Servicer; and

(vi) the Collateral Agent provides to the Administrative Agent by facsimile (to be received no later than 1:30 p.m. on that same day) a statement reflecting the total amount on deposit as of the opening of business on such day in the Principal Collection Account; or

(b) withdraw such funds for the purpose of making payments in respect of the Advances Outstanding at such time in accordance with and subject to the terms of Section 2.18.

Upon the satisfaction of the applicable conditions set forth in this Section 2.21 (as certified by the Borrower to the Collateral Agent and the Administrative Agent), the Collateral Agent will release funds from the Principal Collection Account to the Servicer in an amount not to exceed the lesser of (A) the amount requested by the Servicer and (B) the amount on deposit in the Principal Collection Account on such day.

SECTION 2.22 Increase of Commitment; Maximum Facility Amount.

(a) At any time during the Reinvestment Period, *provided* that no Event of Default has occurred and no Unmatured Event of Default exists, the Commitment for any Lender may be increased in connection with a corresponding increase in the Maximum Facility Amount with the prior written consent of the Borrower, the Administrative Agent and the Lender Agent for such Lender; *provided* that, following such Commitment increase, the Maximum Facility Amount shall not exceed \$150,000,000. Prior to the effectiveness of any such increase, the Borrower shall execute and deliver to the applicable Lender Agent a revised Variable Funding Note in an aggregate face amount equal to the revised Commitment. The Borrower confirms that the Lender Agent, in its sole and absolute discretion, without regard to the value or performance

of the Loan Assets or any other factor, may elect not to increase its Commitment. Upon such increase, Annex A hereto shall be deemed to be revised to reflect such increase in such Lender's Commitment.

(b) The Borrower may, with the written consent of the Administrative Agent, add additional Persons as Lenders. Each additional Lender and its applicable Lender Agent shall become a party hereto by executing and delivering to the Administrative Agent and the Borrower a Joinder Supplement and a Transferee Letter.

SECTION 2.23 Letters of Credit.

(a) Letter of Credit Commitment. Subject to the terms and conditions hereof, the Issuing Lender agrees to issue letters of credit ("Letters of Credit") for the account of the Borrower on any Business Day prior to two Business Days before the end of the Reinvestment Period in such form as may be approved from time to time by the Issuing Lender; *provided* that, the Issuing Lender shall have no obligation to issue any Letter of Credit if, after giving effect to such issuance, (1) the number of outstanding Letters of Credit issued by the Issuing Lender for the account of the Borrower would be more than 20, (2) the sum of (x) the total commitments (funded and unfunded) of all Revolving Loan Assets, (y) the total unfunded commitments of all Delayed Draw Loan Assets and (z) the Unpledged L/C Commitments would exceed \$15,000,000, or (3) the Advances Outstanding would exceed the Borrowing Base. Each Letter of Credit shall:

(i) be denominated in Dollars;

(ii) expire no later than the earlier of (A) the day after such Letter of Credit is fully drawn, (B) two Business Days prior to the date that is the last day of the Reinvestment Period, unless the Borrower shall have deposited, on or prior to such date, the aggregate then undrawn and unexpired amount of such Letter of Credit into the Unfunded Exposure Account, and (C) 364 days from the date of issuance; *provided* that, any Letter of Credit with a 364-day term may provide for the renewal thereof for additional periods of up to 364 days (which in no event shall extend beyond the date referred to in clause (A) of this paragraph); and

(iii) (x) for Letters of Credit which are issued to an Obligor of a Revolving Loan Asset which is Pledged hereunder, the aggregate then undrawn and unexpired amount of any such Letter of Credit issued at the direction of an Obligor shall not exceed the then unfunded commitment of the related Revolving Loan Asset at any time so long as such Letter of Credit remains outstanding and (y) for Letters of Credit which are issued to an obligor of a revolving loan which is not Pledged hereunder, the aggregate undrawn and unexpired amount of any such Letter of Credit shall not exceed the then unfunded commitment of the related revolving loan, letter of credit facility or other loan agreement at any time so long as such Letter of Credit remains outstanding.

The Issuing Lender shall not at any time be obligated to issue any Letter of Credit hereunder if such issuance would conflict with, or cause the Issuing Lender to exceed any limits imposed by, any Applicable Law.

With respect to any Letter of Credit outstanding hereunder, such Letter of Credit shall be permanently and irrevocably reduced by an amount equal to all amounts drawn thereon and may not be increased or reborrowed without the Borrower's request for a new Letter of Credit hereunder. Letters of Credit that have been fully drawn shall be deemed to have expired and shall not be revived.

(b) Procedure for Issuance of Letters of Credit. The Borrower may from time to time request that the Issuing Lender issue a Letter of Credit for any purpose permitted by this Agreement by delivering to the Issuing Lender, at its address for notices specified herein, a Letter of Credit Request therefor, completed to the satisfaction of the Issuing Lender, and such other certificates, documents and other papers and information as the Issuing Lender may request.

Each such Letter of Credit Request shall specify:

- (i) the maximum amount of such Letter of Credit;
- (ii) the requested date on which such Letter of Credit is to be issued;
- (iii) the purpose and nature of the proposed Letter of Credit;
- (iv) the name and address of the beneficiary of such Letter of Credit;
- (v) the expiration or termination date of the Letter of Credit;
- (vi) the documents to be presented by such beneficiary in the case of a drawing or demand for payment thereunder; and
- (vii) the delivery instructions for such Letter of Credit.

Any such Letter of Credit Request must be received by the Issuing Lender and the Administrative Agent by no later than 2:00 p.m., Charlotte, North Carolina time, one (1) Business Day prior to the date such Letter of Credit is to be issued or amended, or such other time as previously agreed between the Issuing Lender and the Borrower.

Upon receipt of any Letter of Credit Request, the Issuing Lender will process such Letter of Credit Request and the certificates, documents and other papers and information delivered to it in connection therewith in accordance with its customary procedures and shall issue the Letter of Credit requested thereby on the requested date by issuing the original of such Letter of Credit to the beneficiary thereof or as otherwise may be agreed by the Issuing Lender and the Borrower. The Issuing Lender shall furnish a copy of such Letter of Credit to the Borrower promptly following the issuance thereof.

(c) Fees, Commissions and Other Charges. The Borrower shall pay to the Issuing Lender with respect to each Letter of Credit issued by the Issuing Lender an amount equal to 0.25% of the face amount of such Letter of Credit. Such fees shall be nonrefundable and shall be payable in advance upon issuance of the related Letter of Credit.

In addition to the foregoing fees and commissions, the Borrower shall pay or reimburse the Issuing Lender for such normal and customary costs and expenses as are incurred or charged by the Issuing Lender in issuing, effecting payment under, amending or otherwise administering any Letter of Credit.

(d) Reimbursement Obligations of the Borrower. Upon receipt from the beneficiary of any Letter of Credit of any notice of a drawing or demand for payment under such Letter of Credit, the Issuing Lender shall promptly notify the Administrative Agent and the Borrower of the date and amount thereof. The responsibility of the Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are in conformity with such Letter of Credit. In addition, the Borrower agrees that, in paying any drawing or demand for payment under any Letter of Credit, the Issuing Lender shall not have any responsibility to inquire as to the validity or accuracy of any document presented in connection with such drawing or demand for payment or the authority of the Person executing or delivering the same. On or prior to the third Business Day following the receipt of such notice, the Borrower shall direct the Collateral Agent to withdraw funds on deposit in the Unfunded Exposure Account in an amount equal to the maximum amount which may be withdrawn for such purpose under Section 2.04(e) and apply such funds to repay, first, any taxes and any reasonable fees, charges or other costs or expenses incurred by the Issuing Lender in connection with such Letter of Credit, and second, the applicable amount drawn on such Letter of Credit. The amount drawn on such Letter of Credit and all other taxes, fees, charges or other costs or expenses incurred by the Issuing Lender in connection with the applicable Letter of Credit (collectively, the "L/C Amounts"), to the extent not paid in full by the application of amounts on deposit in the Unfunded Exposure Account, shall be deemed to constitute an L/C Advance made by the Lenders to the Borrower pursuant to this Agreement and shall be included in the definition of "Advances Outstanding" for all purposes hereunder.

(e) Obligations Absolute. The Borrower's obligations under this Section 2.23 shall be absolute and unconditional under any and all circumstances and irrespective of any set off, counterclaim or defense to payment which the Borrower may have or have had against the Issuing Lender, the Administrative Agent, any beneficiary of a Letter of Credit or any other Person.

The Borrower also agrees with the Issuing Lender that the Issuing Lender shall not be responsible for, and the Borrower's reimbursement obligations under Section 2.23(d) shall not be affected by, among other things, (i) the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, insufficient, fraudulent or forged, or (ii) any dispute between or among the Borrower and any beneficiary of any Letter of Credit or any other party to which such Letter of Credit may be transferred, (iii) any claims whatsoever of the Borrower against any beneficiary of such Letter of Credit or any such transferee or (iv) any change in the time, manner and place of payment of, or in any other term of all or any of the obligations of the Borrower in respect of any Letter of Credit or any amendment or waiver or any consent to departure from the terms of any Letter of Credit or any document executed or delivered in connection with the issuance or payment thereof, or (v) any payment by the Issuing Lender of any Letter of Credit against presentation of any document or

certificate that does not strictly comply with the terms of such Letter of Credit, or any payment made by the Issuing Lender under any Letter of Credit to any Person purporting to be a trustee in bankruptcy, debtor in possession, assignee for the benefit of creditors, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of any Letter of Credit.

The Issuing Lender shall not be liable for (i) any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit; (ii) any error in translation or interpretation of technical terms; (iii) the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign any Letter of Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason; (iv) the failure of any beneficiary or any transferee of any Letter of Credit to comply fully with conditions required in order to draw upon any Letter of Credit; or (v) any other consequences arising from causes beyond the Issuing Lender's or the Issuing Lender's correspondents' control.

The Borrower agrees that any action taken or omitted by the Issuing Lender under or in connection with any Letter of Credit or the related drafts or documents, if done in the absence of gross negligence or willful misconduct and in accordance with the standards of care specified in the UCC of the State of New York, shall be binding on the Borrower and shall not result in any liability of the Issuing Lender to the Borrower.

(f) Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the Issuing Lender shall promptly notify the Borrower of the date and amount thereof. The responsibility of the Issuing Lender to the Borrower in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are in conformity with such Letter of Credit.

(g) Letter of Credit Request. To the extent that any provision of any Letter of Credit Request related to any Letter of Credit is inconsistent with the provisions of this Section 2.23, the provisions of this Section 2.23 shall apply.

ARTICLE IV.

REPRESENTATIONS AND WARRANTIES

SECTION 4.01 Representations and Warranties of the Borrower. The Borrower hereby represents and warrants, as of the Closing Date, as of each applicable Cut-Off Date, as of each applicable Advance Date, as of each Reporting Date and as of each other date provided under this Agreement or the other Transaction Documents on which such representations and warranties are required to be (or deemed to be) made (unless a specific date is specified below):

(a) Organization, Good Standing and Due Qualification. The Borrower is a limited liability company duly organized, validly existing and in good standing under the laws of Delaware and has the power and all licenses necessary to own its assets and to transact the business in which it is engaged and is duly qualified and in good standing under the laws of each jurisdiction where the transaction of such business or its ownership of the Loan Assets and the Collateral Portfolio requires such qualification.

(b) Power and Authority; Due Authorization; Execution and Delivery. The Borrower has the power, authority and legal right to make, deliver and perform this Agreement and each of the Transaction Documents to which it is a party and all of the transactions contemplated hereby and thereby, and has taken all necessary action to authorize the execution, delivery and performance of this Agreement and each of the Transaction Documents to which it is a party, and to grant to the Collateral Agent, for the benefit of the Secured Parties, a first priority perfected security interest in the Collateral Portfolio on the terms and conditions of this Agreement, subject only to Permitted Liens.

(c) Binding Obligation. This Agreement and each of the Transaction Documents to which the Borrower is a party constitutes the legal, valid and binding obligation of the Borrower, enforceable against it in accordance with their respective terms, except as the enforceability hereof and thereof may be limited by Bankruptcy Laws and by general principles of equity (whether such enforceability is considered in a proceeding in equity or at law).

(d) All Consents Required. It is understood and agreed that the Servicer does not hereby assume any obligations of the Borrower in respect of any Advances or L/C Advances or assume any responsibility for the performance by the Borrower of any of its obligations hereunder or under any other agreement executed in connection herewith that would be inconsistent with the limited recourse undertaking of the Servicer, in its capacity as seller, under Section 2.1(e) of the Purchase and Sale Agreement.

(d) Keeping of Records and Books of Account.

(i) The Servicer will maintain and implement administrative and operating procedures (including, without limitation, an ability to recreate records evidencing Collateral Portfolio in the event of the destruction of the originals thereof), and keep and maintain all documents, books, records and other information reasonably necessary or advisable for the collection of all Collateral Portfolio and the identification of the Collateral Portfolio.

(e) Preservation of Security Interest. The Servicer (at its own expense, on behalf of the Borrower) will file such financing and continuation statements and any other documents that may be required by any law or regulation of any Governmental Authority to preserve and protect fully the first priority perfected security interest of the Collateral Agent, for the benefit of the Secured Parties, in, to and under the Loan Assets and that portion of the Collateral Portfolio in which a security interest may be perfected by filing.

(f) [Reserved].

(g) Events of Default. The Servicer will provide the Administrative Agent and each Lender Agent (with a copy to the Collateral Agent) with immediate written notice of the occurrence of each Event of Default and each Unmatured Event of Default of which the Servicer has knowledge or has received notice. (i) Other. The Servicer will promptly furnish to the Collateral Agent, the Administrative Agent and each Lender Agent such other information, documents, records or reports respecting the Collateral Portfolio or the condition or operations, financial or otherwise, of the Borrower or the Servicer as the Collateral Agent, any Lender Agent or the Administrative Agent may from time to time reasonably request in order to protect the interests of the Administrative Agent, the Lender Agents, the Collateral Agent or Secured Parties under or as contemplated by this Agreement.

(j) Proceedings Related to the Borrower, the Transferor and the Servicer and the Transaction Documents. The Servicer shall notify the Administrative Agent and each Lender Agent as soon as possible and in any event within three Business Days after any executive officer of the Servicer receives notice or obtains knowledge thereof of any settlement of, judgment (including a judgment with respect to the liability phase of a bifurcated trial) in or commencement of any labor controversy, litigation, action, suit or proceeding before any court or governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, that could reasonably be expected to have a Material Adverse Effect on the Borrower, the Transferor or the Servicer (or any of their Affiliates) or the Transaction Documents. For purposes of this Section 5.03(j), (i) any settlement, judgment, labor controversy, litigation,

action, suit or proceeding affecting the Transaction Documents or the Borrower in excess of \$500,000 shall be deemed to be expected to have such a Material Adverse Effect and (ii) any settlement, judgment, labor controversy, litigation, action, suit or proceeding affecting the Servicer or the Transferor or any of their Affiliates (other than the Borrower) in excess of \$1,000,000 shall be deemed to be expected to have such a Material Adverse Effect.

(k) Deposit of Collections. The Servicer shall promptly (but in no event later than one Business Day after receipt) deposit or cause to be deposited into the Collection Account any and all Available Collections received by the Borrower, the Servicer or any of their Affiliates.

(l) Loan Asset Register.

(i) The Servicer shall maintain, or cause to be maintained, with respect to each Noteless Loan Asset a register (which may be in physical or electronic form and readily identifiable as the loan asset register) (each, a "Loan Asset Register") in which it will record, or cause to be recorded, (v) the amount of such Noteless Loan Asset, (w) the amount of any principal or interest due and payable or to become due and payable from the Obligor thereunder, (x) the amount of any sum in respect of such Noteless Loan Asset received from the Obligor, (y) the date of origination of such Noteless Loan Asset and (z) the maturity date of such Noteless Loan Asset.

(m) Special Purpose Entity Requirements. The Servicer shall take such actions as are necessary to cause the Borrower to be in compliance with the special purpose entity requirements set forth in Sections 5.01(a) and (b) and 5.02(a) and (b); *provided*, that, for the avoidance of doubt, the Servicer shall not be required to expend any of its own funds to cause the Borrower to be in compliance with subsection 5.02(a)(v) or subsection 5.01(b)(xvii) (it being understood that this proviso shall in no way affect the obligation of Servicer to manage the activities and liabilities of the Borrower such that the Borrower maintains compliance with either of the foregoing subsections).

(n) Accounting Changes. As soon as possible and in any event within three Business Days after the effective date thereof, the Servicer will provide to the Administrative Agent and the Lender Agents notice of any change in the accounting policies of the Servicer.

(o) Proceedings Related to the Collateral Portfolio. The Servicer shall notify the Administrative Agent and each Lender Agent as soon as possible and in any event within three Business Days after any Responsible Officer of the Servicer receives notice or has actual knowledge of any settlement of, judgment (including a judgment with respect to the liability phase of a bifurcated trial) in or commencement of any labor controversy, litigation, action, suit

For purposes of this Section 5.03(o), any settlement, judgment, labor controversy, litigation, action, suit or proceeding affecting the Collateral Portfolio or the Collateral Agent's or the Secured Parties' interest in the Collateral Portfolio in excess of \$1,000,000 or more shall be deemed to have such a Material Adverse Effect.

(p) Compliance with Legal Opinions. The Servicer shall take all other actions necessary to maintain the accuracy of the factual assumptions set forth in the legal opinions of Rutan & Tucker, LLP, as special counsel to the Servicer, issued in connection with the Transaction Documents and relating to the issues of substantive consolidation and true sale of the Loan Assets.

(q) Instructions to Agents and Obligors. The Servicer shall direct, or shall cause the Transferor to direct, any agent or administrative agent for any Loan Asset to remit all payments and collections with respect to such Loan Asset, and, if applicable, to direct the Obligor with respect to such Loan Asset to remit all such payments and collections with respect to such Loan Asset directly to the Collection Account. The Borrower and the Servicer shall take commercially reasonable steps to ensure, and shall cause the Transferor to take commercially reasonable steps to ensure, that only funds constituting payments and collections relating to Loan Assets shall be deposited into the Collection Account.

(r) Capacity as Servicer. The Servicer will ensure that, at all times when it is dealing with or in connection with the Loan Assets in its capacity as Servicer, it holds itself out as Servicer, and not in any other capacity.

(s) Notice of Breaches of Representations and Warranties under the Purchase and Sale Agreement. The Servicer confirms and agrees that the Servicer will, upon receipt of notice or discovery thereof, promptly send to the Administrative Agent, each Lender Agent and the Collateral Agent a notice of (i) any breach of any representation, warranty, agreement or covenant under the Purchase and Sale Agreement or (ii) any event or occurrence that, upon notice, or upon the passage of time or both, would constitute such a breach, in each case, promptly upon learning thereof.

(t) Audits. Prior to the Closing Date and periodically thereafter at the discretion of the Administrative Agent and each Lender Agent, the Servicer shall allow the Administrative Agent and each Lender Agent (during normal office hours and upon advance notice) to review the Servicer's collection and administration of the Collateral Portfolio in order to assess compliance by the Servicer with the Servicing Standard, as well as with the Transaction Documents and to conduct an audit of the Collateral Portfolio and Required Loan Documents in conjunction with such a review. Such review shall be reasonable in scope and shall be completed in a reasonable period of time.

(u) Notice of Breaches of Representations and Warranties under this Agreement. The Servicer shall promptly notify the Administrative Agent and the Lender Agents if any representation or warranty set forth in Section 4.03 was incorrect at the time it was given

or deemed to have been given and at the same time deliver to the Collateral Agent, the Administrative Agent and the Lender Agents a written notice setting forth in reasonable detail the nature of such facts and circumstances. In particular, but without limiting the foregoing, the Servicer shall notify the Administrative Agent and the Lender Agents in the manner set forth in the preceding sentence before any Cut-Off Date of any facts or circumstances within the knowledge of the Servicer which would render any of the said representations and warranties untrue at the date when such representations and warranties were made or deemed to have been made.

(v) Insurance Policies. The Servicer has caused, and will cause, to be performed any and all acts reasonably required to be performed to preserve the rights and remedies of the Collateral Agent and the Secured Parties in any Insurance Policies applicable to Loan Assets (to the extent the Servicer or an Affiliate of the Servicer is the agent or servicer under the applicable Loan Agreement) including, without limitation, in each case, any necessary notifications of insurers, assignments of policies or interests therein, and establishments of co-insured, joint loss payee and mortgagee rights in favor of the Collateral Agent and the Secured Parties; *provided that*, unless the Borrower is the sole lender under such Loan Agreement, the Servicer shall only take such actions that are customarily taken by or on behalf of a lender in a syndicated loan facility to preserve the rights of such lender.

(w) Disregarded Entity. The Servicer shall cause the Borrower to be disregarded as an entity separate from its owner pursuant to Treasury Regulation Section 301.7701-3(b) and shall cause that neither the Borrower nor any other Person on its behalf shall make an election to be treated as other than an entity disregarded from its owner under Treasury Regulation Section 301.7701-3(c).

From the Closing Date until the Collection Date:

(a) Mergers, Acquisition, Sales, etc. The Servicer will not consolidate with or merge into any other Person or convey or transfer its properties and assets substantially as an entirety to any Person, unless the Servicer is the surviving entity and unless:

(i) the Servicer has delivered to the Administrative Agent and each Lender Agent an Officer's Certificate and an Opinion of Counsel each stating that any such consolidation, merger, conveyance or transfer and any supplemental agreement executed in connection therewith comply with this Section 5.04 and that all conditions precedent herein provided for relating to such transaction have been complied with and, in the case of the Opinion of Counsel, that such supplemental agreement is legal, valid and binding with respect to the Servicer and such other matters as the Administrative Agent may reasonably request;

(ii) the Servicer shall have delivered notice of such consolidation, merger, conveyance or transfer to the Administrative Agent and each Lender Agent;

(iii) after giving effect thereto, no Event of Default or Servicer Termination Event or event that with notice or lapse of time would constitute either an Event of Default or a Servicer Termination Event shall have occurred; and

(iv) the Administrative Agent shall have consented in writing to such consolidation, merger, conveyance or transfer.

Notwithstanding the foregoing or anything to the contrary contained in this Agreement, from time to time, without the consent or approval of the Administrative Agent or any Secured Party or the satisfaction of any of the conditions set forth in clauses (i), (iii) or (iv) above, the Servicer may consolidate or merge with any Fifth Street Merger Party, and/or any Fifth Street Merger Party may convey or transfer its properties and assets substantially as an entirety to the Servicer (any such transaction, a "Fifth Street Affiliate Merger Transaction"); *provided* that, in each case, the Servicer is the surviving entity in any such transaction or transactions; *provided, further*, that the Servicer shall, upon the request of the Administrative Agent, deliver an Opinion of Counsel that this Agreement and any supplemental agreement executed in connection therewith is legal, valid and binding with respect to the Servicer after the consummation of such Fifth Street Affiliate Merger Transaction

(c) Change in Payment Instructions to Obligors. The Servicer will not make any change in its instructions to Obligors regarding payments to be made with respect to the Collateral Portfolio to the Collection Account, unless the Administrative Agent has consented to such change.

(d) Extension or Amendment of Loan Assets. The Servicer will not, except as otherwise permitted in Section 6.04(a), extend, amend or otherwise modify the terms of any Loan Asset (including the Underlying Collateral).

(e) Taxable Mortgage Pool Matters. The Servicer will manage the portfolio and advise the Borrower with respect to purchases from the Transferor so as to not at any time allow the sum of the Outstanding Balances of all Loan Assets owned by the Borrower and that are principally secured by an interest in real property (within the meaning of Treasury Regulation Section 301.7701(i)-1(d)(3)) to exceed 35% of the aggregate Outstanding Balance of all Loan Assets.

(f) Allocation of Charges. There will not be any agreement or understanding between the Servicer and the Borrower (other than as expressly set forth herein or as consented to by the Administrative Agent), providing for the allocation or sharing of obligations to make payments or otherwise in respect of any Taxes, fees, assessments or other governmental charges; *provided* that it is understood and acknowledged that the Borrower will be consolidated with the Servicer for tax purposes.

(b) Preservation of Existence. The Collateral Agent will preserve and maintain its existence, rights, franchises and privileges in the jurisdiction of its formation and qualify and remain qualified in good standing in each jurisdiction where failure to preserve and maintain such existence, rights, franchises, privileges and qualification could reasonably be expected to have a Material Adverse Effect.

SECTION 5.06 Negative Covenants of the Collateral Agent.

From the Closing Date until the Collection Date, the Collateral Agent will not make any changes to the Collateral Agent Fees without the prior written approval of the Administrative Agent.

SECTION 5.07 Affirmative Covenants of the Collateral Custodian.

(a) Compliance with Law. The Collateral Custodian will comply in all material respects with all Applicable Law.

(b) Preservation of Existence. The Collateral Custodian will preserve and maintain its existence, rights, franchises and privileges in the jurisdiction of its formation and qualify and remain qualified in good standing in each jurisdiction where failure to preserve and maintain such existence, rights, franchises, privileges and qualification could reasonably be expected to have a Material Adverse Effect.

(c) Location of Required Loan Documents. Subject to Article XII of this Agreement, the Required Loan Documents shall remain at all times in the possession of the Collateral Custodian at the address set forth under its name on the signature pages hereto unless notice of a different address is given in accordance with the terms hereof or unless the Administrative Agent agrees to allow certain Required Loan Documents to be released to the Servicer on a temporary basis in accordance with the terms hereof, except as such Required Loan Documents may be released pursuant to the terms of this Agreement.

SECTION 5.08 Negative Covenants of the Collateral Custodian.

From the Closing Date until the Collection Date:

(b) No Changes in Collateral Custodian Fees. The Collateral Custodian will not make any changes to the Collateral Custodian Fees without the prior written approval of the Administrative Agent.

SECTION 5.09 Covenants of the Borrower Relating to Hedging of Loan Assets.

(a) At any time prior to an Event of Default, the Borrower may enter into Hedge Agreements for certain Fixed Rate Loan Assets with a Hedge Counterparty with the prior consent of the Administrative Agent. After an Event of Default or at any time after the Spread Differential has fallen below 6.00%, the Administrative Agent may, at its sole discretion, direct the Borrower to enter into Hedge Transactions for certain Fixed Rate Loan Assets.

(b) As additional security hereunder, the Borrower hereby assigns to the Collateral Agent, for the benefit of the Secured Parties, all right, title and interest of the Borrower (but none of the obligations) in each Hedging Agreement, each Hedge Transaction, and all present and future amounts payable by a Hedge Counterparty to the Borrower under or in connection with the respective Hedging Agreement and Hedge Transaction(s) with that Hedge Counterparty ("Hedge Collateral"), and grants a security interest to the Collateral Agent, for the benefit of the Secured Parties, in the Hedge Collateral. The Borrower acknowledges that as a result of such assignment the Borrower may not, without the prior written consent of the Administrative Agent and the Collateral Agent, exercise any rights under any Hedging Agreement or Hedge Transaction, except for the Borrower's right under any Hedging Agreement to enter into Hedge Transactions in order to meet the Borrower's obligations under Section 5.09(a) hereof. Nothing herein shall have the effect of releasing the Borrower from any of its obligations under any Hedging Agreement or any Hedge Transaction, nor be construed as requiring the consent of the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent or any Secured Party for the performance by the Borrower of any such obligations.

(c) The Borrower shall, promptly upon execution thereof, provide to the Administrative Agent and the Collateral Agent a copy of any Hedging Agreement entered into in connection with this Agreement.

ARTICLE VI.

ADMINISTRATION AND SERVICING OF CONTRACTS

SECTION 6.01 Appointment and Designation of the Servicer.

(a) Initial Servicer. The Borrower, each Lender Agent and the Administrative Agent hereby appoint Fifth Street, pursuant to the terms and conditions of this Agreement, as Servicer, with the authority to service, administer and exercise rights and remedies, on behalf of

the Borrower, in respect of the Collateral Portfolio. Until the Administrative Agent gives Fifth Street a Servicer Termination Notice, Fifth Street hereby accepts such appointment and agrees to perform the duties and responsibilities of the Servicer pursuant to the terms hereof. The Servicer and the Borrower hereby acknowledge that the Administrative Agent and the Secured Parties are third party beneficiaries of the obligations undertaken by the Servicer hereunder.

(b) Servicer Termination Notice. The Borrower, the Servicer, each Lender Agent, and the Administrative Agent hereby agree that, upon the occurrence of a Servicer Termination Event, the Administrative Agent, by written notice to the Servicer (with a copy to the Collateral Agent) (a "Servicer Termination Notice"), may terminate all of the rights, obligations, power and authority of the Servicer under this Agreement. On and after the receipt by the Servicer of a Servicer Termination Notice pursuant to this Section 6.01(b), the Servicer shall continue to perform all servicing functions under this Agreement until the date specified in the Servicer Termination Notice or otherwise specified by the Administrative Agent in writing or, if no such date is specified in such Servicer Termination Notice or otherwise specified by the Administrative Agent, until a date mutually agreed upon by the Servicer and the Administrative Agent and shall be entitled to receive, to the extent of funds available therefor pursuant to Section 2.04, the Servicing Fees therefor until such date. After such date, the Servicer agrees that it will terminate its activities as Servicer hereunder in a manner that the Administrative Agent believes will facilitate the transition of the performance of such activities to a successor Servicer, and the successor Servicer shall assume each and all of the Servicer's obligations to service and administer the Collateral Portfolio, on the terms and subject to the conditions herein set forth, and the Servicer shall use its best efforts to assist the successor Servicer in assuming such obligations.

(c) Appointment of Replacement Servicer. At any time following the delivery of a Servicer Termination Notice, the Administrative Agent may, at its discretion, (i) appoint Wells Fargo (or an Affiliate thereof) as Servicer under this Agreement and, in such case, all authority, power, rights and obligations of the Servicer shall pass to and be vested in Wells Fargo (or an Affiliate thereof) or (ii) appoint a new Servicer (the "Replacement Servicer"), which appointment shall take effect upon the Replacement Servicer accepting such appointment by a written assumption in a form satisfactory to the Administrative Agent in its sole discretion. In the event that Wells Fargo (or an Affiliate thereof) or a Replacement Servicer has not accepted its appointment at the time when the Servicer ceases to act as Servicer, the Administrative Agent shall petition a court of competent jurisdiction to appoint any established financial institution, having a net worth of not less than United States \$50,000,000 and whose regular business includes the servicing of Collateral Portfolio, as the Replacement Servicer hereunder.

(d) Liabilities and Obligations of Replacement Servicer. Upon its appointment, Wells Fargo (or an Affiliate thereof) or the Replacement Servicer, as applicable, shall be the successor in all respects to the Servicer with respect to servicing functions under this Agreement and shall be subject to all the responsibilities, duties and liabilities relating thereto placed on the Servicer by the terms and provisions hereof, and all references in this Agreement to the Servicer shall be deemed to refer to Wells Fargo (or an Affiliate thereof) or the Replacement Servicer, as applicable; *provided*, that Wells Fargo (or an Affiliate thereof) or Replacement Servicer, as applicable, shall have (i) no liability with respect to any action performed by the terminated Servicer prior to the date that Wells Fargo (or an Affiliate thereof)

or Replacement Servicer, as applicable, becomes the successor to the Servicer or any claim of a third party based on any alleged action or inaction of the terminated Servicer, (ii) no obligation to perform any advancing obligations, if any, of the Servicer unless it elects to in its sole discretion, (iii) no obligation to pay any Taxes required to be paid by the Servicer (*provided* that Wells Fargo (or an Affiliate thereof) or Replacement Servicer, as applicable, shall pay any income Taxes for which it is liable), (iv) no obligation to pay any of the fees and expenses of any other party to the transactions contemplated hereby, and (v) no liability or obligation with respect to any Servicer indemnification obligations of any prior Servicer, including the original Servicer. The indemnification obligations of Wells Fargo (or an Affiliate thereof) or the Replacement Servicer, as applicable, upon becoming a Replacement Servicer, are expressly limited to those arising on account of its failure to act in good faith and with reasonable care under the circumstances. In addition, Wells Fargo (or an Affiliate thereof) or Replacement Servicer, as applicable, shall have no liability relating to the representations and warranties of the Servicer contained in Section 4.03.

(e) Authority and Power. All authority and power granted to the Servicer under this Agreement shall automatically cease and terminate upon termination of this Agreement and shall pass to and be vested in the Borrower and, without limitation, the Borrower is hereby authorized and empowered to execute and deliver, on behalf of the Servicer, as attorney-in-fact or otherwise, all documents and other instruments, and to do and accomplish all other acts or things necessary or appropriate to effect the purposes of such transfer of servicing rights. The Servicer agrees to cooperate with the Borrower in effecting the termination of the responsibilities and rights of the Servicer to conduct servicing of the Collateral Portfolio.

(f) Subcontracts. The Servicer may, with the prior written consent of the Administrative Agent, subcontract with any other Person for servicing, administering or collecting the Collateral Portfolio; *provided*, that (i) the Servicer shall select any such Person with reasonable care and shall be solely responsible for the fees and expenses payable to any such Person, (ii) the Servicer shall not be relieved of, and shall remain liable for, the performance of the duties and obligations of the Servicer pursuant to the terms hereof without regard to any subcontracting arrangement and (iii) any such subcontract shall be terminable upon the occurrence of a Servicer Termination Event. The Administrative Agent hereby acknowledges that the Servicer has engaged Fifth Street Management LLC in accordance with terms of the Management Agreement, a copy of which has been previously delivered to the Administrative Agent.

(g) Waiver. The Borrower acknowledges that the Administrative Agent or any of its Affiliates may act as the Collateral Agent and/or the Servicer, and the Borrower waives any and all claims against the Administrative Agent, each Lender Agent or any of their respective Affiliates, the Collateral Agent and the Servicer (other than claims relating to such party's gross negligence or willful misconduct) relating in any way to the custodial or collateral administration functions having been performed by the Administrative Agent or any of its Affiliates in accordance with the terms and provisions (including the standard of care) set forth in the Transaction Documents.

SECTION 6.02 Duties of the Servicer.

(a) Duties. The Servicer shall take or cause to be taken all such actions as may be necessary or advisable to service, administer and collect on the Collateral Portfolio from time to time, all in accordance with Applicable Law and the Servicing Standard. Prior to the occurrence of a Servicer Termination Event, but subject to the terms of this Agreement (including, without limitation, Section 6.04), the Servicer has the sole and exclusive authority to make any and all decisions with respect to the Collateral Portfolio and take or refrain from taking any and all actions with respect to the Collateral Portfolio. Without limiting the foregoing, the duties of the Servicer shall include the following:

(i) supervising the Collateral Portfolio, including communicating with Obligor, executing amendments, providing consents and waivers, enforcing and collecting on the Collateral Portfolio and otherwise managing the Collateral Portfolio on behalf of the Borrower;

(ii) maintaining all necessary servicing records with respect to the Collateral Portfolio and providing such reports to the Administrative Agent and each Lender Agent (with a copy to the Collateral Agent and the Collateral Custodian) in respect of the servicing of the Collateral Portfolio (including information relating to its performance under this Agreement) as may be required hereunder or as the Administrative Agent or any Lender Agent may reasonably request;

(iii) maintaining and implementing administrative and operating procedures (including, without limitation, an ability to recreate servicing records evidencing the Collateral Portfolio in the event of the destruction of the originals thereof) and keeping and maintaining all documents, books, records and other information reasonably necessary or advisable for the collection of the Collateral Portfolio;

(iv) promptly delivering to the Administrative Agent, each Lender Agent, the Collateral Agent or the Collateral Custodian, from time to time, such information and servicing records (including information relating to its performance under this Agreement) as the Administrative Agent, each Lender Agent, Collateral Custodian or the Collateral Agent may from time to time reasonably request;

(v) identifying each Loan Asset clearly and unambiguously in its servicing records to reflect that such Loan Asset is owned by the Borrower and that the Borrower is Pledging a security interest therein to the Secured Parties pursuant to this Agreement;

(vi) notifying the Administrative Agent and each Lender Agent of any material action, suit, proceeding, dispute, offset, deduction, defense or counterclaim (1) that is or is threatened to be asserted by an Obligor with respect to any Loan Asset (or portion thereof) of which it has knowledge or has received notice; or (2) that could reasonably be expected to have a Material Adverse Effect;

(vii) using its best efforts to maintain the perfected security interest of the Collateral Agent, for the benefit of the Secured Parties, in the Collateral Portfolio;

(viii) maintaining the Loan Asset File with respect to Loan Assets included as part of the Collateral Portfolio; *provided* that, so long as the Servicer is in possession of any Required Loan Documents, the Servicer will hold such Required Loan Documents in a fireproof safe or fireproof file cabinet;

(ix) directing the Collateral Agent to make payments pursuant to the terms of the Servicing Report in accordance with Section 2.04;

(x) directing the sale or substitution of Collateral Portfolio in accordance with Section 2.07;

(xi) providing advice to the Borrower with respect to the purchase and sale of and payment for the Loan Assets;

(xii) instructing the Obligor and the administrative agents on the Loan Assets to make payments directly into the Collection Account established and maintained with the Collateral Agent;

(xiii) delivering the Loan Asset Files and the Loan Asset Schedule to the Collateral Custodian; and

(xiv) complying with such other duties and responsibilities as may be required of the Servicer by this Agreement.

It is acknowledged and agreed that in circumstances in which a Person other than the Borrower, the Transferor (so long as the Transferor is also the Servicer) or the Servicer acts as lead agent with respect to any Loan Asset, the Servicer shall perform its servicing duties hereunder only to the extent a lender under the related loan syndication Loan Agreements has the right to do so. Notwithstanding anything to the contrary contained herein, it is acknowledged and agreed that the performance by the Servicer of its duties hereunder shall be limited insofar as such performance would conflict with or result in a breach of any of the express terms of the related Loan Agreements; *provided* that the Servicer shall (a) provide prompt written notice to the Administrative Agent upon becoming aware of such conflict or breach, (b) have determined that there is no other commercially reasonable performance that it could render consistent with the express terms of the Loan Agreements which would result in all or a portion of the servicing duties being performed in accordance with this Agreement, and (c) undertake all commercially reasonable efforts to mitigate the effects of such non-performance including performing as much of the servicing duties as possible and performing such other commercially reasonable and/or similar duties consistent with the terms of the Loan Agreements.

(b) Notwithstanding anything to the contrary contained herein, the exercise by the Administrative Agent, the Collateral Agent, each Lender Agent and the Secured Parties of their rights hereunder shall not release the Servicer, the Transferor or the Borrower from any of their duties or responsibilities with respect to the Collateral Portfolio. The Secured Parties, the Administrative Agent, each Lender Agent and the Collateral Agent shall not have any obligation or liability with respect to any Collateral Portfolio, nor shall any of them be obligated to perform any of the obligations of the Servicer hereunder.

(c) Any payment by an Obligor in respect of any indebtedness owed by it to the Transferor or the Borrower shall, except as otherwise specified by such Obligor or otherwise required by contract or law and unless otherwise instructed by the Administrative Agent, be applied as a collection of a payment by such Obligor (starting with the oldest such outstanding payment due) to the extent of any amounts then due and payable thereunder before being applied to any other receivable or other obligation of such Obligor.

SECTION 6.03 Authorization of the Servicer.

(a) Each of the Borrower, the Administrative Agent, each Lender Agent, each Lender and the Hedge Counterparty hereby authorizes the Servicer (including any successor thereto) to take any and all reasonable steps in its name and on its behalf necessary or desirable in the determination of the Servicer and not inconsistent with the sale of the Collateral Portfolio by the Transferor to the Borrower under the Purchase and Sale Agreement and, thereafter, the Pledge by the Borrower to the Collateral Agent on behalf of the Secured Parties hereunder, to collect all amounts due under any and all Collateral Portfolio, including, without limitation, endorsing any of their names on checks and other instruments representing Interest Collections and Principal Collections, executing and delivering any and all instruments of satisfaction or cancellation, or of partial or full release or discharge, and all other comparable instruments, with respect to the Collateral Portfolio and, after the delinquency of any Collateral Portfolio and to the extent permitted under and in compliance with Applicable Law, to commence proceedings with respect to enforcing payment thereof, to the same extent as the Transferor could have done if it had continued to own such Collateral Portfolio. The Transferor, the Borrower and the Collateral Agent on behalf of the Secured Parties shall furnish the Servicer (and any successors thereto) with any powers of attorney and other documents necessary or appropriate to enable the Servicer to carry out its servicing and administrative duties hereunder, and shall cooperate with the Servicer to the fullest extent in order to ensure the collectability of the Collateral Portfolio. In no event shall the Servicer be entitled to make the Secured Parties, the Administrative Agent, the Collateral Agent, any Lender, any Lender Agent or any Hedge Counterparty a party to any litigation without such party's express prior written consent, or to make the Borrower a party to any litigation (other than any routine foreclosure or similar collection procedure) without the Administrative Agent's and each Lender Agent's consent.

(b) After the declaration of the Facility Maturity Date, at the direction of the Administrative Agent, the Servicer shall take such action as the Administrative Agent may deem necessary or advisable to enforce collection of the Collateral Portfolio; *provided*, that the Administrative Agent may, at any time that an Event of Default has occurred, notify any Obligor with respect to any Collateral Portfolio of the assignment of such Collateral Portfolio to the Collateral Agent on behalf of the Secured Parties and direct that payments of all amounts due or to become due be made directly to the Administrative Agent or any servicer, collection agent or account designated by the Administrative Agent and, upon such notification and at the expense of the Borrower, the Administrative Agent may enforce collection of any such Collateral Portfolio, and adjust, settle or compromise the amount or payment thereof.

SECTION 6.04 Collection of Payments; Accounts.

(a) Collection Efforts, Modification of Collateral Portfolio. and manner of liquidating any of the Collateral Portfolio, and nothing contained herein shall obligate the Administrative Agent to liquidate any of the Collateral Portfolio on the date the Administrative Agent or all of the Lender Agents declares the Advances Outstanding hereunder to be immediately due and payable pursuant to Section 7.01 or to liquidate all of the Collateral Portfolio in the same manner or on the same Business Day.

(c) If the Collateral Agent (acting as directed by the Administrative Agent) or the Administrative Agent proposes to sell the Collateral Portfolio or any part thereof in one or more parcels at a public or private sale, at the request of the Collateral Agent or the Administrative Agent, as applicable, the Borrower and the Servicer shall make available to (i) the Administrative Agent, on a timely basis, all information (including any information that the Borrower and the Servicer is required by law or contract to be kept confidential) relating to the Collateral Portfolio subject to sale, including, without limitation, copies of any disclosure documents, contracts, financial statements of the applicable Obligors, covenant certificates and any other materials requested by the Administrative Agent, and (ii) each prospective bidder, on a timely basis, all reasonable information relating to the Collateral Portfolio subject to sale, including, without limitation, copies of any disclosure documents, contracts, financial statements of the applicable Obligors, covenant certificates and any other materials reasonably requested by each such bidder.

(d) Each of the Borrower and the Servicer agrees, to the full extent that it may lawfully so agree, that neither it nor anyone claiming through or under it will set up, claim or seek to take advantage of any appraisal, valuation, stay, extension or redemption law now or hereafter in force in any locality where any Collateral Portfolio may be situated in order to prevent, hinder or delay the enforcement or foreclosure of this Agreement, or the absolute sale of any of the Collateral Portfolio or any part thereof, or the final and absolute putting into possession thereof, immediately after such sale, of the purchasers thereof, and each of the Borrower and the Servicer, for itself and all who may at any time claim through or under it, hereby waives, to the full extent that it may be lawful so to do, the benefit of all such laws, and any and all right to have any of the properties or assets constituting the Collateral Portfolio marshaled upon any such sale, and agrees that the Collateral Agent, or the Administrative Agent on its behalf, or any court having jurisdiction to foreclose the security interests granted in this Agreement may sell the Collateral Portfolio as an entirety or in such parcels as the Collateral Agent (acting at the direction of the Administrative Agent) or such court may determine.

(e) Any amounts received from any sale or liquidation of the Collateral Portfolio pursuant to this Section 7.02 in excess of the Obligations will be applied by the Collateral Agent (as directed by the Administrative Agent) in accordance with the provisions of Section 2.04(d), or as a court of competent jurisdiction may otherwise direct.

(f) The Administrative Agent, the Lender Agents and the Lenders shall have, in addition to all the rights and remedies provided herein and provided by applicable federal, state, foreign, and local laws (including, without limitation, the rights and remedies of a secured party under the UCC of any applicable state, to the extent that the UCC is applicable, and the right to offset any mutual debt and claim), all rights and remedies available to the Lenders at law, in equity or under any other agreement between any Lender and the Borrower.

(g) Except as otherwise expressly provided in this Agreement, no remedy provided for by this Agreement shall be exclusive of any other remedy, each and every remedy shall be cumulative and in addition to any other remedy, and no delay or omission to exercise any right or remedy shall impair any such right or remedy or shall be deemed to be a waiver of any Event of Default.

(h) Each of the Borrower and the Servicer hereby irrevocably appoints each of the Collateral Agent and the Administrative Agent its true and lawful attorney (with full power of substitution) in its name, place and stead and at its expense, in connection with the enforcement of the rights and remedies provided for in this Agreement, including without limitation the following powers: (a) to give any necessary receipts or acquittance for amounts collected or received hereunder, (b) to make all necessary transfers of the Collateral Portfolio in connection with any such sale or other disposition made pursuant hereto, (c) to execute and deliver for value all necessary or appropriate bills of sale, assignments and other instruments in connection with any such sale or other disposition, the Borrower and the Servicer hereby ratifying and confirming all that such attorney (or any substitute) shall lawfully do hereunder and pursuant hereto, and (d) to sign any agreements, orders or other documents in connection with or pursuant to any Transaction Document or Hedging Agreement. Nevertheless, if so requested by the Collateral Agent or the Administrative Agent, the Borrower shall ratify and confirm any such sale or other disposition by executing and delivering to the Collateral Agent or the Administrative Agent or all proper bills of sale, assignments, releases and other instruments as may be designated in any such request.

Without limiting the foregoing, the Borrower shall indemnify each Indemnified Party for Indemnified Amounts relating to or resulting from any of the following (to the extent not resulting from the conditions set forth in (a) or (b) above):

(viii) any failure of the Borrower or the Servicer (if Fifth Street or one of its Affiliates is the Servicer) to perform its duties or obligations in accordance with the provisions of the Transaction Documents to which it is a party or any failure by Fifth Street, the Borrower or any Affiliate thereof to perform its respective duties under any Collateral Portfolio;

(c) If for any reason the indemnification provided above in this Section 8.01 is unavailable to the Indemnified Party or is insufficient to hold an Indemnified Party harmless in respect of any losses, claims, damages or liabilities, then the Borrower or the Servicer, as the case may be, shall contribute to the amount paid or payable by such Indemnified Party as a result of such losses, claims, damages or liabilities in such proportion as is appropriate to reflect not only the relative benefits received by such Indemnified Party on the one hand and the Borrower or the Servicer, as the case may be, on the other hand but also the relative fault of such Indemnified Party as well as any other relevant equitable considerations.

(d) If the Borrower has made any payments in respect of Indemnified Amounts to the Administrative Agent on behalf of an Indemnified Party pursuant to this Section 8.01 and such Indemnified Party thereafter collects any of such amounts from others, such Indemnified Party will promptly repay such amounts collected to the Borrower, without interest.

SECTION 8.02 Indemnities by Servicer.

(a) Without limiting any other rights which any Indemnified Party may have hereunder or under Applicable Law, the Servicer hereby agrees to indemnify each Indemnified Party from and against any and all Indemnified Amounts, awarded against or incurred by any Indemnified Party as a consequence of any of the following, excluding, however, Indemnified

(v) any action or inaction by the Servicer that causes the Collateral Agent, for the benefit of the Secured Parties, not to have a first priority perfected security interest in the Collateral Portfolio, free and clear of any Lien other than Permitted Liens, whether existing at the time of the related Advance or L/C Advance or any time thereafter;

(vi) the commingling by the Servicer of payments and collections required to be remitted to the Collection Account or the Unfunded Exposure Account with other funds;

(x) failure or delay in assisting a successor Servicer in assuming each and all of the Servicer's obligations to service and administer the Collateral Portfolio, or failure or delay in complying with instructions from the Administrative Agent with respect thereto; and/or

(xi) any of the events or facts giving rise to a breach of any of the Servicer's representations, warranties, agreements and/or covenants set forth in Article IV, Article V or Article VI or this Agreement.

(c) If the Servicer has made any indemnity payments to the Administrative Agent, on behalf of an Indemnified Party pursuant to this Section 8.02 and such Indemnified Party thereafter collects any of such amounts from others, such Indemnified Party will promptly repay such amounts collected to the Servicer, without interest.

(d) The Servicer shall have no liability for making indemnification hereunder to the extent any such indemnification constitutes recourse for uncollectible or uncollected Loan Assets.

(e) The obligations of the Servicer under this Section 8.02 shall survive the resignation or removal of the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Account Bank or the Collateral Custodian and the termination of this Agreement.

(f) Any indemnification pursuant to this Section 8.02 shall not be payable from the Collateral Portfolio.

Each applicable Indemnified Party shall deliver to the Indemnifying Party under Section 8.01 and Section 8.02, within a reasonable time after such Indemnified Party's receipt thereof, copies of all notices and documents (including court papers) received by such Indemnified Party relating to the claim giving rise to the Indemnified Amounts.

SECTION 8.03 Legal Proceedings. In the event an Indemnified Party becomes involved in any action, claim, or legal, governmental or administrative proceeding (an "Action") for which it seeks indemnification hereunder, the Indemnified Party shall promptly notify the other party or parties against whom it seeks indemnification (the "Indemnifying Party") in writing of the nature and particulars of the Action; *provided* that its failure to do so shall not relieve the Indemnifying Party of its obligations hereunder except to the extent such failure has a material adverse effect on the Indemnifying Party. Upon written notice to the Indemnified Party acknowledging in writing that the indemnification provided hereunder applies to the Indemnified Party in connection with the Action (subject to the exclusion in the first sentence of Section 8.01, the first sentence of Section 8.02 or Section 8.02(d), as applicable), the Indemnifying Party may assume the defense of the Action at its expense with counsel reasonably acceptable to the Indemnified Party. The Indemnified Party shall have the right to retain separate counsel in connection with the Action, and the Indemnifying Party shall not be liable for the legal fees and expenses of the Indemnified Party after the Indemnifying Party has done so; *provided* that if the Indemnified Party determines in good faith that there may be a conflict between the positions of

the Indemnified Party and the Indemnifying Party in connection with the Action, or that the Indemnifying Party is not conducting the defense of the Action in a manner reasonably protective of the interests of the Indemnified Party, the reasonable legal fees and expenses of the Indemnified Party shall be paid by the Indemnifying Party; *provided, further*, that the Indemnifying Party shall not, in connection with any one Action or separate but substantially similar or related Actions in the same jurisdiction arising out of the same general allegations or circumstances, be liable for the fees or expenses of more than one separate firm of attorneys (and any required local counsel) for such Indemnified Party, which firm (and local counsel, if any) shall be designated in writing to the Indemnifying Party by the Indemnified Party. If the Indemnifying Party elects to assume the defense of the Action, it shall have full control over the conduct of such defense; *provided* that the Indemnifying Party and its counsel shall, as reasonably requested by the Indemnified Party or its counsel, consult with and keep them informed with respect to the conduct of such defense. The Indemnifying Party shall not settle an Action without the prior written approval of the Indemnified Party unless such settlement provides for the full and unconditional release of the Indemnified Party from all liability in connection with the Action. The Indemnified Party shall reasonably cooperate with the Indemnifying Party in connection with the defense of the Action.

SECTION 8.04 After-Tax Basis. Indemnification under Section 8.01 and 8.02 shall be in an amount necessary to make the Indemnified Party whole after taking into account any Tax consequences to the Indemnified Party of the receipt of the indemnity provided hereunder, including the effect of such Tax or refund on the amount of Tax measured by net income or profits that is or was payable by the Indemnified Party.

ARTICLE IX.

THE ADMINISTRATIVE AGENT AND LENDER AGENTS

SECTION 9.01 The Administrative Agent.

(a) Appointment. Each Lender Agent and each Secured Party hereby appoints and authorizes the Administrative Agent as its agent hereunder and hereby further authorizes the Administrative Agent to appoint additional agents to act on its behalf and for the benefit of each Lender Agent and each Secured Party. Each Lender Agent and each Secured Party further authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers under this Agreement and the other Transaction Documents as are delegated to the Administrative Agent by the terms hereof and thereof, together with such powers as are reasonably incidental thereto. Notwithstanding any provision to the contrary contained elsewhere in this Agreement or in any other Transaction Document, the Administrative Agent shall not have any duties or responsibilities, except those expressly set forth in this Agreement, nor shall the Administrative Agent have or be deemed to have any fiduciary relationship with any Lender or Lender Agent, and no implied covenants, functions, responsibilities, duties, obligations or liabilities shall be read into this Agreement or any other Transaction Document or otherwise exist against the Administrative Agent. Without limiting the generality of the foregoing sentence, the use of the term "agent" in this Agreement with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any Applicable Law. Instead, such term is used

merely as a matter of market custom, and is intended to create or reflect only an administrative relationship between independent contracting parties.

(b) Delegation of Duties. The Administrative Agent may execute any of its duties under this Agreement or any other Transaction Document by or through agents, employees or attorneys in fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. The Administrative Agent shall not be responsible for the negligence or misconduct of any agent or attorney in fact that it selects with reasonable care

(c) Administrative Agent's Reliance, Etc. Neither the Administrative Agent nor any of its directors, officers, agents or employees shall be liable for any action taken or omitted to be taken by it or them as Administrative Agent under or in connection with this Agreement or any of the other Transaction Documents, except for its or their own gross negligence or willful misconduct. Each Lender, Lender Agent and each Secured Party hereby waives any and all claims against the Administrative Agent or any of its Affiliates for any action taken or omitted to be taken by the Administrative Agent or any of its Affiliates under or in connection with this Agreement or any of the other Transaction Documents, except for its or their own gross negligence or willful misconduct. Without limiting the foregoing, the Administrative Agent: (i) may consult with legal counsel (including counsel for the Borrower or the Transferor), independent public accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken in good faith by it in accordance with the advice of such counsel, accountants or experts; (ii) makes no warranty or representation and shall not be responsible for any statements, warranties or representations made in or in connection with this Agreement; (iii) shall not have any duty to ascertain or to inquire as to the performance or observance of any of the terms, covenants or conditions of this Agreement or any of the other Transaction Documents on the part of the Borrower, the Transferor, or the Servicer or to inspect the property (including the books and records) of the Borrower, the Transferor, or the Servicer; (iv) shall not be responsible for the due execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement, any of the other Transaction Documents or any other instrument or document furnished pursuant hereto or thereto; and (v) shall incur no liability under or in respect of this Agreement or any of the other Transaction Documents by acting upon any notice (including notice by telephone), consent, certificate or other instrument or writing (which may be by facsimile) believed by it to be genuine and signed or sent by the proper party or parties.

(d) Actions by Administrative Agent. The Administrative Agent shall be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the Lender Agents as it deems appropriate and, if it so requests, it shall first be indemnified to its satisfaction by the Lenders and Lender Agents against any and all liability and expense which may be incurred by it by reason of taking or continuing to take any such action. The Administrative Agent shall in all cases be fully protected in acting, or in refraining from acting, under this Agreement or any other Transaction Document in accordance with a request or consent of the Lender Agents; *provided*, that, notwithstanding anything to the contrary herein, the Administrative Agent shall not be required to take any action hereunder if the taking of such action, in the reasonable determination of the Administrative Agent, shall be in violation of any Applicable Law or contrary to any provision of this Agreement or shall expose the

Administrative Agent to liability hereunder or otherwise. In the event the Administrative Agent requests the consent of a Lender Agent pursuant to the foregoing provisions and the Administrative Agent does not receive a consent (either positive or negative) from such Person within ten Business Days of such Person's receipt of such request, then such Lender or Lender Agent shall be deemed to have declined to consent to the relevant action.

(e) Notice of Event of Default, Unmatured Event of Default or Servicer Termination Event. The Administrative Agent shall not be deemed to have knowledge or notice of the occurrence of an Event of Default, Unmatured Event of Default or Servicer Termination Event, unless the Administrative Agent has received written notice from a Lender, Lender Agent, the Borrower or the Servicer referring to this Agreement, describing such Event of Default, Unmatured Event of Default or Servicer Termination Event and stating that such notice is a "Notice of Event of Default," "Notice of Unmatured Event of Default" or "Notice of Servicer Termination Event," as applicable. The Agent shall (subject to Section 9.01(c)) take such action with respect to such Event of Default, Unmatured Event of Default or Servicer Termination Event as may be requested by the Lender Agents acting jointly or as the Administrative Agent shall deem advisable or in the best interest of the Lender Agents.

(f) Credit Decision with Respect to the Administrative Agent. Each Lender Agent and each Secured Party acknowledges that none of the Administrative Agent or any of its Affiliates has made any representation or warranty to it, and that no act by the Administrative Agent hereinafter taken, including any consent to and acceptance of any assignment or review of the affairs of the Borrower, the Servicer, the Transferor or any of their respective Affiliates or review or approval of any of the Collateral Portfolio, shall be deemed to constitute any representation or warranty by any of the Administrative Agent or its Affiliates to any Lender Agent as to any matter, including whether the Administrative Agent has disclosed material information in its possession. Each Lender Agent and each Secured Party acknowledges that it has, independently and without reliance upon the Administrative Agent, or any of the Administrative Agent's Affiliates, and based upon such documents and information as it has deemed appropriate, made its own evaluation and decision to enter into this Agreement and the other Transaction Documents to which it is a party. Each Lender Agent and each Secured Party also acknowledges that it will, independently and without reliance upon the Administrative Agent, or any of the Administrative Agent's Affiliates, and based on such documents and information as it shall deem appropriate at the time, continue to make its own decisions in taking or not taking action under this Agreement and the other Transaction Documents to which it is a party. Each Lender Agent and each Secured Party hereby agrees that the Administrative Agent shall not have any duty or responsibility to provide any Lender Agent with any credit or other information concerning the business, prospects, operations, property, financial and other condition or creditworthiness of the Borrower, the Servicer, the Transferor or their respective Affiliates which may come into the possession of the Administrative Agent or any of its Affiliates.

(g) Indemnification of the Administrative Agent. Each Lender Agent agrees to indemnify the Administrative Agent (to the extent not reimbursed by the Borrower or the Servicer), ratably in accordance with the Pro Rata Share of its related Lender, from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred

by, or asserted against the Administrative Agent in any way relating to or arising out of this Agreement or any of the other Transaction Documents, or any action taken or omitted by the Administrative Agent hereunder or thereunder; *provided* that the Lender Agents shall not be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Administrative Agent's gross negligence or willful misconduct; *provided, further*, that no action taken in accordance with the directions of the Lender Agents shall be deemed to constitute gross negligence or willful misconduct for purposes of this Article IX. Without limitation of the foregoing, each Lender Agent agrees to reimburse the Administrative Agent, ratably in accordance with the Pro Rata Share of its related Lender, promptly upon demand for any out-of-pocket expenses (including counsel fees) incurred by the Administrative Agent in connection with the administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement and the other Transaction Documents, to the extent that such expenses are incurred in the interests of or otherwise in respect of the Lender Agents or Lenders hereunder and/or thereunder and to the extent that the Administrative Agent is not reimbursed for such expenses by the Borrower or the Servicer.

(h) Successor Administrative Agent. The Administrative Agent may resign at any time, effective upon the appointment and acceptance of a successor Administrative Agent as provided below, by giving at least five days' written notice thereof to each Lender Agent and the Borrower and may be removed at any time with cause by the Lender Agents and the Borrower acting jointly. Upon any such resignation or removal, the Lender Agents acting jointly shall appoint a successor Administrative Agent. Each Lender Agent agrees that it shall not unreasonably withhold or delay its approval of the appointment of a successor Administrative Agent. If no such successor Administrative Agent shall have been so appointed, and shall have accepted such appointment, within 30 days after the retiring Administrative Agent's giving of notice of resignation or the removal of the retiring Administrative Agent, then the retiring Administrative Agent may, on behalf of the Secured Parties, appoint a successor Administrative Agent which successor Administrative Agent shall be either (i) a commercial bank organized under the laws of the United States or of any state thereof and have a combined capital and surplus of at least \$50,000,000 or (ii) an Affiliate of such a bank. Upon the acceptance of any appointment as Administrative Agent hereunder by a successor Administrative Agent, such successor Administrative Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Administrative Agent, and the retiring Administrative Agent shall be discharged from its duties and obligations under this Agreement. After any retiring Administrative Agent's resignation or removal hereunder as Administrative Agent, the provisions of this Article IX shall continue to inure to its benefit as to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement.

(i) Payments by the Administrative Agent. Unless specifically allocated to a specific Lender Agent pursuant to the terms of this Agreement, all amounts received by the Administrative Agent on behalf of the Lender Agents shall be paid by the Administrative Agent to the Lender Agents in accordance with their related Lender's respective Pro Rata Shares in the applicable Advances Outstanding, or if there are no Advances Outstanding in accordance with their related Lender's most recent Commitments, on the Business Day received by the Administrative Agent, unless such amounts are received after 12:00 noon on such Business Day,

in which case the Administrative Agent shall use its reasonable efforts to pay such amounts to each Lender Agent on such Business Day, but, in any event, shall pay such amounts to such Lender Agent not later than the following Business Day.

SECTION 9.02 The Lender Agents.

(a) Authorization and Action. Each Lender, respectively, hereby designates and appoints its applicable Lender Agent to act as its agent hereunder and under each other Transaction Document, and authorizes such Lender Agent to take such actions as agent on its behalf and to exercise such powers as are delegated to such Lender Agent by the terms of this Agreement and the other Transaction Documents, together with such powers as are reasonably incidental thereto. No Lender Agent shall have any duties or responsibilities, except those expressly set forth herein or in any other Transaction Document, or any fiduciary relationship with its related Lender, and no implied covenants, functions, responsibilities, duties, obligations or liabilities on the part of such Lender Agent shall be read into this Agreement or any other Transaction Document or otherwise exist for such Lender Agent. In performing its functions and duties hereunder and under the other Transaction Documents, each Lender Agent shall act solely as agent for its related Lender and does not assume nor shall be deemed to have assumed any obligation or relationship of trust or agency with or for the Borrower or the Servicer or any of the Borrower's or the Servicer's successors or assigns. No Lender Agent shall be required to take any action that exposes such Lender Agent to personal liability or that is contrary to this Agreement, any other Transaction Document or Applicable Law. The appointment and authority of each Lender Agent hereunder shall terminate upon the indefeasible payment in full of all Obligations. Each Lender Agent hereby authorizes the Administrative Agent to file any UCC financing statement deemed necessary by the Administrative Agent on behalf of such Lender Agent (the terms of which shall be binding on such Lender Agent).

(b) Delegation of Duties. Each Lender Agent may execute any of its duties under this Agreement and each other Transaction Document by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. No Lender Agent shall be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

(c) Exculpatory Provisions. Neither any Lender Agent nor any of its directors, officers, agents or employees shall be (i) liable for any action lawfully taken or omitted to be taken by it or them under or in connection with this Agreement or any other Transaction Document (except for its, their or such Person's own gross negligence or willful misconduct), or (ii) responsible in any manner to its related Lender for any recitals, statements, representations or warranties made by the Borrower or the Servicer contained in Article IV, any other Transaction Document or any certificate, report, statement or other document referred to or provided for in, or received under or in connection with, this Agreement or any other Transaction Document, or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement, any other Transaction Document or any other document furnished in connection herewith or therewith, or for any failure of the Borrower or the Servicer to perform its obligations hereunder or thereunder, or for the satisfaction of any condition specified in this Agreement, or for the perfection, priority, condition, value or sufficiency of any collateral pledged in connection herewith. No Lender Agent shall be under any obligation to its related

Lender to ascertain or to inquire as to the observance or performance of any of the agreements or covenants contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Borrower or the Servicer. No Lender Agent shall be deemed to have knowledge of any Event of Default or Unmatured Event of Default unless such Lender Agent has received notice from the Borrower or its related Lender.

(d) Reliance by Lender Agent. Each Lender Agent shall in all cases be entitled to rely, and shall be fully protected in relying, upon any document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to the Borrower), independent accountants and other experts selected by such Lender Agent. Each Lender Agent shall in all cases be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of its related Lender as it deems appropriate and it shall first be indemnified to its satisfaction by its related Lender; *provided* that, unless and until such Lender Agent shall have received such advice, such Lender Agent may take or refrain from taking any action, as the Lender Agent shall deem advisable and in the best interests of its related Lender. Each Lender Agent shall in all cases be fully protected in acting, or in refraining from acting, in accordance with a request of its related Lender, and such request and any action taken or failure to act pursuant thereto shall be binding upon its related Lender.

(e) Non-Reliance on Lender Agent. Each Lender expressly acknowledges that neither its related Lender Agent, nor any of its officers, directors, employees, agents, attorneys-in-fact or affiliates has made any representations or warranties to it and that no act by such Lender Agent hereafter taken, including, without limitation, any review of the affairs of the Borrower or the Servicer, shall be deemed to constitute any representation or warranty by such Lender Agent. Each Lender represents and warrants to its related Lender Agent that it has and will, independently and without reliance upon its related Lender Agent, and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, prospects, financial and other conditions and creditworthiness of the Borrower and made its own decision to enter into this Agreement, the other Transaction Documents and all other documents related hereto or thereto.

(f) Lender Agents are in their Respective Individual Capacities. Each Lender Agent and its Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Borrower or any Affiliate of the Borrower as though such Lender Agent were not a Lender Agent hereunder. With respect to Advances Outstanding pursuant to this Agreement, each Lender Agent shall have the same rights and powers under this Agreement in its individual capacity as any Lender and may exercise the same as though it were not a Lender Agent, and the terms "Lender," and "Lenders," shall include the Lender Agent in its individual capacity.

(g) Successor Lender Agent. Each Lender Agent may, upon five days' notice to the Borrower and its related Lender, and such Lender Agent will, upon the direction of its related Lender resign as the Lender Agent for such Lender. If any Lender Agent shall resign, then its related Lender during such five day period shall appoint a successor agent. If for any reason no successor agent is appointed by such Lender during such five day period, then

effective upon the termination of such five day period, and the Borrower shall make all payments in respect of the Obligations due to such Lender directly to such Lender, and for all purposes shall deal directly with such Lender. After any retiring Lender Agent's resignation hereunder as a Lender Agent, the provisions of Articles VIII and IX shall inure to its benefit with respect to any actions taken or omitted to be taken by it while it was a Lender Agent under this Agreement.

ARTICLE X.
COLLATERAL AGENT

SECTION 10.01 Designation of Collateral Agent.

(a) Initial Collateral Agent. Each of the Borrower, the Lenders, the Lender Agents, the Issuing Lender and the Administrative Agent hereby designate and appoint the Collateral Agent to act as its agent for the purposes of perfection of a security interest in the Collateral Portfolio and hereby authorizes the Collateral Agent to take such actions on its behalf and on behalf of each of the Secured Parties and to exercise such powers and perform such duties as are expressly granted to the Collateral Agent by this Agreement. The Collateral Agent hereby accepts such agency appointment to act as Collateral Agent pursuant to the terms of this Agreement, until its resignation or removal as Collateral Agent pursuant to the terms hereof.

(b) Successor Collateral Agent. Upon the Collateral Agent's receipt of a Collateral Agent Termination Notice from the Administrative Agent of the designation of a successor Collateral Agent pursuant to the provisions of Section 10.05, the Collateral Agent agrees that it will terminate its activities as Collateral Agent hereunder.

(c) Secured Party. The Administrative Agent, the Lender Agents, the Lenders and Issuing Lender hereby appoint Wells Fargo, in its capacity as Collateral Agent hereunder, as their agent for the purposes of perfection of a security interest in the Collateral Portfolio. Wells Fargo, in its capacity as Collateral Agent hereunder, hereby accepts such appointment and agrees to perform the duties set forth in Section 10.02(b).

SECTION 10.02 Duties of Collateral Agent.

The Borrower, the Lenders, the Issuing Lender, the Lender Agents and the Administrative Agent each hereby appoints Wells Fargo to act as Collateral Agent, for the benefit of the Secured Parties. The Collateral Agent hereby accepts such appointment and agrees to perform the duties and obligations with respect thereto set forth herein.

(i) The Collateral Agent shall calculate amounts to be remitted pursuant to Section 2.04 to the applicable parties and notify the Servicer and the Administrative Agent in the event of any discrepancy between the Collateral Agent's

calculations and the Servicing Report (such dispute to be resolved in accordance with [Section 2.05](#));

(ii) The Collateral Agent shall make payments pursuant to the terms of the Servicing Report or as otherwise directed in accordance with [Sections 2.04](#) or [2.05](#) (the "Payment Duties").

(iii) The Collateral Agent shall provide to the Servicer a copy of all written notices and communications identified as being sent to it in connection with the Loan Assets and the other Collateral Portfolio held hereunder which it receives from the related Obligor, participating bank and/or agent bank. In no instance shall the Collateral Agent be under any duty or obligation to take any action on behalf of the Servicer in respect of the exercise of any voting or consent rights, or similar actions, unless it receives specific written instructions from the Servicer, prior to the occurrence of an Event of Default or the Administrative Agent, after the occurrence of Event of Default, in which event the Collateral Agent shall vote, consent or take such other action in accordance with such instructions.

(c) (i) The Administrative Agent, each Lender Agent and each Secured Party further authorizes the Collateral Agent to take such action as agent on its behalf and to exercise such powers under this Agreement and the other Transaction Documents as are expressly delegated to the Collateral Agent by the terms hereof and thereof, together with such powers as are reasonably incidental thereto. In furtherance, and without limiting the generality of the foregoing, each Secured Party hereby appoints the Collateral Agent (acting at the direction of the Administrative Agent) as its agent to execute and deliver all further instruments and documents, and take all further action that the Administrative Agent deems necessary or desirable in order to perfect, protect or more fully evidence the security interests granted by the Borrower hereunder, or to enable any of them to exercise or enforce any of their respective rights hereunder, including, without limitation, the execution by the Collateral Agent as secured party/assignee of such financing or continuation statements, or amendments thereto or assignments thereof, relative to all or any of the Loan Assets now existing or hereafter arising, and such other instruments or notices, as may be necessary or appropriate for the purposes stated hereinabove. Nothing in this [Section 10.02\(c\)](#) shall be deemed to relieve the Borrower or the Servicer of their respective obligations to protect the interest of the Collateral Agent (for the benefit of the Secured Parties) in the Collateral Portfolio, including to file financing and continuation statements in respect of the Collateral Portfolio in accordance with [Section 5.01\(t\)](#).

(ii) The Administrative Agent may direct the Collateral Agent to take any such incidental action hereunder. With respect to other actions which are incidental to the actions specifically delegated to the Collateral Agent hereunder, the Collateral Agent shall not be required to take any such incidental action hereunder, but shall be required to act or to refrain from acting (and shall be fully protected in acting or refraining from acting) upon the direction of the Administrative Agent; *provided* that the Collateral Agent shall not be required to take any action hereunder at the request of the Administrative Agent, any Secured Party or otherwise if the taking of such action, in the

reasonable determination of the Collateral Agent, (x) shall be in violation of any Applicable Law or contrary to any provisions of this Agreement or (y) shall expose the Collateral Agent to liability hereunder or otherwise (unless it has received indemnity which it reasonably deems to be satisfactory with respect thereto). In the event the Collateral Agent requests the consent of the Administrative Agent and the Collateral Agent does not receive a consent (either positive or negative) from the Administrative Agent within 10 Business Days of its receipt of such request, then the Administrative Agent shall be deemed to have declined to consent to the relevant action.

(iii) Except as expressly provided herein, the Collateral Agent shall not be under any duty or obligation to take any affirmative action to exercise or enforce any power, right or remedy available to it under this Agreement (x) unless and until (and to the extent) expressly so directed by the Administrative Agent or (y) prior to the Facility Maturity Date (and upon such occurrence, the Collateral Agent shall act in accordance with the written instructions of the Administrative Agent pursuant to clause (x)). The Collateral Agent shall not be liable for any action taken, suffered or omitted by it in accordance with the request or direction of any Secured Party, to the extent that this Agreement provides such Secured Party the right to so direct the Collateral Agent, or the Administrative Agent. The Collateral Agent shall not be deemed to have notice or knowledge of any matter hereunder, including an Event of Default, unless a Responsible Officer of the Collateral Agent has knowledge of such matter or written notice thereof is received by the Collateral Agent.

(d) If, in performing its duties under this Agreement, the Collateral Agent is required to decide between alternative courses of action, the Collateral Agent may request written instructions from the Administrative Agent as to the course of action desired by it. If the Collateral Agent does not receive such instructions within two Business Days after it has requested them, the Collateral Agent may, but shall be under no duty to, take or refrain from taking any such courses of action. The Collateral Agent shall act in accordance with instructions received after such two Business Day period except to the extent it has already, in good faith, taken or committed itself to take, action inconsistent with such instructions. The Collateral Agent shall be entitled to rely on the advice of legal counsel and independent accountants in performing its duties hereunder and shall be deemed to have acted in good faith if it acts in accordance with such advice.

(e) Concurrently herewith, the Administrative Agent directs the Collateral Agent and the Collateral Agent is authorized to enter into the Pledge Agreement, Collection Account Agreement and Unfunded Exposure Account Agreement. For the avoidance of doubt, all of the Collateral Agent's rights, protections and immunities provided herein shall apply to the Collateral Agent for any actions taken or omitted to be taken under the Pledge Agreement, Collection Account Agreement and Unfunded Exposure Account Agreement in such capacity.

SECTION 10.03 Merger or Consolidation.

Any Person (i) into which the Collateral Agent may be merged or consolidated, (ii) that may result from any merger or consolidation to which the Collateral Agent shall be a party, or (iii) that may succeed to the properties and assets of the Collateral Agent substantially

as a whole, which Person in any of the foregoing cases executes an agreement of assumption to perform every obligation of the Collateral Agent hereunder, shall be the successor to the Collateral Agent under this Agreement without further act of any of the parties to this Agreement.

SECTION 10.04 Collateral Agent Compensation.

As compensation for its Collateral Agent activities hereunder, the Collateral Agent shall be entitled to the Collateral Agent Fees and Collateral Agent Expenses from the Borrower as set forth in the Wells Fargo Fee Letter, payable to the extent of funds available therefor pursuant to the provisions of Section 2.04. The Collateral Agent's entitlement to receive the Collateral Agent Fees shall cease on the earlier to occur of: (i) its removal as Collateral Agent pursuant to Section 10.05 or (ii) the termination of this Agreement.

SECTION 10.05 Collateral Agent Removal.

The Collateral Agent may be removed, with or without cause, by the Administrative Agent by notice given in writing to the Collateral Agent (the "Collateral Agent Termination Notice"); *provided*, notwithstanding its receipt of a Collateral Agent Termination Notice, the Collateral Agent shall continue to act in such capacity until a successor Collateral Agent has been appointed and has agreed to act as Collateral Agent hereunder; *provided* that the Collateral Agent shall continue to receive compensation of its fees and expenses in accordance with Section 10.04 above while so serving as the Collateral Agent prior to a successor Collateral Agent being appointed.

SECTION 10.06 Limitation on Liability.

(a) The Collateral Agent may conclusively rely on and shall be fully protected in acting upon any certificate, instrument, opinion, notice, letter, telegram or other document delivered to it and that in good faith it reasonably believes to be genuine and that has been signed by the proper party or parties. The Collateral Agent may rely conclusively on and shall be fully protected in acting upon (a) the written instructions of any designated officer of the Administrative Agent or (b) the verbal instructions of the Administrative Agent.

(b) The Collateral Agent may consult counsel satisfactory to it and the advice or opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(c) The Collateral Agent shall not be liable for any error of judgment, or for any act done or step taken or omitted by it, in good faith, or for any mistakes of fact or law, or for anything that it may do or refrain from doing in connection herewith except in the case of its willful misconduct or grossly negligent performance or omission of its duties.

(d) The Collateral Agent makes no warranty or representation and shall have no responsibility (except as expressly set forth in this Agreement) as to the content, enforceability, completeness, validity, sufficiency, value, genuineness, ownership or transferability of the Collateral Portfolio, and will not be required to and will not make any

representations as to the validity or value (except as expressly set forth in this Agreement) of any of the Collateral Portfolio. The Collateral Agent shall not be obligated to take any legal action hereunder that might in its judgment involve any expense or liability unless it has been furnished with an indemnity reasonably satisfactory to it.

(e) The Collateral Agent shall have no duties or responsibilities except such duties and responsibilities as are specifically set forth in this Agreement and no covenants or obligations shall be implied in this Agreement against the Collateral Agent. Notwithstanding any provision to the contrary elsewhere in the Transaction Documents, the Collateral Agent shall not have any fiduciary relationship with any party hereto or any Secured Party in its capacity as such, and no implied covenants, functions, obligations or responsibilities shall be read into this Agreement, the other Transaction Documents or otherwise exist against the Collateral Agent. Without limiting the generality of the foregoing, it is hereby expressly agreed and stipulated by the other parties hereto that the Collateral Agent shall not be required to exercise any discretion hereunder and shall have no investment or management responsibility.

(f) The Collateral Agent shall not be required to expend or risk its own funds in the performance of its duties hereunder.

(g) It is expressly agreed and acknowledged that the Collateral Agent is not guaranteeing performance of or assuming any liability for the obligations of the other parties hereto or any parties to the Collateral Portfolio.

(h) Subject in all cases to the last sentence of Section 2.05, in case any reasonable question arises as to its duties hereunder, the Collateral Agent may, prior to the occurrence of an Event of Default or the Facility Maturity Date, request instructions from the Servicer and may, after the occurrence of an Event of Default or the Facility Maturity Date, request instructions from the Administrative Agent, and shall be entitled at all times to refrain from taking any action unless it has received instructions from the Servicer or the Administrative Agent, as applicable. The Collateral Agent shall in all events have no liability, risk or cost for any action taken pursuant to and in compliance with the instruction of the Administrative Agent. In no event shall the Collateral Agent be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Collateral Agent has been advised of the likelihood of such loss or damage and regardless of the form of action.

(i) The Collateral Agent shall not be liable for the acts or omissions of the Collateral Custodian under this Agreement and shall not be required to monitor the performance of the Collateral Custodian. Notwithstanding anything herein to the contrary, the Collateral Agent shall have no duty to perform any of the duties of the Collateral Custodian under this Agreement.

SECTION 10.07 Collateral Agent Resignation.

The Collateral Agent may resign at any time by giving not less than 90 days written notice thereof to the Administrative Agent and with the consent of the Administrative Agent, which consent shall not be unreasonably withheld. Upon receiving such notice of

resignation, the Administrative Agent shall promptly appoint a successor collateral agent or collateral agents by written instrument, in duplicate, executed by the Administrative Agent, one copy of which shall be delivered to the Collateral Agent so resigning and one copy to the successor collateral agent or collateral agents, together with a copy to the Borrower, Servicer and Collateral Custodian. If no successor collateral agent shall have been appointed and an instrument of acceptance by a successor Collateral Agent shall not have been delivered to the Collateral Agent within 45 days after the giving of such notice of resignation, the resigning Collateral Agent may petition any court of competent jurisdiction for the appointment of a successor Collateral Agent. Notwithstanding anything herein to the contrary, the Collateral Agent may not resign prior to a successor Collateral Agent being appointed.

ARTICLE XI.

SECTION 11.01 Amendments and Waivers.

(a) (i) No amendment or modification of any provision of this Agreement shall be effective without the written agreement of the Borrower, the Servicer, the Required Lenders, the Administrative Agent and, solely if such amendment or modification would adversely affect the rights and obligations of the Collateral Agent, the Account Bank or the Collateral Custodian, the written agreement of the Collateral Agent, the Account Bank or the Collateral Custodian, as applicable; (ii) no termination or waiver of any provision of this Agreement or consent to any departure therefrom by the Borrower or the Servicer shall be effective without the written concurrence of the Administrative Agent and the Required Lenders and (iii) no amendment, waiver or modification adversely affecting the rights or obligations of any Hedge Counterparty shall be effective without the written agreement of such Person. Any waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

(b) Notwithstanding the provisions of Section 11.01(a), the written consent of all of the Lenders shall be required for any amendment, modification or waiver (i) reducing any Advances Outstanding, or the Yield thereon, (ii) postponing any date for any payment of any Advance or L/C Advance, or the Yield thereon, (iii) modifying the provisions of this Section 11.01, (iv) modifying the provisions of Section 2.22 or (v) extending the Stated Maturity Date or clause (i) of the definition of "Reinvestment Period".

SECTION 11.02 Notices, Etc. All notices and other communications hereunder shall, unless otherwise stated herein, be in writing (which shall include facsimile communication and communication by e-mail) and faxed, e-mailed or delivered, to each party hereto, at its address set forth under its name on the signature pages hereto or at such other address as shall be designated by such party in a written notice to the other parties hereto. Notices and communications by facsimile and e-mail shall be effective when sent (and shall be followed by hard copy sent by regular mail), and notices and communications sent by other means shall be effective when received.

SECTION 11.03 No Waiver; Remedies. No failure on the part of the Administrative Agent, the Collateral Agent, any Lender or any Lender Agent to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any right hereunder preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by law.

SECTION 11.04 Binding Effect; Assignability; Multiple Lenders.

(a) This Agreement shall be binding upon and inure to the benefit of the Borrower, the Servicer, the Administrative Agent, each Lender, the Lender Agents, the Collateral Agent, the Account Bank, the Collateral Custodian and their respective successors and permitted assigns. Each Lender and their respective successors and assigns may assign, or grant a security interest or sell a participation interest in, (i) this Agreement and such Lender's rights and obligations hereunder and interest herein in whole or in part (including by way of the sale of participation interests therein) and/or (ii) any Advance or L/C Advance (or portion thereof) or any Variable Funding Note (or any portion thereof) to any Person other than the Borrower or an Affiliate thereof; *provided* that, (x) unless the Borrower shall otherwise consent, a Lender may only assign, grant a security interest or sell a participation in, its rights and obligations hereunder to an Affiliate or a Permitted Assignee who is not a Prohibited Transferee, (y) after an Event of Default has occurred, a Lender may assign its rights and obligations hereunder to any Person and (z) any Conduit Lender shall not need prior consent to at any time assign, or grant a security interest or sell a participation interest in, any Advance or L/C Advance (or portion thereof) to a Liquidity Bank or any commercial paper conduit sponsored by a Liquidity Bank or an Affiliate of its related Lender Agent. Any such assignee shall execute and deliver to the Servicer, the Borrower and the Administrative Agent a fully-executed Transferee Letter substantially in the form of Exhibit O hereto (a "Transferee Letter") and a fully-executed Joinder Supplement. The parties to any such assignment, grant or sale of a participation interest shall execute and deliver to the related Lender Agent for its acceptance and recording in its books and records, such agreement or document as may be satisfactory to such parties and the applicable Lender Agent. None of the Borrower, the Transferor or the Servicer may assign, or permit any Lien to exist upon, any of its rights or obligations hereunder or under any Transaction Document or any interest herein or in any Transaction Document without the prior written consent of each Lender Agent and the Administrative Agent.

(b) Notwithstanding any other provision of this Section 11.04, any Lender may at any time pledge or grant a security interest in all or any portion of its rights (including, without limitation, rights to payment of principal and interest) under this Agreement to secure obligations of such Lender to a Federal Reserve Bank, without notice to or consent of the Borrower or the Administrative Agent; *provided* that no such pledge or grant of a security interest shall release such Lender from any of its obligations hereunder, or substitute any such pledgee or grantee for such Lender as a party hereto.

(c) Each Hedge Counterparty, each Affected Party and each Indemnified Party shall be an express third party beneficiary of this Agreement.

SECTION 11.05 Term of This Agreement. This Agreement, including, without limitation, the Borrower's representations and covenants set forth in Articles IV and V and the Servicer's representations, covenants and duties set forth in Articles IV, V and VI, shall remain in full force and effect until the Collection Date; *provided* that the rights and remedies with respect to any breach of any representation and warranty made or deemed made by the Borrower or the Servicer pursuant to Articles III and IV and the indemnification and payment provisions of Article VIII, IX and Article XI and the provisions of Section 2.10, Section 2.11, Section 11.07, Section 11.08 and Section 11.09 shall be continuing and shall survive any termination of this Agreement.

SECTION 11.06 GOVERNING LAW; JURY WAIVER. THIS AGREEMENT SHALL, IN ACCORDANCE WITH SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF THE STATE OF NEW YORK, BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK. EACH OF THE PARTIES HERETO WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION ARISING DIRECTLY OR INDIRECTLY OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREUNDER.

SECTION 11.07 Costs, Expenses and Taxes.

(a) In addition to the rights of indemnification granted to the Collateral Agent, the Account Bank, the Administrative Agent, the Lenders, the Lender Agents, the Collateral Custodian and their respective Affiliates under Section 8.01 and Section 8.02 hereof, each of the Borrower, the Servicer and the Transferor agrees to pay on demand all out-of-pocket costs and expenses of the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Account Bank and the Collateral Custodian incurred in connection with the preparation, execution, delivery, administration (including periodic auditing), syndication, renewal, amendment or modification of, any waiver or consent issued in connection with, this Agreement, the Transaction Documents and the other documents to be delivered hereunder or in connection herewith, including, without limitation, the fees and out-of-pocket expenses of counsel for the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Account Bank and the Collateral Custodian with respect thereto and with respect to advising the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Account Bank and the Collateral Custodian as to their respective rights and remedies under this Agreement and the other documents to be delivered hereunder or in connection herewith, and all out-of-pocket costs and expenses, if any (including counsel fees and expenses), incurred by the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Account Bank or the Collateral Custodian in connection with the enforcement or potential enforcement of this Agreement or any Transaction Document by such Person and the other documents to be delivered hereunder or in connection herewith.

(b) The Borrower, the Servicer and the Transferor shall pay on demand any and all stamp, sales, excise and other Taxes and fees payable or determined to be payable to any Governmental Authority in connection with the execution, delivery, filing and recording of this Agreement, the other Transaction Documents or any other document providing liquidity support,

credit enhancement or other similar support to the Lenders in connection with this Agreement or the funding or maintenance of Advances or L/C Advances hereunder.

(c) The Servicer and the Transferor shall pay on demand all other out-of-pocket costs, expenses and Taxes (excluding Taxes imposed on or measured by net income) incurred by the Administrative Agent, the Lenders, the Lender Agents, the Collateral Agent, the Collateral Custodian and the Account Bank, including, without limitation, all costs and expenses incurred by the Administrative Agent, the Lender Agents and the Lenders in connection with periodic audits of the Borrower's, the Transferor's or the Servicer's books and records.

SECTION 11.08 No Proceedings.

(a) Each of the parties hereto (other than the Administrative Agent with the consent of the Lender Agents) and each Hedge Counterparty (by accepting the benefits of this Agreement) agree that it will not institute against, or join any other Person in instituting against, the Borrower any proceedings of the type referred to in the definition of Bankruptcy Event so long as there shall not have elapsed one year and one day (or such longer preference period as shall then be in effect) since the Collection Date.

(b) Each of the parties hereto (other than any Conduit Lender) and each Hedge Counterparty (by accepting the benefits of this Agreement) hereby agrees that it will not institute against, or join any other Person in instituting against, any Conduit Lender, the Administrative Agent, or any Liquidity Banks any Bankruptcy Proceeding so long as any commercial paper issued by such Conduit Lender shall be outstanding and there shall not have elapsed one year and one day (or such longer preference period as shall then be in effect) since the last day on which any such commercial paper shall have been outstanding.

SECTION 11.09 Recourse Against Certain Parties.

(a) No recourse under or with respect to any obligation, covenant or agreement (including, without limitation, the payment of any fees or any other obligations) of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party as contained in this Agreement or any other agreement, instrument or document entered into by the Administrative Agent, the Lenders, the Lender Agents or any Secured Party pursuant hereto or in connection herewith shall be had against any administrator of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party or any incorporator, affiliate, stockholder, officer, employee or director of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party or of any such administrator, as such, by the enforcement of any assessment or by any legal or equitable proceeding, by virtue of any statute or otherwise; it being expressly agreed and understood that the agreements of each party hereto contained in this Agreement and all of the other agreements, instruments and documents entered into by the Administrative Agent, the Lenders, the Lender Agents or any Secured Party pursuant hereto or in connection herewith are, in each case, solely the corporate obligations of such party (and nothing in this Section 11.09 shall be construed to diminish in any way such corporate obligations of such party), and that no personal liability whatsoever shall attach to or be incurred by any administrator of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party or any incorporator, stockholder, affiliate, officer, employee or director of the Lenders, the Lender Agents or the

Administrative Agent or of any such administrator, as such, or any of them, under or by reason of any of the obligations, covenants or agreements of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party contained in this Agreement or in any other such instruments, documents or agreements, or are implied therefrom, and that any and all personal liability of every such administrator of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party and each incorporator, stockholder, affiliate, officer, employee or director of the Administrative Agent, the Lenders, the Lender Agents or any Secured Party or of any such administrator, or any of them, for breaches by the Administrative Agent, the Lenders, the Lender Agents or any Secured Party of any such obligations, covenants or agreements, which liability may arise either at common law or in equity, by statute or constitution, or otherwise, is hereby expressly waived as a condition of and in consideration for the execution of this Agreement.

(b) Notwithstanding any contrary provision set forth herein, no claim may be made by the Borrower, the Transferor or the Servicer or any other Person against the Administrative Agent, the Lenders, the Lender Agents or any Secured Party or their respective Affiliates, directors, officers, employees, attorneys or agents for any special, indirect, consequential or punitive damages in respect to any claim for breach of contract or any other theory of liability arising out of or related to the transactions contemplated by this Agreement, or any act, omission or event occurring in connection therewith; and the Borrower, the Transferor and the Servicer each hereby waives, releases, and agrees not to sue upon any claim for any such damages, whether or not accrued and whether or not known or suspected.

(c) No obligation or liability to any Obligor under any of the Loan Assets is intended to be assumed by the Administrative Agent, the Lenders, the Lender Agents or any Secured Party under or as a result of this Agreement and the transactions contemplated hereby.

(d) Notwithstanding anything in this Agreement to the contrary, no Conduit Lender shall have any obligation to pay any amount required to be paid by it hereunder in excess of any amount available to such Conduit Lender after paying or making provision for the payment of its Commercial Paper Notes. All payment obligations of each Conduit Lender hereunder are contingent on the availability of funds in excess of the amounts necessary to pay its Commercial Paper Notes; and each of the other parties hereto agrees that it will not have a claim under Section 101(5) of the Bankruptcy Code if and to the extent that any such payment obligation owed to it by a Conduit Lender exceeds the amount available to such Conduit Lender to pay such amount after paying or making provision for the payment of its Commercial Paper Notes.

(e) The provisions of this Section 11.09 shall survive the termination of this Agreement.

SECTION 11.10 Execution in Counterparts; Severability; Integration. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by e-mail in portable document format (.pdf) or facsimile shall be effective as delivery of a manually executed counterpart of this Agreement. In the event that any provision in or obligation under this Agreement shall be

invalid, illegal or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining provisions or obligations, or of such provision or obligation in any other jurisdiction, shall not in any way be affected or impaired thereby. This Agreement and any agreements or letters (including fee letters) executed in connection herewith contains the final and complete integration of all prior expressions by the parties hereto with respect to the subject matter hereof and shall constitute the entire agreement among the parties hereto with respect to the subject matter hereof, superseding all prior oral or written understandings other than any fee letter delivered by the Servicer to the Administrative Agent and the Lender Agents.

SECTION 11.11 Consent to Jurisdiction; Service of Process.

(a) Each party hereto hereby irrevocably submits to the non-exclusive jurisdiction of any New York State or Federal court sitting in New York City in any action or proceeding arising out of or relating to the Transaction Documents, and each party hereto hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined in such New York State court or, to the extent permitted by law, in such Federal court. The parties hereto hereby irrevocably waive, to the fullest extent they may effectively do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the Borrower and the Servicer agrees that service of process may be effected by mailing a copy thereof by registered or certified mail, postage prepaid, to the Borrower or the Servicer, as applicable, at its address specified in Section 11.02 or at such other address as the Administrative Agent shall have been notified in accordance herewith. Nothing in this Section 11.11 shall affect the right of the Lenders, the Lender Agents or the Administrative Agent to serve legal process in any other manner permitted by law.

SECTION 11.12 Characterization of Conveyances Pursuant to the Purchase and Sale Agreement.

(a) It is the express intent of the parties hereto that the conveyance of the Eligible Loan Assets by the Transferor to the Borrower as contemplated by the Purchase and Sale Agreement be, and be treated for all purposes (other than accounting purposes and subject to the tax characterization of the Borrower and the Advances and L/C Advances described in Section 5.01(aa) and Section 5.02(k) hereof) as, a sale by the Transferor of such Eligible Loan Assets. It is, further, not the intention of the parties that such conveyance be deemed a pledge of the Eligible Loan Assets by the Transferor to the Borrower to secure a debt or other obligation of the Transferor. However, in the event that, notwithstanding the intent of the parties, the Eligible Loan Assets are held to continue to be property of the Transferor, then the parties hereto agree that: (i) the Purchase and Sale Agreement shall also be deemed to be a security agreement under Applicable Law; (ii) as set forth in the Purchase and Sale Agreement, the transfer of the Eligible Loan Assets provided for in the Purchase and Sale Agreement shall be deemed to be a grant by the Transferor to the Borrower of a first priority security interest (subject only to Permitted Liens) in all of the Transferor's right, title and interest in and to the Eligible Loan Assets and all amounts payable to the holders of the Eligible Loan Assets in accordance with the terms thereof

and all proceeds of the conversion, voluntary or involuntary, of the foregoing into cash, instruments, securities or other property, including, without limitation, all amounts from time to time held or invested in the Controlled Accounts, whether in the form of cash, instruments, securities or other property; (iii) the possession by the Borrower (or the Collateral Custodian on its behalf) of Loan Assets and such other items of property as constitute instruments, money, negotiable documents or chattel paper shall be, subject to clause (iv), for purposes of perfecting the security interest pursuant to the UCC; and (iv) acknowledgements from Persons holding such property shall be deemed acknowledgements from custodians, bailees or agents (as applicable) of the Borrower for the purpose of perfecting such security interest under Applicable Law. The parties further agree that any assignment of the interest of the Borrower pursuant to any provision hereof shall also be deemed to be an assignment of any security interest created pursuant to the terms of the Purchase and Sale Agreement. The Borrower shall, to the extent consistent with this Agreement and the other Transaction Documents, take such actions as may be necessary to ensure that, if the Purchase and Sale Agreement was deemed to create a security interest in the Eligible Loan Assets, such security interest would be deemed to be a perfected security interest of first priority (subject only to Permitted Liens) under Applicable Law and will be maintained as such throughout the term of this Agreement.

(b) It is the intention of each of the parties hereto that the Eligible Loan Assets conveyed by the Transferor to the Borrower pursuant to the Purchase and Sale Agreement shall constitute assets owned by the Borrower and shall not be part of the Transferor's estate in the event of the filing of a bankruptcy petition by or against the Transferor under any bankruptcy or similar law.

(c) The Borrower agrees to treat, and shall cause the Transferor to treat, for all purposes (other than accounting purposes and subject to the tax characterization of the Borrower and the Advances and L/C Advances described in Section 5.01(aa) and Section 5.02(k) hereof), the transactions effected by the Purchase and Sale Agreement as sales of assets to the Borrower. The Borrower and the Servicer each hereby agree to cause the Transferor to reflect in the Transferor's financial records and to include a note in the publicly filed annual and quarterly financial statements of Fifth Street indicating that: (i) assets related to transactions (including transactions pursuant to the Transaction Documents) that do not meet SFAS 140 requirements for accounting sale treatment are reflected in the consolidated balance sheet of Fifth Street, as finance receivables pledged and non-recourse, secured borrowings and (ii) those assets are owned by a special purpose entity that is consolidated in the financial statements of Fifth Street, and the creditors of that special purpose entity have received ownership and/or security interests in such assets and such assets are not intended to be available to the creditors of sellers (or any affiliate of the sellers) of such assets to that special purpose entity.

SECTION 11.13 Confidentiality.

(a) Each of the Administrative Agent, the Lenders, the Lender Agents, the Servicer, the Collateral Agent, the Borrower, the Account Bank, the Transferor and the Collateral Custodian shall maintain and shall cause each of its employees and officers to maintain the confidentiality of the Agreement and all information with respect to the other parties, including all information regarding the business of the Borrower and the Servicer hereto and their respective businesses obtained by it or them in connection with the structuring,

negotiating and execution of the transactions contemplated herein, except that each such party and its officers and employees may (i) disclose such information to its external accountants, investigators, auditors, attorneys or other agents, including any valuation firm engaged by such party in connection with any due diligence or comparable activities with respect to the transactions and Loan Assets contemplated herein and the agents of such Persons ("Excepted Persons"); *provided* that each Excepted Person shall, as a condition to any such disclosure, agree for the benefit of the Administrative Agent, the Lenders, the Lender Agents, the Servicer, the Collateral Agent, the Borrower, the Account Bank, the Transferor and the Collateral Custodian that such information shall be used solely in connection with such Excepted Person's evaluation of, or relationship with, the Borrower and its affiliates, (ii) disclose the existence of the Agreement, but not the financial terms thereof, (iii) disclose such information as is required by Applicable Law and (iv) disclose the Agreement and such information in any suit, action, proceeding or investigation (whether in law or in equity or pursuant to arbitration) involving any of the Transaction Documents for the purpose of defending itself, reducing its liability, or protecting or exercising any of its claims, rights, remedies, or interests under or in connection with any of the Transaction Documents. Notwithstanding the foregoing provisions of this Section 11.13(a), the Servicer may, subject to Applicable Law and the terms of any Loan Agreements, make available copies of the documents in the Servicing Files and such other documents it holds in its capacity as Servicer pursuant to the terms of this Agreement, to any of its creditors. It is understood that the financial terms that may not be disclosed except in compliance with this Section 11.13(a) include, without limitation, all fees and other pricing terms, and all Events of Default, Servicer Termination Events, and priority of payment provisions.

(b) Anything herein to the contrary notwithstanding, the Borrower and the Servicer each hereby consents to the disclosure of any nonpublic information with respect to it (i) to the Administrative Agent, the Lenders, the Lender Agents, the Account Bank, the Collateral Agent or the Collateral Custodian by each other, (ii) by the Administrative Agent, the Lenders, the Lender Agents, the Account Bank, the Collateral Agent and the Collateral Custodian to any prospective or actual assignee or participant of any of them provided such Person agrees to hold such information confidential, or (iii) by the Administrative Agent, the Lenders, the Lender Agents, the Account Bank, the Collateral Agent and the Collateral Custodian to any commercial paper dealer or provider of a surety, guaranty or credit or liquidity enhancement to any Lender or any Person providing financing to, or holding equity interests in, any Conduit Lender, as applicable, and to any officers, directors, employees, outside accountants and attorneys of any of the foregoing, provided each such Person is informed of the confidential nature of such information. In addition, the Lenders, the Lender Agents, the Administrative Agent, the Collateral Agent, the Account Bank and the Collateral Custodian may disclose any such nonpublic information as required pursuant to any law, rule, regulation, direction, request or order of any judicial, administrative or regulatory authority or proceedings (whether or not having the force or effect of law).

(c) Notwithstanding anything herein to the contrary, the foregoing shall not be construed to prohibit (i) disclosure of any and all information that is or becomes publicly known; (ii) disclosure of any and all information (a) if required to do so by any applicable statute, law, rule or regulation, (b) to any government agency or regulatory body having or claiming authority to regulate or oversee any respects of the Lenders', the Lender Agents', the Administrative

Agent's, the Collateral Agent's, the Account Bank's or the Collateral Custodian's business or that of their affiliates, (c) pursuant to any subpoena, civil investigative demand or similar demand or request of any court, regulatory authority, arbitrator or arbitration to which the Administrative Agent, any Lender, any Lender Agent, the Collateral Agent, the Collateral Custodian or the Account Bank or an officer, director, employer, shareholder or affiliate of any of the foregoing is a party, (d) in any preliminary or final offering circular, registration statement or contract or other document approved in advance by the Borrower, the Servicer or the Transferor or (e) to any affiliate, independent or internal auditor, agent, employee or attorney of the Collateral Agent or the Collateral Custodian having a need to know the same, *provided* that the disclosing party advises such recipient of the confidential nature of the information being disclosed; or (iii) any other disclosure authorized by the Borrower, Servicer or the Transferor.

SECTION 11.14 Non-Confidentiality of Tax Treatment.

All parties hereto agree that each of them and each of their employees, representatives, and other agents may disclose to any and all Persons, without limitation of any kind, the tax treatment and tax structure of the transaction and all materials of any kind (including, without limitation, opinions or other tax analyses) that are provided to any of them relating to such tax treatment and tax structure. "Tax treatment" and "tax structure" shall have the same meaning as such terms have for purposes of Treasury Regulation Section 1.6011-4; *provided* that with respect to any document or similar item that in either case contains information concerning the tax treatment or tax structure of the transaction as well as other information, the provisions of this Section 11.14 shall only apply to such portions of the document or similar item that relate to the tax treatment or tax structure of the transactions contemplated hereby.

SECTION 11.15 Waiver of Set Off.

Each of the parties hereto hereby waives any right of setoff it may have or to which it may be entitled under this Agreement from time to time against the Administrative Agent, the Lenders, the Lender Agents or their respective assets.

SECTION 11.16 Headings and Exhibits.

The headings herein are for purposes of references only and shall not otherwise affect the meaning or interpretation of any provision hereof. The schedules and exhibits attached hereto and referred to herein shall constitute a part of this Agreement and are incorporated into this Agreement for all purposes.

SECTION 11.17 Ratable Payments.

If any Lender, whether by setoff or otherwise, shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of setoff, or otherwise) on account of Advances or L/C Advances owing to it (other than pursuant to Breakage Fees, Section 2.10 or Section 2.11) in excess of its ratable share of payments on account of the Advances or L/C Advances obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in the Advances or L/C Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of

them; *provided*, that, if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender's ratable share (according to the proportion of (i) the amount of such Lender's required repayment to (ii) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered.

SECTION 11.18 Failure of Borrower or Servicer to Perform Certain Obligations.

If the Borrower or the Servicer, as applicable, fails to perform any of its agreements or obligations under Section 5.01(t), Section 5.02(r) or Section 5.03(e), the Administrative Agent may (but shall not be required to) itself perform, or cause performance of, such agreement or obligation, and the expenses of the Administrative Agent incurred in connection therewith shall be payable by the Borrower or the Servicer (on behalf of the Borrower), as applicable, upon the Administrative Agent's demand therefor.

SECTION 11.19 Power of Attorney. The Borrower irrevocably authorizes the Administrative Agent and appoints the Administrative Agent as its attorney-in-fact to act on behalf of the Borrower (i) to file financing statements necessary or desirable in the Administrative Agent's sole discretion to perfect and to maintain the perfection and priority of the interest of the Secured Parties in the Collateral Portfolio and (ii) to file a carbon, photographic or other reproduction of this Agreement or any financing statement with respect to the Collateral Portfolio as a financing statement in such offices as the Administrative Agent in its sole discretion deems necessary or desirable to perfect and to maintain the perfection and priority of the interests of the Secured Parties in the Collateral Portfolio. This appointment is coupled with an interest and is irrevocable.

SECTION 11.20 Delivery of Termination Statements, Releases, etc. Upon payment in full of all of the Obligations (other than unmatured contingent indemnification obligations) and the termination of this Agreement, the Administrative Agent and the Collateral Agent shall deliver to the Borrower termination statements, reconveyances, releases and other documents necessary or appropriate to evidence the termination of the Pledge and other Liens securing the Obligations, all at the expense of the Borrower.

ARTICLE XII.

COLLATERAL CUSTODIAN

SECTION 12.01 Designation of Collateral Custodian.

(a) **Initial Collateral Custodian.** The role of Collateral Custodian with respect to the Required Loan Documents shall be conducted by the Person designated as Collateral Custodian hereunder from time to time in accordance with this Section 12.01. Each of the Borrower, the Lender Agents and the Administrative Agent hereby designate and appoint the Collateral Custodian to act as its agent and hereby authorizes the Collateral Custodian to take such actions on its behalf and to exercise such powers and perform such duties as are expressly

granted to the Collateral Custodian by this Agreement. The Collateral Custodian hereby accepts such agency appointment to act as Collateral Custodian pursuant to the terms of this Agreement, until its resignation or removal as Collateral Custodian pursuant to the terms hereof.

(b) Successor Collateral Custodian. Upon the Collateral Custodian's receipt of a Collateral Custodian Termination Notice from the Administrative Agent of the designation of a successor Collateral Custodian pursuant to the provisions of Section 12.05, the Collateral Custodian agrees that it will terminate its activities as Collateral Custodian hereunder.

SECTION 12.02 Duties of Collateral Custodian.

(a) Appointment. The Borrower, the Lender Agents and the Administrative Agent each hereby appoints Wells Fargo to act as Collateral Custodian, for the benefit of the Secured Parties. The Collateral Custodian hereby accepts such appointment and agrees to perform the duties and obligations with respect thereto set forth herein.

(b) Duties. From the Closing Date until its removal pursuant to Section 12.05, the Collateral Custodian shall perform, on behalf of the Secured Parties, the following duties and obligations:

(i) The Collateral Custodian shall take and retain custody of the Required Loan Documents delivered by the Borrower pursuant to Section 3.02(a) and Section 3.04(b) hereof in accordance with the terms and conditions of this Agreement, all for the benefit of the Secured Parties. Within five Business Days of its receipt of any Required Loan Documents, the related Loan Asset Schedule and a hard copy of the Loan Asset Checklist, the Collateral Custodian shall review the Required Loan Documents to confirm that (A) such Required Loan Documents have been executed (either an original or a copy, as indicated on the Loan Asset Checklist) and have no mutilated pages, (B) filed stamped copies of the UCC and other filings (required by the Required Loan Documents) are included, (C) if listed on the Loan Asset Checklist, a copy of an Insurance Policy with respect to any real or personal property constituting the Underlying Collateral is included, and (D) the related original balance (based on a comparison to the note or assignment agreement, as applicable), Loan Asset number and Obligor name, as applicable, with respect to such Loan Asset is referenced on the related Loan Asset Schedule (such items (A) through (D) collectively, the "Review Criteria"). In order to facilitate the foregoing review by the Collateral Custodian, in connection with each delivery of Required Loan Documents hereunder to the Collateral Custodian, the Servicer shall provide to the Collateral Custodian a hard copy (which may be preceded by an electronic copy, as applicable) of the related Loan Asset Checklist which contains the Loan Asset information with respect to the Required Loan Documents being delivered, identification number and the name of the Obligor with respect to such Loan Asset. Notwithstanding anything herein to the contrary, the Collateral Custodian's obligation to review the Required Loan Documents shall be limited to reviewing such Required Loan Documents based on the information provided on the Loan Asset Checklist. If, at the conclusion of such review, the Collateral Custodian shall determine that (i) the original balance of the Loan Asset with respect to which it has received Required Loan Documents is less than as set forth on the Loan Asset Schedule, the Collateral Custodian

shall notify the Administrative Agent and the Servicer of such discrepancy within one Business Day, or (ii) any Review Criteria is not satisfied, the Collateral Custodian shall within one Business Day notify the Servicer of such determination and provide the Servicer with a list of the non-complying Loan Assets and the applicable Review Criteria that they fail to satisfy. The Servicer shall have five Business Days after notice or knowledge thereof to correct any non-compliance with any Review Criteria. In addition, if requested in writing (in the form of Exhibit N) by the Servicer and approved by the Administrative Agent within 10 Business Days of the Collateral Custodian's delivery of such report, the Collateral Custodian shall return any Loan Asset which fails to satisfy a Review Criteria to the Borrower. Other than the foregoing, the Collateral Custodian shall not have any responsibility for reviewing any Required Loan Documents. Notwithstanding anything to the contrary contained herein, the Collateral Custodian shall have no duty or obligation with respect to any Loan Asset checklist delivered to it in electronic form.

(ii) In taking and retaining custody of the Required Loan Documents, the Collateral Custodian shall be deemed to be acting as the agent of the Secured Parties; *provided* that the Collateral Custodian makes no representations as to the existence, perfection or priority of any Lien on the Required Loan Documents or the instruments therein; and *provided, further*, that, the Collateral Custodian's duties shall be limited to those expressly contemplated herein.

(iii) All Required Loan Documents shall be kept in fire resistant vaults, rooms or cabinets at the locations specified on the address of the Collateral Custodian on the signature pages attached hereto, or at such other office as shall be specified to the Administrative Agent and the Servicer by the Collateral Custodian in a written notice delivered at least 30 days prior to such change. All Required Loan Documents shall be placed together with an appropriate identifying label and maintained in such a manner so as to permit retrieval and access. The Collateral Custodian shall segregate the Required Loan Documents on its inventory system and will not commingle the physical Required Loan Documents with any other files of the Collateral Custodian other than those, if any, relating to Fifth Street and its Affiliates and subsidiaries; *provided, however*, the Collateral Custodian shall segregate any commingled files upon written request of the Administrative Agent and the Borrower.

(iv) On the 12th calendar day of every month (or if such day is not a Business Day, the next succeeding Business Day), the Collateral Custodian shall provide a written report to the Administrative Agent and the Servicer (in a form mutually agreeable to the Administrative Agent and the Collateral Custodian) identifying each Loan Asset for which it holds Required Loan Documents and the applicable Review Criteria that any Loan Asset fails to satisfy.

(v) Notwithstanding any provision to the contrary elsewhere in the Transaction Documents, the Collateral Custodian shall not have any fiduciary relationship with any party hereto or any Secured Party in its capacity as such, and no implied covenants, functions, obligations or responsibilities shall be read into this Agreement, the other Transaction Documents or otherwise exist against the Collateral

Custodian. Without limiting the generality of the foregoing, it is hereby expressly agreed and stipulated by the other parties hereto that the Collateral Custodian shall not be required to exercise any discretion hereunder and shall have no investment or management responsibility.

(c) (i) The Collateral Custodian agrees to cooperate with the Administrative Agent and the Collateral Agent and deliver any Required Loan Documents to the Collateral Agent or Administrative Agent (pursuant to a written request in the form of Exhibit N), as applicable, as requested in order to take any action that the Administrative Agent deems necessary or desirable in order to perfect, protect or more fully evidence the security interests granted by the Borrower hereunder, or to enable any of them to exercise or enforce any of their respective rights hereunder, including any rights arising with respect to Article VII. In the event the Collateral Custodian receives instructions from the Collateral Agent, the Servicer or the Borrower which conflict with any instructions received by the Administrative Agent, the Collateral Custodian shall rely on and follow the instructions given by the Administrative Agent.

(ii) The Administrative Agent may direct the Collateral Custodian to take any such incidental action hereunder. With respect to other actions which are incidental to the actions specifically delegated to the Collateral Custodian hereunder, the Collateral Custodian shall not be required to take any such incidental action hereunder, but shall be required to act or to refrain from acting (and shall be fully protected in acting or refraining from acting) upon the direction of the Administrative Agent; *provided* that the Collateral Custodian shall not be required to take any action hereunder at the request of the Administrative Agent, any Secured Party or otherwise if the taking of such action, in the reasonable determination of the Collateral Custodian, (x) shall be in violation of any Applicable Law or contrary to any provisions of this Agreement or (y) shall expose the Collateral Custodian to liability hereunder or otherwise (unless it has received indemnity which it reasonably deems to be satisfactory with respect thereto). In the event the Collateral Custodian requests the consent of the Administrative Agent and the Collateral Custodian does not receive a consent (either positive or negative) from the Administrative Agent within 10 Business Days of its receipt of such request, then the Administrative Agent shall be deemed to have declined to consent to the relevant action.

(iii) The Collateral Custodian shall not be liable for any action taken, suffered or omitted by it in accordance with the request or direction of any Secured Party, to the extent that this Agreement provides such Secured Party the right to so direct the Collateral Custodian, or the Administrative Agent. The Collateral Custodian shall not be deemed to have notice or knowledge of any matter hereunder, including an Event of Default, unless a Responsible Officer of the Collateral Custodian has knowledge of such matter or written notice thereof is received by the Collateral Custodian.

SECTION 12.03 Merger or Consolidation.

Any Person (i) into which the Collateral Custodian may be merged or consolidated, (ii) that may result from any merger or consolidation to which the Collateral Custodian shall be a party, or (iii) that may succeed to the properties and assets of the Collateral

Custodian substantially as a whole, which Person in any of the foregoing cases executes an agreement of assumption to perform every obligation of the Collateral Custodian hereunder, shall be the successor to the Collateral Custodian under this Agreement without further act of any of the parties to this Agreement.

SECTION 12.04 Collateral Custodian Compensation.

As compensation for its Collateral Custodian activities hereunder, the Collateral Custodian shall be entitled to the Collateral Custodian Fees from the Borrower as set forth in the Wells Fargo Fee Letter, payable pursuant to the extent of funds available therefor pursuant to the provisions of Section 2.04. The Collateral Custodian's entitlement to receive the Collateral Custodian Fees shall cease on the earlier to occur of: (i) its removal as Collateral Custodian pursuant to Section 12.05, (ii) its resignation as Collateral Custodian pursuant to Section 12.07 of this Agreement or (iii) the termination of this Agreement.

SECTION 12.05 Collateral Custodian Removal.

The Collateral Custodian may be removed, with or without cause, by the Administrative Agent by notice given in writing to the Collateral Custodian (the "Collateral Custodian Termination Notice"); *provided*, notwithstanding its receipt of a Collateral Custodian Termination Notice, the Collateral Custodian shall continue to act in such capacity until a successor Collateral Custodian has been appointed and has agreed to act as Collateral Custodian hereunder.

SECTION 12.06 Limitation on Liability.

(a) The Collateral Custodian may conclusively rely on and shall be fully protected in acting upon any certificate, instrument, opinion, notice, letter, telegram or other document delivered to it and that in good faith it reasonably believes to be genuine and that has been signed by the proper party or parties. The Collateral Custodian may rely conclusively on and shall be fully protected in acting upon (a) the written instructions of any designated officer of the Administrative Agent or (b) the verbal instructions of the Administrative Agent.

(b) The Collateral Custodian may consult counsel satisfactory to it and the advice or opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(c) The Collateral Custodian shall not be liable for any error of judgment, or for any act done or step taken or omitted by it, in good faith, or for any mistakes of fact or law, or for anything that it may do or refrain from doing in connection herewith except in the case of its willful misconduct or grossly negligent performance or omission of its duties.

(d) The Collateral Custodian makes no warranty or representation and shall have no responsibility (except as expressly set forth in this Agreement) as to the content, enforceability, completeness, validity, sufficiency, value, genuineness, ownership or transferability of the Collateral Portfolio, and will not be required to and will not make any representations as to the validity or value (except as expressly set forth in this Agreement) of any

of the Collateral Portfolio. The Collateral Custodian shall not be obligated to take any legal action hereunder that might in its judgment involve any expense or liability unless it has been furnished with an indemnity reasonably satisfactory to it.

(e) The Collateral Custodian shall have no duties or responsibilities except such duties and responsibilities as are specifically set forth in this Agreement and no covenants or obligations shall be implied in this Agreement against the Collateral Custodian.

(f) The Collateral Custodian shall not be required to expend or risk its own funds in the performance of its duties hereunder.

(g) It is expressly agreed and acknowledged that the Collateral Custodian is not guaranteeing performance of or assuming any liability for the obligations of the other parties hereto or any parties to the Collateral Portfolio.

(h) Subject in all cases to the last sentence of Section 12.02(c)(i), in case any reasonable question arises as to its duties hereunder, the Collateral Custodian may, prior to the occurrence of an Event of Default or the Facility Maturity Date, request instructions from the Servicer and may, after the occurrence of an Event of Default or the Facility Maturity Date, request instructions from the Administrative Agent, and shall be entitled at all times to refrain from taking any action unless it has received instructions from the Servicer or the Administrative Agent, as applicable. The Collateral Custodian shall in all events have no liability, risk or cost for any action taken pursuant to and in compliance with the instruction of the Administrative Agent. In no event shall the Collateral Custodian be liable for special, indirect or consequential loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Collateral Custodian has been advised of the likelihood of such loss or damage and regardless of the form of action.

SECTION 12.07 Collateral Custodian Resignation.

Collateral Custodian may resign and be discharged from its duties or obligations hereunder, not earlier than 90 days after delivery to the Administrative Agent of written notice of such resignation specifying a date when such resignation shall take effect. Upon the effective date of such resignation, or if the Administrative Agent gives Collateral Custodian written notice of an earlier termination hereof, Collateral Custodian shall (i) be reimbursed for any costs and expenses Collateral Custodian shall incur in connection with the termination of its duties under this Agreement and (ii) deliver all of the Required Loan Documents in the possession of Collateral Custodian to the Administrative Agent or to such Person as the Administrative Agent may designate to Collateral Custodian in writing upon the receipt of a request in the form of Exhibit N; *provided* that the Borrower shall consent to any successor Collateral Custodian appointed by the Administrative Agent (such consent not to be unreasonably withheld). Notwithstanding anything herein to the contrary, the Collateral Custodian may not resign prior to a successor Collateral Custodian being appointed.

SECTION 12.08 Release of Documents.

(a) Release for Servicing. From time to time and as appropriate for the enforcement or servicing of any of the Collateral Portfolio, the Collateral Custodian is hereby

authorized (unless and until such authorization is revoked by the Administrative Agent), upon written receipt from the Servicer of a request for release of documents and receipt in the form annexed hereto as Exhibit N, to release to the Servicer within two Business Days of receipt of such request, the related Required Loan Documents or the documents set forth in such request and receipt to the Servicer. All documents so released to the Servicer shall be held by the Servicer in trust for the benefit of the Collateral Agent, on behalf of the Secured Parties in accordance with the terms of this Agreement. The Servicer shall return to the Collateral Custodian the Required Loan Documents or other such documents (i) promptly upon the request of the Administrative Agent, or (ii) when the Servicer's need therefor in connection with such foreclosure or servicing no longer exists, unless the Loan Asset shall be liquidated, in which case, the Servicer shall deliver an additional request for release of documents to the Collateral Custodian and receipt certifying such liquidation from the Servicer to the Collateral Agent, all in the form annexed hereto as Exhibit N.

(b) Limitation on Release. The foregoing provision with respect to the release to the Servicer of the Required Loan Documents and documents by the Collateral Custodian upon request by the Servicer shall be operative only to the extent that the Administrative Agent has consented to such release. Promptly after delivery to the Collateral Custodian of any request for release of documents, the Servicer shall provide notice of the same to the Administrative Agent. Any additional Required Loan Documents or documents requested to be released by the Servicer may be released only upon written authorization of the Administrative Agent. The limitations of this paragraph shall not apply to the release of Required Loan Documents to the Servicer pursuant to the immediately succeeding subsection.

(c) Release for Payment. Upon receipt by the Collateral Custodian of the Servicer's request for release of documents and receipt in the form annexed hereto as Exhibit N (which certification shall include a statement to the effect that all amounts received in connection with such payment or repurchase have been credited to the Collection Account as provided in this Agreement), the Collateral Custodian shall promptly release the related Required Loan Documents to the Servicer.

SECTION 12.09 Return of Required Loan Documents.

The Borrower may, with the prior written consent of the Administrative Agent (such consent not to be unreasonably withheld), require that the Collateral Custodian return each Required Loan Document (a) delivered to the Collateral Custodian in error or (b) released from the Lien of the Collateral Agent hereunder pursuant to Section 2.16, in each case by submitting to the Collateral Custodian and the Administrative Agent a written request in the form of Exhibit N hereto (signed by both the Borrower and the Administrative Agent) specifying the Collateral Portfolio to be so returned and reciting that the conditions to such release have been met (and specifying the Section or Sections of this Agreement being relied upon for such release). The Collateral Custodian shall upon its receipt of each such request for return executed by the Borrower and the Administrative Agent promptly, but in any event within five Business Days, return the Required Loan Documents so requested to the Borrower.

SECTION 12.10 Access to Certain Documentation and Information Regarding the Collateral Portfolio; Audits of Servicer.

The Collateral Custodian shall provide to the Administrative Agent and each Lender Agent access to the Required Loan Documents and all other documentation regarding the Collateral Portfolio including in such cases where the Administrative Agent and each Lender Agent is required in connection with the enforcement of the rights or interests of the Secured Parties, or by applicable statutes or regulations, to review such documentation, such access being afforded without charge but only (i) upon two Business Days prior written request, (ii) during normal business hours and (iii) subject to the Servicer's and the Collateral Custodian's normal security and confidentiality procedures. Prior to the Closing Date and periodically thereafter at the discretion of the Administrative Agent and each Lender Agent, the Administrative Agent and each Lender Agent may review the Servicer's collection and administration of the Collateral Portfolio in order to assess compliance by the Servicer with the Servicing Standard, as well as with this Agreement and may conduct an audit of the Collateral Portfolio, and Required Loan Documents in conjunction with such a review. Such review shall be (subject to Section 5.03(d)(ii)) reasonable in scope and shall be completed in a reasonable period of time. Without limiting the foregoing provisions of this Section 12.10, from time to time on request of the Administrative Agent, the Collateral Custodian shall permit certified public accountants or other auditors acceptable to the Administrative Agent to conduct, at the expense of the Servicer (on behalf of the Borrower), a review of the Required Loan Documents and all other documentation regarding the Collateral Portfolio.

SECTION 12.11 Bailment.

The Collateral Custodian agrees that, with respect to any Required Loan Documents at any time or times in its possession or held in its name, the Collateral Custodian shall be the agent and bailee of the Collateral Agent, for the benefit of the Secured Parties, for purposes of perfecting (to the extent not otherwise perfected) the Collateral Agent's security interest in the Collateral Portfolio and for the purpose of ensuring that such security interest is entitled to first priority status under the UCC.

ELIGIBILITY CRITERIA

The representations and warranties set forth in this Schedule III are made by the Borrower and the Servicer under the Loan and Servicing Agreement and the Transferor under the Purchase and Sale Agreement, with respect to all Loan Assets which are designated as being Eligible Loan Assets on any Borrowing Base Certificate or are otherwise represented to the Administrative Agent, the Lenders or the Lender Agents as being Eligible Loan Assets, or are included as Eligible Loan Assets in any calculation set forth in the Agreement to which this Schedule III is attached.

1. Each such Loan Asset is a perfected first or second lien, senior secured, commercial loan evidenced by a note or a credit document and an assignment document in the form specified in the applicable credit agreement or, if no such specification, on the LSTA assignment form; *provided* that any Loan Asset secured by a second lien shall either be (i) only subordinated to a small revolving or asset-based loan whose value does not constitute a material portion of the overall value of the assets (including a pledge of stock) of the related Obligor as determined by the Administrative Agent in its sole discretion or (ii) a Revolving Loan Asset for which the Advance Date Assigned Value is 0%. Each such Loan Asset and the Portfolio Assets related thereto is subject to a valid, subsisting and enforceable first priority perfected security interest (subject only to Permitted Liens) in favor of the Collateral Agent, on behalf of the Secured Parties, and the Borrower has good and marketable title to such Loan Asset and the Portfolio Assets related thereto, free and clear of all Liens other than any Permitted Liens.

2. The Obligor with respect to each such Loan Asset is organized under the laws of the United States or any state thereof.

3. Each such Loan Asset is denominated in United States dollars.

4. No such Loan Asset is Margin Stock.

5. The acquisition of such Loan Asset does not cause the Borrower or the assets constituting the Collateral Portfolio to be required to be registered as an investment company under the 1940 Act, as amended.

6. No such Loan Asset is a financing by a debtor-in-possession in any Bankruptcy Proceeding.

7. No such Loan Asset is principally secured by real estate.

8. Each such Loan Asset constitutes a legal, valid, binding and enforceable obligation of the Obligor thereunder and each guarantor thereof, enforceable against each such Person in accordance with its terms, subject to usual and customary bankruptcy, insolvency and equity limitations.

9. Each such Loan Asset is in the form of, and is treated as, indebtedness for federal income tax purposes.

Sch. III-1

10. As of the related Cut-Off Date and at any time prior to the related Cut-Off Date, except as permitted under clause 40 set forth below, (i) such Loan Asset is and has been current on all interest and principal payments under the terms of the related Loan Agreement and (ii) there has been no (a) "event of default" (as defined in the related Loan Agreement) or (b) any other default, breach, violation or event permitting acceleration (provided that the existence of any financial default shall be determined as of the most recent financial report provided by the applicable Obligor) under the terms of any such Loan Asset (of which the Transferor has actual knowledge) that, in each of the foregoing cases, has not been cured or waived, unless otherwise approved by the Administrative Agent in writing.

11. As of the related Cut-Off Date, the acquisition of each such Loan Asset by the Borrower, and the Pledge of each such Loan Asset, has been approved by the Administrative Agent.

12. Other than with respect to any second lien Revolving Loan Asset which fails to meet the criteria set forth in clause (i) of the proviso in Section 1 hereof, the aggregate outstanding Adjusted Borrowing Value of Loan Assets as of the Cut-Off Date with respect to a single Obligor and its Affiliates after giving effect to any acquisitions will not be less than \$3,000,000 unless the Administrative Agent has provided prior approval. For the avoidance of doubt, companies owned by the same private equity sponsor shall not be considered Affiliates.

13. The Obligor with respect to each such Loan Asset is not an Affiliate of the Servicer or the Transferor with respect to such Loan Asset.

14. The acquisition of any such Loan Asset by the Borrower or the Pledge thereof would not, in the Administrative Agent's commercially reasonable judgment, (i) violate any Applicable Law or (ii) cause the Administrative Agent, the Lenders or the Lender Agents to fail to comply with any request or directive (whether or not having the force of law) from any banking or other Governmental Authority having jurisdiction over the Administrative Agent, the Lenders or the Lender Agents.

15. No such Loan Asset contravenes any Applicable Law and no part thereof is in violation of any Applicable Law.

16. Pursuant to the Loan Agreement with respect to such Loan Asset, either (i) such Loan Asset is freely assignable to the Borrower and able to be Pledged to the Collateral Agent, on behalf of the Secured Parties, without the consent of the Obligor or (ii) (a) all consents necessary for assignment of such Loan Asset to the Borrower and Pledge to the Collateral Agent for the benefit of the Secured Parties have been obtained and (b) the Loan Agreement provides that any consents necessary for future assignments shall not be unreasonably withheld by the applicable Obligor and/or agent, and the rights to enforce rights and remedies in respect of the same under the applicable Loan Agreement inure to the benefit of the holder of such Loan Asset (subject to the rights of any applicable agent or other lenders).

17. The funding obligations for each such Loan Asset and the Loan Agreement under which such Loan Asset was created have been fully satisfied and all sums available thereunder have been fully advanced, or if such Loan Asset is a Revolving Loan Asset

or Delayed Draw Loan Asset, either (i) the Borrower shall have or have caused to be, at the time of the sale of such Loan Asset to the Borrower, deposited into the Unfunded Exposure Account an amount in United States dollars equal to the Unfunded Exposure Equity Amount or (ii) the Unfunded Exposure Equity Amount with respect to such Loan Asset shall not create a Borrowing Base Deficiency.

18. No such Loan Asset is the subject of any assertions in respect of, any litigation, right of rescission, set-off, counterclaim or defense, including the defense of usury, by the related Obligor, nor will the operation of any of the terms of the Loan Agreements, or the exercise of any right thereunder, render the Loan Agreements unenforceable in whole or in part, or subject to any right of rescission, set-off, counterclaim or defense, including the defense of usury, and no such right of rescission, set-off, counterclaim or defense has been asserted with respect thereto, and the Loan Agreements with respect to the Loan Asset provide for an affirmative waiver by the related Obligor of all rights of rescission, set-off and counterclaim against the Transferor and its assignees.

19. With respect to each such Loan Asset acquired by the Borrower from the Transferor under the Purchase and Sale Agreement, by the Cut-Off Date on which such Loan Asset is Pledged under the Loan and Servicing Agreement and on each day thereafter, the Transferor will have caused its master computer records relating to such Loan Asset to be clearly and unambiguously marked to show that such Loan Asset has been sold to the Borrower.

20. No such Loan Asset has been repaid, prepaid, satisfied or rescinded, in each case, in full.

21. No such Loan Asset has been sold, transferred, assigned or pledged by the Borrower to any Person other than the Collateral Agent for the benefit of the Secured Parties.

22. Such Loan Asset is not subject to withholding tax unless the Obligor thereon is required under the terms of the related Loan Agreement to make "gross-up" payments that cover the full amount of such withholding tax on an after-tax basis in the event of a Change of Tax Law. The transfer, assignment and conveyance of such Loan Asset (and the other Portfolio Assets related thereto) from the Transferor to the Borrower pursuant to the Purchase and Sale Agreement, is not subject to and will not result in any fee or governmental charge (other than income taxes) payable by the Borrower or any other Person to any federal, state or local government.

23. The Obligor with respect to such Loan Asset (and any guarantor of such Obligor's obligations thereunder), had full legal capacity to execute and deliver the Loan Agreement which creates such Loan Asset and any other documents related thereto.

24. The Obligor of each such Loan Asset is not a Government Authority.

25. Each such Loan Asset (i) was originated or acquired by the Transferor in the ordinary course of the Transferor's business and, to the extent required by Applicable Law, the Transferor has all necessary licenses and permits to originate or acquire such Loan Asset in the State where the Obligor was located (to the extent required by Applicable Law), and (ii) was sold by the Transferor to the Borrower under the Purchase and Sale Agreement and, to the extent

required by Applicable Law, the Borrower has all necessary licenses and permits to purchase and own such Loan Assets and enter into Loan Agreements pursuant to which such Loan Asset was created, in the State where the Obligor is located (to the extent required by Applicable Law); *provided* that any failure by the Transferor or the Borrower, as applicable, to have the necessary licenses and permits in the applicable State shall not preclude such Loan Asset from being deemed an Eligible Loan Asset if, upon discovery or knowledge of such failure, the Transferor or the Borrower, as applicable, promptly commences and is thereafter diligently taking the appropriate measures to obtain the necessary licenses and permits in such State, as determined by the Administrative Agent in its reasonable and sole discretion.

26. There are no proceedings pending or, to the Borrower's knowledge, threatened (i) asserting insolvency of the Obligor of such Loan Asset, or (ii) wherein the Obligor of such Loan Asset, any other obligated party or any governmental agency has alleged that such Loan Asset or the Loan Agreement which creates such Loan Asset is illegal or unenforceable.

27. Each such Loan Asset requires the related Obligor to pay all maintenance, repair, insurance and taxes, together with all other ancillary costs and expenses, with respect to the related Underlying Collateral.

28. The Underlying Collateral related to each such Loan Asset has not, and will not, be used by the related Obligor in any manner or for any purpose which would result in any material risk of liability being imposed upon the Transferor, the Borrower or the Lenders under any federal, state, local or foreign laws, common laws, statutes, codes, ordinances, rules, regulations, permits, judgments, agreements or order related to addressing the environment, health or safety.

29. Each such Loan Asset has an original term to maturity of not greater than six years.

30. Each such Loan Asset does not contain confidentiality restrictions that would prohibit the Lenders, the Lender Agents or the Administrative Agent from accessing all necessary information (as required to be provided pursuant to the Transaction Documents) with regards to such Loan Asset.

31. Other than with respect to any second lien Revolving Loan Asset which fails to meet the criteria set forth in clause (i) of the proviso in Section 1 hereof, each such Loan Asset has a current cash coupon of at least (i)(a) 4.00% if such Loan Asset is a Floating Rate Loan Asset or (b) 10.00% if such Loan Asset is a Fixed Rate Loan Asset and (ii) such coupon is payable at least quarterly.

32. Each such Loan Asset (i) was originated and underwritten, or purchased and re-underwritten, by the Transferor including, without limitation, the completion of a due diligence and, if applicable, a collateral assessment and (ii) is being serviced by the Servicer in accordance with the Servicing Standard.

33. All of the original or certified Required Loan Documents and the Loan Asset Checklist, acceptable to the Administrative Agent and the Transferor, with respect to such Loan Asset have been, or will be, delivered to the Collateral Custodian within five Business

Days of the applicable Cut-Off Date, and all Servicing Files are being or shall be maintained at the principal place of business of the Servicer in accordance with documented safety procedures approved by the Administrative Agent.

34. Each such Loan Asset is not subject to clause (a) of the definition of "Material Modification".

35. Each such Loan Asset is not an extension of credit by the Transferor to the Obligor for the purpose of (i) making any past due principal, interest or other payments due on such Loan Asset, (ii) preventing such Loan Asset or any other loan to the related Obligor from becoming past due or (iii) preventing such Loan Asset from becoming defaulted.

36. The Obligor with respect to such Loan Asset, on the applicable date of determination, (i) is a business organization (and not a natural person) duly organized and validly existing under the laws of its jurisdiction of organization; (ii) is a legal operating entity or holding company; (iii) has not entered into the Loan Asset primarily for personal, family or household purposes; and (iv) is not the subject of a Bankruptcy Event, and, as of the related Cut-Off Date, such Obligor is not in financial distress and has not experienced a material adverse change in its condition, financial or otherwise, in each case, as determined by the Servicer in its reasonable discretion unless approved in writing by the Administrative Agent.

37. All information provided by the Borrower or the Servicer to the Administrative Agent in writing with respect to such Loan Asset is true and correct as of the date such information is provided.

38. Each such Loan Asset is not an Equity Security and does not provide for the conversion into an Equity Security at any time on or after the date it is included as part of the Collateral Portfolio.

39. No selection procedure adverse to the interests of the Secured Parties was utilized by the Borrower in the selection of such Loan Asset for inclusion in the Collateral Portfolio.

40. Each such Loan Asset is not a Loan Asset with respect to which interest required by the Loan Agreement to be paid in cash has previously been deferred or capitalized as principal and not subsequently paid in full; unless the Obligor has commenced paying in cash current interest required to be paid in cash.

41. Each such Loan Asset is not a participation interest in all or a portion of a loan (for the avoidance of doubt, a syndication or co-lending interest which is not documented as a participation interest shall not be deemed a participation interest).

42. After giving effect to such acquisition, the sum of (x) the total commitments (funded and unfunded) of all Revolving Loan Assets, (y) the total unfunded commitments of all Delayed Draw Loan Assets and (z) the Unpledged L/C Commitments will not exceed \$15,000,000.

FORM OF SECOND AMENDED AND RESTATED VARIABLE FUNDING NOTE

\$ _____

[_____] [____], 2010

THIS SECOND AMENDED AND RESTATED VARIABLE FUNDING NOTE HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 (THE "SECURITIES ACT"). NEITHER THIS SECOND AMENDED AND RESTATED VARIABLE FUNDING NOTE NOR ANY PORTION HEREOF MAY BE OFFERED OR SOLD EXCEPT IN COMPLIANCE WITH THE REGISTRATION PROVISIONS OF THE SECURITIES ACT OR PURSUANT TO AN AVAILABLE EXEMPTION FROM SUCH REGISTRATION PROVISIONS.

THIS SECOND AMENDED AND RESTATED VARIABLE FUNDING NOTE IS NOT PERMITTED TO BE TRANSFERRED, ASSIGNED, EXCHANGED OR OTHERWISE PLEDGED OR CONVEYED EXCEPT TO A (A) QUALIFIED INSTITUTIONAL BUYER UNDER RULE 144A OF THE SECURITIES ACT OR AN INSTITUTIONAL "ACCREDITED INVESTOR" AS DEFINED IN RULE (1)-501(A)(1)-(3) OR (7) UNDER THE SECURITIES ACT, IN EACH CASE, WHO IS ALSO A (B) QUALIFIED PURCHASER FOR PURPOSES OF SECTION 3(c)(7) OF THE 1940 ACT, AND IN COMPLIANCE WITH THE TERMS OF THE LOAN AND SERVICING AGREEMENT REFERRED TO HEREIN.

FOR VALUE RECEIVED, FIFTH STREET FUNDING, LLC, a Delaware limited liability company (the "Borrower"), promises to pay to [Name of Lender Agent] [] (the "Lender Agent"), or its [Name of Lender]'s ("Lender") assigns, the principal sum of [] DOLLARS (\$[]), or, if less, the unpaid principal amount of the aggregate Advances and L/C Advances (together, the "Advances Outstanding") made by the Lender to the Borrower pursuant to the Loan and Servicing Agreement (as defined below), as set forth on the attached Schedule, on the dates specified in the Loan and Servicing Agreement, and to pay interest on the unpaid principal amount of the Advances Outstanding on each day that such unpaid principal amount is outstanding, at the Yield Rate related to such Advances Outstanding as provided in the Loan and Servicing Agreement, on each Payment Date and each other date specified in the Loan and Servicing Agreement.

This Second Amended and Restated Variable Funding Note (the "Note") is issued pursuant to the Amended and Restated Loan and Servicing Agreement, dated as of November 5, 2010 (as amended, modified, waived, supplemented or restated from time to time, the "Loan and Servicing Agreement"), by and among Fifth Street Funding, LLC, as the borrower (in such capacity, the "Borrower"), Fifth Street Finance Corp., as the transferor (in such capacity, the "Transferor") and as the servicer (in such capacity, the "Servicer"), Wells Fargo Securities, LLC, as the administrative agent (in such capacity, the "Administrative Agent"), each of the Conduit Lenders and Institutional Lenders from time to time party thereto (the "Lenders"), each of the Lender Agents from time to time party thereto (the "Lender Agents") and Wells Fargo Bank, National Association, as the collateral agent (in such capacity, the "Collateral Agent"), as the account bank (in such capacity, the "Account Bank") and as the collateral custodian (in such

capacity, the “Collateral Custodian”). Capitalized terms used but not defined herein shall have the meanings provided in the Loan and Servicing Agreement.

Notwithstanding any other provisions contained in this Note, if at any time the rate of interest payable by the Borrower under this Note, when combined with any and all other charges provided for in this Note, in the Loan and Servicing Agreement or in any other document (to the extent such other charges would constitute interest for the purpose of any applicable law limiting interest that may be charged on this Note), exceeds the highest rate of interest permissible under applicable law (the “Maximum Lawful Rate”), then so long as the Maximum Lawful Rate would be exceeded, the rate of interest under this Note shall be equal to the Maximum Lawful Rate. If at any time thereafter the rate of interest payable under this Note is less than the Maximum Lawful Rate, the Borrower shall continue to pay interest under this Note at the Maximum Lawful Rate until such time as the total interest paid by the Borrower is equal to the total interest that would have been paid had applicable law not limited the interest rate payable under this Note. In no event shall the total interest received by the Lender under this Note exceed the amount which the Lender could lawfully have received had the interest due under this Note been calculated since the date of this Note at the Maximum Lawful Rate.

Payments of the principal of, and interest on, Advances Outstanding represented by this Note shall be made by or on behalf of the Borrower to the holder hereof by wire transfer of immediately available funds in the manner and at the address specified for such purpose as provided in the Loan and Servicing Agreement, or in such manner or at such other address as the holder of this Note shall have specified in writing to the Borrower for such purpose, without the presentation or surrender of this Note or the making of any notation on this Note.

If any payment under this Note falls due on a day that is not a Business Day, then such due date shall be extended to the next succeeding Business Day and interest shall be payable on any principal so extended at the applicable Yield Rate.

If all or a portion of (i) any interest payable hereunder or (ii) any other amounts payable hereunder shall not be paid when due other than the principal amount hereof (whether at maturity, by acceleration or otherwise), such overdue amount shall bear interest at a rate per annum that is equal to the Base Rate plus 4% (unless otherwise specified in the Loan and Servicing Agreement), in each case from the date of such non-payment to (but excluding) the date such amount is paid in full.

For the avoidance of doubt, if any Event of Default shall have occurred, with respect to the principal amount hereof, the Yield Rate shall be increased pursuant to the increase set forth in the definition of “Applicable Spread” set forth in the Loan and Servicing Agreement, effective as of the date of the occurrence of such Event of Default, and shall apply after the occurrence of such Event of Default.

Portions or all of the principal amount of the Note shall become due and payable at the time or times set forth in the Loan and Servicing Agreement. Any portion or all of the principal amount of this Note may be prepaid, together with interest thereon (and, as set forth in the Loan and Servicing Agreement, certain costs and expenses of the Lender) at the time and in the manner set forth in, but subject to the provisions of, the Loan and Servicing Agreement.

Except as provided in the Loan and Servicing Agreement, the Borrower expressly waives presentment, demand, diligence, protest and all notices of any kind whatsoever with respect to this Note.

All amounts evidenced by this Note, the Lender's Advances Outstanding and all payments and prepayments of the principal hereof and the respective dates and maturity dates thereof shall be endorsed by the Lender Agent, on the schedule attached hereto and made a part hereof or on a continuation thereof, which shall be attached hereto and made a part hereof; *provided*, however, that the failure of the Lender Agent to make such a notation shall not in any way limit or otherwise affect the obligations of the Borrower under this Note as provided in the Loan and Servicing Agreement.

The holder hereof may sell, assign, transfer, negotiate, grant participations in or otherwise dispose of all or any portion of any Advances Outstanding made by the Lender and represented by this Note and the indebtedness evidenced by this Note, subject to the applicable provisions of the Loan and Servicing Agreement.

This Note is secured by the security interests granted pursuant to Section 2.13 of the Loan and Servicing Agreement. The holder of this Note is entitled to the benefits of the Loan and Servicing Agreement and may enforce the agreements of the Borrower contained in the Loan and Servicing Agreement and exercise the remedies provided for by, or otherwise available in respect of, the Loan and Servicing Agreement, all in accordance with, and subject to the restrictions contained in, the terms of the Loan and Servicing Agreement. If an Event of Default shall occur, the unpaid balance of the principal of all Advances Outstanding, together with accrued interest thereon, may be declared, and may become, due and payable in the manner and with the effect provided in the Loan and Servicing Agreement.

The Borrower, the Transferor and the Servicer, the Lenders, the Administrative Agent, the Lender Agents, the Collateral Agent, the Account Bank and the Collateral Custodian each intend, for federal, state and local income and franchise tax purposes only, that this Note be evidence of indebtedness of the Borrower secured by the Collateral Portfolio and the Lender, as a[n] [institutional lender] [conduit lender] under the Loan and Servicing Agreement, by the acceptance hereof, agrees to treat the Note for federal, state and local income and franchise tax purposes as indebtedness of the Borrower.

This Note is one of the "Variable Funding Notes" referred to in Section 2.01 of the Loan and Servicing Agreement. This Note shall be construed in accordance with and governed by the laws of the State of New York.
